Ancient Egyptian Roots of Christianity, Expanded 2nd Edition Moustafa Gadalla, 2016-12-02 Egyptian roots of Christianity both historically and spiritually This book reveals the Ancient Egyptian roots of Christianity both historically and spiritually This Expanded Version of the book consists of three parts to coincide with the terms of trinity The first part demonstrates that the major biblical ancestors of the biblical Jesus are all Ancient Egyptian prominent characters The second part demonstrates that the accounts of the historical Jesus are based entirely on the life and death of the Egyptian Pharaoh Twt Tut Ankh Amen The third part demonstrates that the Jesus of Faith and the Christian tenets are all Egyptian in origin such as the essence of the teachings message the creation of the universe and man according to the Book of Genesis as well as the religious holidays The very thing that is now called the Christian religion was already in existence in Ancient Egypt long before the adoption of the New Testament The British Egyptologist Sir E A Wallis Budge wrote in his book *The Gods of the Egyptians* 1969 The new religion Christianity which was preached there by St Mark and his immediate followers in all essentials so closely resembled that which was the outcome of the worship of Osiris Isis and Horus The similarities noted by Budge and everyone who has compared the Egyptian Osiris Isis Horus allegory to the Gospel story are striking Both accounts are practically the same e g the supernatural conception the divine birth the struggles against the enemy in the wilderness and the resurrection from the dead to eternal life The main difference between the two versions is that the Gospel tale is considered historical and the Osiris Isis Horus cycle is an allegory The spiritual message of the Ancient Egyptian Osiris Isis Horus allegory and the Christian revelation is exactly the same The British scholar A N Wilson pointed out in his book *Jesus The Jesus of History and the Christ of Faith* are two separate beings with very different stories It is difficult enough to reconstruct the first and in the attempt we are likely to do irreparable harm to the second This book will demonstrate that the Jesus of History the Jesus of Faith and the tenets of Christianity are all Ancient Egyptian This will be done without causing any irreparable harm as per A N Wilson's concern for two main reasons Firstly the truth must be told Secondly explaining Christian tenets via their original Ancient Egyptian contexts will enhance the idealism of Christianity This Expanded Version of the book consists of three parts to coincide with the terms of trinity the Three that are Two that are One The first part demonstrates that the major biblical ancestors of the biblical Jesus are all Ancient Egyptian prominent individuals The second part demonstrates that the accounts of the historical Jesus are based entirely on the life and death of the Egyptian Pharaoh Twt Tut Ankh Amen The third part demonstrates that the Jesus of Faith and the Christian tenets are all Egyptian in origin such as the essence of the teachings message the creation of the universe and man according to the Book of Genesis as well as the religious holidays There is an undeniable

irony and a profound deep undeniable truth in Hosea's prophetic saying 'Out of Egypt have I called my Son' A deep irony indeed Let us open our minds and review the available evidence For the truth is a composite of different and complementary pieces of a puzzle Let us put the pieces in the right location time and order

WHELLAN, 1857 **The Jewish Pesach and the Origins of the Christian Easter** Clemens Leonhard, 2012-02-14 The study assesses the main issues in the current debate about the early history of Pesach and Easter and provides new insights into the development of these two festivals The author argues that the prescriptions of Exodus 12 provide the celebration of the Pesach in Jerusalem with an etiological background in order to connect the pilgrim festival with the story of the Exodus The thesis that the Christian Easter evolved as a festival against a Jewish form of celebrating Pesach in the second century and that the development of Easter Sunday is dependent upon this custom is endorsed by the author's close study of relevant texts such as the Haggada of Pesach the Poem of the four nights in the Palestinian Targum Tradition the structure of the Easter vigil

The Roots of Theatre Eli Rozik, 2005-04 The topic of the origins of theatre is one of the most controversial in theatre studies with a long history of heated discussions and strongly held positions In *The Roots of Theatre* Eli Rozik enters the debate in a feisty way offering not just another challenge to those who place theatre's origins in ritual and religion but also an alternative theory of roots based on the cultural and psychological conditions that made the advent of theatre possible Rozik grounds his study in a comprehensive review and criticism of each of the leading historical and anthropological theories He believes that the quest for origins is essentially misleading because it does not provide any significant insight for our understanding of theatre Instead he argues that theatre like music or dance is a sui generis kind of human creativity a form of thinking and communication whose roots lie in the spontaneous image making faculty of the human psyche Rozik's broad approach to research lies within the boundaries of structuralism and semiotics but he also utilizes additional disciplines such as psychoanalysis neurology sociology play and game theory science of religion mythology poetics philosophy of language and linguistics In seeking the roots of theatre what he ultimately defines is something substantial about the nature of creative thought a rudimentary system of imagistic thinking and communication that lies in the set of biological primitive and infantile phenomena such as daydreaming imaginative play children's drawing imitation mockery caricature parody storytelling and mythmaking
