Roots Of Nazi Psychology Hitlers Utopian Barbarism

Antje Flüchter, Jivanta Schöttli

Roots Of Nazi Psychology Hitlers Utopian Barbarism:

The Roots of Nazi Psychology Jay Y. Gonen, 2000 Was Hitler a moral aberration or a man of his people This topic has been hotly argued in recent years and now Jay Gonen brings new answers to the debate using a psychohistorical perspective contending that Hitler reflected the psyche of many Germans of his time Like any charismatic leader Hitler was an expert scanner of the Zeitgeist He possessed an uncanny ability to read the masses correctly and guide them with new ideas that were merely reflections of what the people already believed Gonen argues that Hitler's notions grew from the general fabric of German culture in the 19th century

Hitler's Monsters Eric Kurlander, 2017-06-06 A dense and scholarly book about the relationship between the Nazi party and the occult reveals stranger than fiction truths on every page Daily Telegraph The Nazi fascination with the occult is legendary yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty Preposterous though it was however supernatural thinking was inextricable from the Nazi project The regime enlisted astrology and the paranormal paganism Indo Aryan mythology witchcraft miracle weapons and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion In this eye opening history Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward Even as popular occultism and superstition were intermittently rooted out suppressed and outlawed the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power shape propaganda and policy and pursue their dreams of racial utopia and empire Kurlander shows how swiftly irrational ideas can take hold even in an age before social media The Washington Post Deeply researched convincingly authenticated this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish The Spectator A trustworthy book on an extraordinary subject The Times A fascinating look at a little understood aspect of fascism Kirkus Reviews Kurlander provides a careful clear headed and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits National Review

Roots of Hate William Brustein, 2003-10-13 William I Brustein offers the first truly systematic comparative and empirical examination of anti-Semitism within Europe before the Holocaust Brustein proposes that European anti-Semitism flowed from religious racial economic and political roots which became enflamed by economic distress rising Jewish immigration and socialist success To support his arguments Brustein draws upon a careful and extensive examination of the annual volumes of the American Jewish Year Books and more than 40 years of newspaper reportage from Europe's major dailies The findings of this informative book offer a fresh perspective on the roots of society's longest hatred

The Third Reich Sourcebook Anson Rabinbach, Sander L. Gilman, 2013-07-10 No documentation of National Socialism can be undertaken without the explicit recognition that the German Renaissance promised by the Nazis culminated in unprecedented horror World War II and the genocide of European Jewry With The Third Reich Sourcebook editors Anson Rabinbach and Sander L. Gilman present a comprehensive collection of newly translated documents drawn from wide ranging primary sources

documenting both the official and unofficial cultures of National Socialist Germany from its inception to its defeat and collapse in 1945 Framed with introductions and annotations by the editors the documents presented here include official government and party pronouncements texts produced within Nazi structures such as the official Jewish Cultural League as well as documents detailing the impact of the horrors of National Socialism on those who fell prey to the regime especially Jews and the handicapped With thirty chapters on ideology politics law society cultural policy the fine arts high and popular culture science and medicine sexuality education and other topics The Third Reich Sourcebook is the ultimate collection of primary sources on Nazi Germany

A Group Analytic Approach to Understanding Mass Violence Bennett

Roth,2018-10-04 A Group Analytic Approach to Understanding Mass Violence makes an analytic examination of the enactment of genocide by Nazi Germany during World War II to explore how mass and state sponsored violence can arise within societies and how the false beliefs that are used to justify such actions are propagated within society Bennett Roth makes use of Bion's concept of Hallucinosis to describe the formation of false group beliefs that lead to murderous violence Drawing on both group analysis and psychoanalysis Roth explores in relation to genocide how people form and identify with groups the role of family groups how conflict can arise and be managed how violence can arise and be justified by false beliefs how we can best understand these dysfunctional group dynamics to avoid such violence A Group Analytic Approach to Understanding Mass Violence will be of great interest to all psychoanalysts and group analysts seeking to understand the role of false beliefs in their patients and society more generally It will also be of interest to students and scholars of Holocaust studies programs or anyone seeking to understand the perpetration of genocide in the past and present

The Words of Winston Churchill Jonathan Locke Hart,2022-12-14 This book focuses on a close analysis of selected speeches of Winston Churchill in the House of Commons and some of the responses from fellow MPs from 1933 1940 in peace and war during the rise of Hitler and concentrates on foreign affairs The study will appeal to those interested in Churchill freedom tyranny diplomacy war and conflict democracy politics the 1930s the Second World War Britain the English speaking world Canada the United States the British Empire and Commonwealth Europe France Asia Germany totalitarianism Parliament and legislative assemblies rhetoric language style speech writing oral and written communication literature history and other areas The debate between autocracy and the tyrannical totalitarian on the one hand and democracy on the other is the debate of those times and ours The reader will find many parallels some chilling with our own times Churchill and his contemporaries have much to teach us Churchill was key to our world history and is a key to understanding what is at stake in the world now

Tales of Militant Chemistry Alice Lovejoy,2025-08-26 The untold story of film as a chemical cousin to poison gas and nuclear weapons shaped by centuries of violent extraction The history of film calls to mind unforgettable photographs famous directors and the glitz and hustle of the media business But there is another tale to tell that connects film as a material to the twentieth century's history of war destruction and cruelty This story comes into focus during World

War II at the factories of Tennessee Eastman where photographic giant Kodak produced the rudiments of movie magic Not far away at Oak Ridge Kodak was also enriching uranium for the Manhattan Project uranium mined in the Belgian Congo and destined for the bomb that fell on Hiroshima While the world's largest film manufacturer transformed into a formidable military contractor across the ocean its competitor Agfa grew entangled with Nazi Germany's machinery of war After 1945 Kodak's film factories stood at the front lines of a new colder war as their photosensitive products became harbingers of the dangers of nuclear fallout Following scientists soldiers prisoners and spies through Kodak's and Agfa's global empires Alice Lovejoy links the golden age of cinema and photography to colonialism the military industrial complex radioactive dust and toxic waste Revelatory and chilling *Tales of Militant Chemistry* shows how film became a weapon whose chemistry irrevocably shaped the world we live in today *Marxism, Psychology and Social Science Analysis* Julian Roche, 2018-06-14 *Marxism Psychology and Social Science Analysis* applies Marxist theory psychology and the work of Lucien Sève to specific research in the social sciences It shows in practical terms what guidance can be offered for social scientific researchers wanting to incorporate Sève's view of personality into their work Providing case studies drawn from different social sciences that give the book significant breadth of scope Roche reviews the impact of Taking Sève Seriously across the study of international relations theory economics law and moral philosophy The book begins by placing the work of Lucien Sève in context and considers the development of psychology in relation to Marxism before going on to summarise the work of Sève in relation to the psychology of personality It considers the opportunities for refreshed research in social relations based on developments by Sève before examining Marxist biography and the implications of Sève's views The book also includes chapters on the social discount rate on constructivism in international relations on the concept of promising in moral philosophy and the Marxist conception of individual responsibility It addresses not only how research should be carried out differently but whether utilising the theoretical framework of other writers even non Marxists can deliver a similar outcome With its use of five distinct case studies to analyse the work of Lucien Sève this unique book will be of great interest to academics researchers and postgraduate students in the fields of psychology philosophy and social sciences *Heterotopia and Heritage Preservation* Smaranda Spanu, 2019-05-02 This book approaches the field of built heritage and its practices by employing the concept of heterotopia established by the French philosopher Michel Foucault The fundamental understandings of heritage its evolution and practices all reveal intrinsic heterotopic features the mirror function its utopic drive and its enclave like nature The book draws on previous interpretations of heterotopia and argues for a reading of heritage as heterotopia considering various heritage mechanisms heritage selection conservation and protection practices and heritage as mnemonic device in this regard Reworking the six heterotopic principles an analysis grid is designed and applied to various built heritage spaces vernacular religious architecture urban 19th century ensembles Guided through this theoretical itinerary the reader will rediscover the heterotopic lens as a minor yet promising Foucauldian device that allows

for a better understanding of heritage and its everyday practices

The Making of Psychohistory Paul H

Elovitz,2018-04-17 The Making of Psychohistory is the first volume dedicated to the history of psychohistory an amalgam of psychology history and related social sciences Dr Paul Elovitz a participant since the early days of the organized field recounts the origins and development of this interdisciplinary area of study as well as the contributions of influential individuals working within the intersection of historical and psychological thinking and methodologies This is an essential thorough reflection on the rich and varied scholarship within psychohistory s subfields of applied psychoanalysis political psychology and psychobiography

The Routledge International Handbook of Psychoanalysis and Jewish Studies Stephen Frosh,Devorah Baum,2025-04-30 The Routledge International Handbook of Psychoanalysis and Jewish Studies is an innovative multidisciplinary volume covering the history religion culture and politics of Jewish Studies and psychoanalysis An international team of contributors brings together these two fields and offers a critical assessment of the encounters that emerge from the confrontation and collaboration they have with each other Chapters cover a broad range of topics including psychoanalytic history critical theory film ritual Jewish heritage the Bible antisemitism racism life writing and the occult This Handbook will be of interest to practitioners and researchers in several interrelated disciplines such as Jewish Studies psychoanalysis group analysis sociology anthropology psychosocial studies literature film and gender studies It will be of especial value to students of psychoanalytic and psychosocial studies

The Dynamics of Transculturality Antje

Flüchter,Jivanta Schöttli,2014-11-04 The purpose of this volume is to identify and analyze the mechanisms and processes through which concepts and institutions of transcultural phenomena gain and are given momentum Applied to a range of cases including examples drawn from ancient Greece and modern India the early modern Portuguese presence in China and politics of elite mass dynamics in the People s Republic of China the book provides a template for the study of transcultural dynamics over time Besides the epochal range the papers in this volume illustrate the thematic diversity assembled under the umbrella of the Heidelberg Cluster of Excellence Asia and Europe in a Global Context Drawing from both the humanities and social sciences stretching across several world areas and centuries the book is an interdisciplinary work aptly reflected in the collaboration of its editors a historian and political scientist

The Geography of War and Peace : From Death Camps to Diplomats Colin Flint Professor of Geography Pennsylvania State University,2004-09-24 How and why war and peace occur cannot be understood without realizing that those who make war and peace must negotiate a complex world political map of sovereign spaces borders networks and scales This book takes advantage of a diversity of perspectives as it analyzes the political processes of war and their spatial expression Topics include terrorism nationalism religion drug wars water conflicts diplomacy peace movements and post war reconstruction

Understanding Willing Participants, Volume 1 Nestar

Russell,2018-09-17 Horrified by the Holocaust social psychologist Stanley Milgram wondered if he could recreate the Holocaust in the laboratory setting Unabated for more than half a century his in famous results have continued to intrigue

scholars Based on unpublished archival data from Milgram's personal collection volume one of this two volume set introduces readers to a behind the scenes account showing how during Milgram's unpublished pilot studies he step by step invented his official experimental procedure how he gradually learnt to transform most ordinary people into willing inflictors of harm Volume two then illustrates how certain innovators within the Nazi regime used the very same Milgram like learning techniques that with increasing effectiveness gradually enabled them to also transform most ordinary people into increasingly capable executioners of other men women and children Volume two effectively attempts to capture how step by step these Nazi innovators attempted to transform the Führer's wish of a Jewish free Europe into a frightening reality By the books end the reader will gain an insight into how the seemingly undoable can become increasingly doable **Torture, Psychoanalysis and Human Rights** Monica Luci, 2017-04-28 Torture Psychoanalysis and Human Rights contributes to the development of that field of study called psycho social that is presently more and more committed to providing understanding of social phenomena making use of the explicative perspective of psychoanalysis The book seeks to develop a concise and integrated framework of understanding of torture as a socio political phenomenon based on psychoanalytic thinking through which different dimensions of the subject of study become more comprehensible Monica Luci argues that torture performs a covert emotional function in society In order to identify what this function might be a profile of torturous societies and the main psychological dynamics of social actors involved torturers victims and bystanders are drawn from literature Accordingly a wide ranging description of the phenomenology of torture is provided detecting an inclusive and recurring pattern of key elements Relying on psychoanalytic concepts derived from different theoretical traditions including British object relations theories American relational psychoanalysis and analytical psychology the study provides an advanced line of conceptual research shaping a model whose aim is to grasp the deep meaning of key intrapsychic interpersonal and group dynamics involved in torture Once a sufficiently coherent understanding has been reached Luci proposes using it as a groundwork tool in the human rights field to re think the best strategies of prevention and recovery from post torture psychological and social suffering The book initiates a dialogue between psychoanalysis and human rights showing that the proposed psychoanalytic understanding is a viable conceptualisation for expanding thinking of crucial issues regarding torture which might be relevant to human rights and legal doctrine such as the responsibility of perpetrators the reparation of victims and the question of truth Torture Psychoanalysis and Human Rights is the first book to build a psychoanalytic theory of torture from which psychological social and legal reflections as well as practical aspects of treatment can be mutually derived and understood It will appeal to psychoanalysts psychoanalytic psychotherapists and Jungians as well as scholars of politics social work and justice and human rights and postgraduate students studying across these fields Feminist Praxis against U.S. Militarism Wonhee Anne Joh, Nami Kim, 2019-12-04 Feminist Praxis against U S Militarism provides critical feminist and womanist analyses of U S militarism that challenge the ongoing U S neoliberal military industrial complex and its multivalent

violence that destroys people's lives especially women and other vulnerable populations It highlights the intentional critique of U S militarism from feminist womanist perspectives that seek to show the ways in which gender race ethnicity sexuality and violence intersect to threaten women's lives especially women of color's lives and the broader environment upon which women's lives are dependent Most of all this volume challenges the readers to understand the U S as the warfare counterterrorism carceral state and its devastating effects on the everyday lives of women especially women of color locally nationally and globally This volume also helps readers understand the racialized gendered impacts of U S militarism in conjunction with the ongoing global economies of dispossession and militarized violence across the borders of nation states Interrogating U S military interventions in other countries can show how the U S War on Terror directly affects U S domestic affairs and daily lives in the United States

A New Nationalist Europe Under Hitler Johannes Dalfinger, Dieter Pohl, 2018-08-06 Nazis fascists and völkisch conservatives in different European countries not only cooperated internationally in the fields of culture science economy and persecution of Jews but also developed ideas for a racist and ethno nationalist Europe under Hitler The present volume attempts to combine an analysis of Nazi Germany's transnational relations with an evaluation of the discourse that accompanied these relations

Yahweh Versus Yahweh Jay Y. Gonen, 2005 Yahweh versus Yahweh is a vivid description of how the founding myths of Judaism have conditioned Jewish expectations from history Jay L Gonen unveils the collective psychology that underlies Jewish psychohistory The enigmatic God of Gonen's study brings to the Jewish people periods of construction and bounty but also periods of destruction and hopelessness This duality according to the Gonen runs throughout Jewish lore literature morality the Kabbala and Hassidism It serves as the unifying factor in Jewish history as it informed and influenced the establishment of the State of Israel the history and future of Zionism the debate over the Holocaust the belief in the coming of the Messiah and the current conflict in the Middle East Gonen is at his best when portraying the intricate and highly dialectical interactions within the Jewish psyche among the themes of Messianism Zionism and the Holocaust His penetrating analysis of how shared group fantasies molded Jewish responses to ongoing events is a must read for all persons who are interested in the intersection of religion politics and psychology in history

The Politics of Terror William J. Crotty, 2016-02-01 In the wake of the September 11 attacks Americans were confronted with a new kind of war and a new kind of danger After the strikes institutions were created to mobilize the domestic response to potential terrorist threats and Congress passed legislation giving the president broad powers to fight terrorism and to provide heightened security for the nation In this timely work a team of experts addresses the question of how a democracy faces the challenge of balancing legitimate homeland security concerns against the rights and freedoms of its citizens They evaluate the measures introduced in the aftermath of 9/11 and assess the far reaching consequences of those changes for American politics and society

Are Racists Crazy? Sander L. Gilman, James Thomas, 2018-09-04 The connection and science behind race racism and mental illness In 2012 an interdisciplinary team of scientists at the University

of Oxford reported that based on their clinical experiment the beta blocker drug Propranolol could reduce implicit racial bias among its users Shortly after the experiment an article in Time Magazine cited the study posing the question Is racism becoming a mental illness In Are Racists Crazy Sander Gilman and James Thomas trace the idea of race and racism as psychopathological categories from mid 19th century Europe to contemporary America up to the aforementioned clinical experiment at the University of Oxford and ask a slightly different question than that posed by Time How did racism become a mental illness Using historical archival and content analysis the authors provide a rich account of how the 19th century Sciences of Man including anthropology medicine and biology used race as a means of defining psychopathology and how assertions about race and madness became embedded within disciplines that deal with mental health and illness An illuminating and riveting history of the discourse on racism antisemitism and psychopathology Are Racists Crazy connects past and present claims about race and racism showing the dangerous implications of this specious line of thought for today

Eventually, you will extremely discover a other experience and ability by spending more cash. still when? reach you take on that you require to get those all needs taking into account having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to understand even more regarding the globe, experience, some places, subsequent to history, amusement, and a lot more?
