Westerns Victoria Lamont, 2016-08 At every turn in the development of what we now know as the western women writers have been instrumental in its formation Yet the myth that the western is male authored persists *Westerns* A Women s History debunks this myth once and for all by recovering the women writers of popular westerns who were active during the late nineteenth and early twentieth centuries when the western genre as we now know it emerged Victoria Lamont offers detailed studies of some of the many women who helped shape the western Their novels bear the classic hallmarks of the western cowboys schoolmarm s gun violence lynchings cattle branding while also placing female characters at the center of their western adventures and improvising with western conventions in surprising and ingenious ways In *Emma Ghent* Curtis s The Administratrix a widow disguises herself as a cowboy and infiltrates the cowboy gang responsible for lynching her husband Muriel Newhall s pulp serial character Sheriff Minnie comes to the rescue of a steady stream of defenseless female victims B M Bower Katharine Newlin Burt and Frances McElrath use cattle branding as a metaphor for their feminist critiques of patriarchy In addition to recovering the work of these and other women authors of popular westerns Lamont uses original archival analysis of the western fiction publishing scene to overturn the long standing myth of the western as a male dominated genre

The Waters Between Joseph Bruchac, 1998 The time is ten thousand years ago and the place is the shores of Lake Champlain a land inhabited by Abenaki communities who hunt gather and follow the cycles of their unspoiled natural world in relative harmony Joseph Bruchac a nationally renowned storyteller and writer of Native American tales uses this setting not just to spin a compelling adventure yarn but also to re create with grace fullness and clarity the cultural social and spiritual systems of these pre contact Native Americans In this third novel of his trilogy about the people of the dawnland the lake they call Petonbowk the waters between Vermont s Green Mountains and New York s Adirondacks holds both sustenance and danger and Young Hunter the young broad shouldered man whose heart

was good for all the people is called upon to confront a dual menace A deepseer or shaman he must use his full powers first to comprehend the threats and then to defeat them The lake it seems holds a huge water snake monster that makes it impossible to reap the waters bountiful harvest of fish and game And worse a tortured outcast Watches Darkness has turned against his tribe and is using his deepseer s knowledge to perpetrate horrible acts of senseless evil he destroys whole villages out of sheer malevolence he literally eats his victims hearts to absorb their powers he kills his own grandmother without remorse As the tension between hunter and hunted mounts Bruchac seamlessly weaves stories within the story the lore that connects the people to each other and to their heritage so that the novel becomes not just an archetypal battle of good versus evil but a vivid depiction of traditional New England Indian culture in pre Columbian times Richly atmospheric resonant with Native American spirituality melodious with the rhythms of the Abenaki language The Waters Between paints both an epic quest and a colorful portrait of the lives of people living as human beings were told to live by the Talker Never perfect often failing but always growing always part of something larger than themselves their varied heartbeats meshing together to make the one great healthy heartbeat which was the Only People
