Salvadors Children A Song For Survival:

Somebody's Children Laura Briggs, 2012-03-07 A feminist historian and an adoptive parent Laura Briggs gives an account of transracial and transnational adoption from the point of view of the mothers and communities that lose their children
Aftermaths Marcus Paul Bullock, Peter Yoonsuk Paik, 2009 *Aftermaths* is a collection of essays offering compelling new ideas on exile migration and diaspora that have emerged in the global age In seeking fresh perspectives on the movement of people and ideas the essays included here look to the power of the aesthetic experience especially in literature and film to unsettle existing theoretical paradigms and enable the rethinking of conventionalized approaches

Missing Mila, Finding Family Margaret E. Ward, 2011-11-01 In the spring of 1983 a North American couple who were hoping to adopt a child internationally received word that if they acted quickly they could become the parents of a boy in an orphanage in Honduras Layers of red tape dissolved as the American Embassy there smoothed the way for the adoption Within a few weeks Margaret Ward and Thomas de Witt were the parents of a toddler they named Nelson an adorable boy whose prior life seemed as mysterious as the fact that government officials in two countries had inexplicably expedited his adoption In *Missing Mila Finding Family* Margaret Ward tells the poignant and compelling story of this international adoption and the astonishing revelations that emerged when Nelson's birth family finally relocated him in 1997 After recounting their early years together during which she and Tom welcomed the birth of a second son Derek and created a family with both boys Ward vividly recalls the upheaval that occurred when members of Nelson's birth family contacted them and sought a reunion with the boy they knew as Roberto She describes how their sense of family expanded to include Nelson's Central American relatives who helped her piece together the lives of her son's birth parents and their clandestine activities as guerrillas in El Salvador's civil war In particular Ward develops an internal dialogue with Nelson's deceased mother Mila an elusive figure whose life and motivations she tries to understand
A Latino Heritage, Series V Isabel Schon, 1995 An aid for librarians and teachers interested in exposing students in kindergarten through high school with an understanding and appreciation of the people history and art and political social and economic problems of Central and South American countries and Latino heritage people in the United States
Salvador's Children Lea Marenn, 1993 *Salvador's Children* tells the extraordinary story of a North American woman who adopts an eight year old orphaned girl from El Salvador in 1984 and by this action becomes a witness to the impact of the Salvadoran civil war on one child her child From the moment the narrator meets Maria in a Salvadoran orphanage she is compelled by her terrified silences silences that seem to reflect on a private level the gaps and absences in the official writing of the decade's larger history Through documentary research through imagined conversations with the child's birth mother and most poignantly through Maria's own stories as she begins to speak the narrator attempts to reconstruct the reality and meaning of the child's young life What emerges is a portrait of the everyday life of a young girl growing up in an extended family of landless Salvadoran

peasants The reader and the narrator come to know Maria s memories of sleeping in a hammock the birth of a sibling carrying her father s lunch to the sugarcane fields and also the terror and violence that tore apart the child s life and the lives of more than one million children in El Salvador during the 1980s The narrator and her adopted daughter move from a five day initial encounter in San Salvador from orphanages through barrios doctors offices the American Embassy and a luxury hotel to the insularity of middle class life in a North American city a cross cultural journey that intersects the polarities of North South brown white present and past life and death Combining lyrical narrative documentary material and poetry Salvador s Children explores cross cultural relationships identity and responsibility Both intensely personal and political this powerful account will move anyone who cares about the rights and survival of today s children Rethinking American Grand Strategy Elizabeth Borgwardt, Christopher McKnight Nichols, Andrew Preston, 2021-03-01 A comprehensive rethinking about the nature of American grand strategy in the past present and future Taking Children Laura Briggs, 2020-06-16 You have to take the children away Donald Trump Taking Children argues that for four hundred years the United States has taken children for political ends Black children Native children Latinx children and the children of the poor have all been seized from their kin and caregivers As Laura Briggs s sweeping narrative shows the practice played out on the auction block in the boarding schools designed to pacify the Native American population in the foster care system used to put down the Black freedom movement in the US s anti Communist coups in Central America and in the moral panic about crack babies In chilling detail we see how Central Americans were made into a population that could be stripped of their children and how every US administration beginning with Reagan has put children of immigrants and refugees in detention camps Yet these tactics of terror have encountered opposition from every generation and Briggs challenges us to stand and resist in this powerful corrective to American history **Women, Guerrillas, and Love**, 1996 The 14 chapters posit a regendering of revolutionary poetics which is accomplished by reworking concepts such as new man woman and subaltern The predictability of Rodr iguez s arguments and dated historical referents do not detract from solid analyses like those in chapter eight regarding Mario Roberto Morales El esplendor de la pir amide and those in the next chapter on Oreamuno s La ruta de su evasi on The author focuses on her strength narratives from Cuba and her native Nicaragua Handbook of Latin American Studies v 58 Babies without Borders Karen Dubinsky, 2010-06-01 While international adoptions have risen in the public eye and recent scholarship has covered transnational adoption from Asia to the U S adoptions between North America and Latin America have been overshadowed and in some cases forgotten In this nuanced study of adoption Karen Dubinsky expands the historical record while she considers the political symbolism of children caught up in adoption and migration controversies in Canada the United States Cuba and Guatemala Babies without Borders tells the interrelated stories of Cuban children caught in Operation Peter Pan adopted Black and Native American children who became icons in the Sixties and Guatemalan children whose disappearance today in transnational adoption networks echoes their fate during the country

s brutal civil war Drawing from archival research as well as from her critical observations as an adoptive parent Dubinsky moves debates around transnational adoption beyond the current dichotomy the good of humanitarian rescue against the evil of imperialist kidnap Integrating the personal with the scholarly *Babies without Borders* exposes what happens when children bear the weight of adult political conflicts *Latin America 2024-2025* William H.
