*Fixed-Term Parliaments Bill* Great Britain: Parliament: House of Lords: Select Committee on the Constitution,2010-12-16 This report considers the Fixed term Parliaments Bill which would remove the Prime Minister s power to call an election at the time of his choosing and sets a five year fixed term subject to the possibility of early dissolution following a vote by the House of Commons It examines the key issues of the Bill s principals as well as the process by which it was brought forward The Committee takes the view that the origins and content of the Bill owe more to short term considerations than to a mature assessment of enduring constitutional principles or sustained public demand In the view of the majority of the Committee the shift from a five year maximum to five year norm would inconsistent with the Government s stated aim of making the legislature more accountable with existing constitutional practice and with the practice of the devolved institutions and the clear majority in international legislatures However the Committee does accept that an elected government should have a full term in which to develop their policies and take their legislative programme through Parliament It considers a four year term should be adopted for any fixed term arrangement at Westminster Potential date clashes with elections to the devolved institutions should also be avoided Some form of safety valve which would allow for an early election in circumstances such as the government losing the confidence of the Commons or where a political or economic crisis has affected the country is also necessary The report also makes several specific recommendations for amendments for the Bill **The House of lords, 1874-1891. God Speaks Your Language Donald L. Brake,2022-09-19 *God Speaks Your Language* is a presentation of the theories and issues facing modern Bible readers It encourages readers to let God s word speak for itself English words must be accurate in their literary narrative in the beauty of poetic verse and in mysterious figurative language all to capture the rich meaning

of his revealed word Our first language is the window into our soul To know God to share our deepest feelings with our Creator we will do it in our mother tongue It is the Bible in our language that will truly massage our minds and allow the words of the Infinite to penetrate our inner self The need for study Bibles enables the reader to apply translation into added explanation Proper analysis of Bible versions will help avoid selecting a version one likes because it fits one s lifestyle or church tradition The Lord's Day. A Sermon, Etc Clement BAILHACHE,1867 **Zuo Tradition / Zuozhuan** ,2016-11-14 Zuo Tradition Zuozhuan sometimes called The Zuo Commentary is China s first great work of history It consists of two interwoven texts the Spring and Autumn Annals Chunqiu a terse annalistic record and a vast web of narratives and speeches that add context and interpretation to the Annals Completed by about 300 BCE it is the longest and one of the most difficult texts surviving from pre imperial times It has been as important to the foundation and preservation of Chinese culture as the historical books of the Hebrew Bible have been to the Jewish and Christian traditions It has shaped notions of history justice and the significance of human action in the Chinese tradition perhaps more so than any comparable work of Latin or Greek historiography has done to Western civilization This translation accompanied by the original text an introduction and annotations will finally make Zuozhuan accessible to all The House of Sundown Sfogle,2003-03 **Church Song, for the Uses of the House of God** Melancthon Woolsey Stryker,1890
