Perspectives on Contemporary Literature David Hershberg, 2014-07-15 In all parts of the world and in every age
many of the greatest works of literature have been shaped or inspired by the swirl of historical events The wars holocausts
and mushroom clouds of our own era haunt the pages of many twentieth century writers events of the past even the remote
past also inspire many authors though their work is contemporary in every way And if we agree with the poet Czeslaw Milosz
that historicity may reveal itself in a detail of architecture in the shaping of a landscape we come to recognize that our
understanding of a given poem or novel can often be deepened by a reading from this point of view The essayists in
Literature and the Historical Process explore the ways in which history and literature are intertwined in the works of a
number of twentieth century writers These probing critical readings from the historical point of view not only enlighten us

about the works under consideration but especially when taken together enrich our understanding of the literary impulse itself In Nature History and Art in Elizabeth Bishop s Brazil January 1 1502 for example Barbara Page shows how Bishop used and rearranged knowledge derived from her study of Brazil s history Page s somewhat feminist reading may surprise those who find Bishop s poetic persona hard to identify Among the other authors considered are Jorge Luis Borges Michel de Ghelderode Elizabeth Bowen Rose Macauley Anthony Burgess Hugo von Hofmannsthal Cesare Pavese and Czeslaw Milosz

Decolonizing Modernism Jose Luis Venegas, 2017-07-05 James Joyce s Ulysses 1922 has been recognized as a central model for the Spanish American New Narrative Joyce s linguistic and technical influence became the unequivocal sign that literature in Spanish America had definitively abandoned narrow regionalist concerns and entered a global literary canon In this bold and wide ranging study Jose Luis Venegas rethinks this evolutionary conception of literary history by focusing on the connection between cultural specificity and literary innovation He argues that the intertextual dialogue between James Joyce and prominent authors such as Argentines Jorge Luis Borges and Julio Cortazar Cuban Guillermo Cabrera Infante and Mexican Fernando del Paso reveals the anti colonial value of modernist form Venegas explores the historical similarities between Joyce s Ireland during the 1920s and Spanish America between the 1940s and 70s to challenge depoliticized interpretations of modernist aesthetics and propose unsuspected connections between formal experimentation and the cultural transformations demanded by decolonizing societies Jose Luis Venegas is Visiting Assistant Professor of Spanish at the University of North Carolina at Greensboro

Entiendes? Emilie L. Bergmann, 1995 Entiendes is literally translated as Do you understand Do you get it But those who do get it will also hear within this question a subtler meaning Are you queer Are you one of us The issues of gay and lesbian identity represented by this question are explored for the first time in the context of Spanish and Hispanic literature in this groundbreaking anthology Combining intimate knowledge of Spanish speaking cultures with contemporary queer theory these essays address texts that share both a common language and a concern with lesbian gay and bisexual identities Using a variety of approaches the contributors tease the homoerotic messages out of a wide range of works from chronicles of colonization in the Caribbean to recent Puerto Rican writing from the work of Cervantes to that of the most outrageous contemporary Latina performance artists This volume offers a methodology for examining work by authors and artists whose sexuality is not so much open as an open secret respecting for example the biographical privacy of writers like Gabriela Mistral while responding to the voices that speak in their writing Contributing to an archeology of queer discourses Entiendes also includes important studies of terminology and encoded homosexuality in Argentine literature and Caribbean journalism of the late nineteenth century Whether considering homosexual panic in the stories of Borges performances by Latino AIDS activists in Los Angeles queer lives in turn of the century Havana and Buenos Aires or the mapping of homosexual geographies of 1930s New York in Lorca s Ode to Walt

Whitman Entiendes is certain to stir interest at the crossroads of sexual and national identities while proving to be an invaluable resource *Barbarian: Explorations of a Western Concept in Theory, Literature, and the Arts* Markus Winkler, Maria Boletsi, 2023-07-31 This two volume co authored study explores the history of the concept of barbarism from the eighteenth century to the present and highlights its foundational role in modern European and Western identity It constitutes an original comparative and interdisciplinary exploration of the concept s modern European and Western history and combines overviews with detailed analyses of representative works of literature art film philosophy and political and cultural theory Volume 2 broaches figurations of barbarism and mobilizations of the barbarian across diverse contexts media and fields from the early twentieth century to our present from avant garde manifestoes to contemporary multilingual literature and adaptations of the Medea myth from anti colonial to eco socialist texts from political philosophy and ethno anthropology to contemporary pop culture from Russian poetry to Western political rhetoric from Europe to Latin America from cinema to art biennials and from neo Marxists to the Alt Right *Between Argentines And Arabs* Christina Civantos, 2006-01-01 Examines the presence of Arabs and the Arab world in nineteenth and twentieth century Argentine literature by juxtaposing works by Argentines of European descent and those written by Arab immigrants in Argentina

Pólvora, sangre y sexo Assen Kokalov, 2014-03-01 The book examines the links between literature and film in Latin America by using queer theory and a series of recent cultural productions whose arguments destabilize traditional gender roles and heteronormative masculinity For many years the connections between a literary text and its film adaptation have been considered only from the point of view of the latter s fidelity to the written work which many scholars imagined to be the original that filmmakers needed to respect Within the last two decades however the idea of adaptation fidelity has been challenged by a number of critics who refute the existence of an original text and promote the notion of an ambiguous and complex relationship between a literary work and its film adaptation Based on such developments and with the help of queer theory this book questions and revises several crucial theoretical approximations that analyze the relations between the two art forms in an attempt to overcome the limitations of fidelity discourse This is the first book length study that seeks to examine with the appropriate detail the connections between film and literature in Latin America through the lenses of queer theory and by focusing on the representations of numerous practices that do not fit within the general framework of heteronormative sexuality *The Poetry of Antonio Machado* Xon de Ros, 2015 This book offers a much needed reappraisal of a major twentieth century Spanish poet Antonio Machado 1875 1939 offering compelling arguments why his poetry should have a more vital profile not only within the precincts of Hispanism but also alongside the most significant twentieth century poets of Europe and America seeking to open up new perspectives for the interpretation of his poetry The unifying concepts as the title suggests are landscape and transformation Landscape a topic barely broached in Spanish poetry before Machado is a central thematic concern in his poetry *A Companion to Virginia Woolf* Jessica Berman, 2016-03-21 A Companion to

Virginia Woolf is a thorough examination of her life work and multiple contexts in 33 essays written by leading scholars in the field Contains insightful and provocative new scholarship and sketches out new directions for future research Approaches Woolf s writing from a variety of perspectives and disciplines including modernism post colonialism queer theory animal studies digital humanities and the law Explores the multiple trajectories Woolf s work travels around the world from the Bloomsbury Group and the Hogarth Press to India and Latin America Situates Woolf studies at the vanguard of contemporary literature scholarship and the new modernist studies

Los pasos del

escorpión y otros ensayos Julio César Londoño,2017-04-01 Cuando me preguntan por qu escribo ensayos nunca s qu decir El primer impulso es contestar la verdad porque s porque me gusta pero entiendo que la gente espera otro tipo de respuesta

esperan con razón que un escritor sepa dar cuenta al menos de los asuntos relacionados con su profesión. Por esto he aprendido a ensayar respuestas. A veces digo y de verdad lo creo que hago ensayos para pensar con cierto orden en algunos temas. Otras veces digo que los hago porque no sé hacer aforismos, es decir ensayos breves y envidio a esos sujetos que son capaces de poner en una sola línea la introducción, el desarrollo y la conclusión de un asunto complejo y les sobra espacio para añadir humor, más ironía. Son sujetos como Millor Fernandes. El inventor del alfabeto era analfabeto. Leemos esta revelación y apenas podemos creer que no se nos haya ocurrido antes. O como François Jacob, un señor capaz de demostrar que el blanco es un matiz del negro. El brujo y el científico se parecen: ambos tratan de explicar fenómenos visibles por medio de fuerzas invisibles.

The Fictional World of Javier Marías Marta Pérez-Carbonell, 2016-06-21. The Fictional World of Javier Marías offers a fresh perspective on the narrative universe of one of Spain's most distinguished contemporary authors. In order to establish the origin and meaning of uncertainty in his fiction, this book presents interpretations of a range of issues inherent to Marías's canon, in particular those related to the nature of language. With the relationship between language and uncertainty at its heart, this study considers the use of foreign languages, translation and the effect of silence through an analysis of *Todas las almas* (1989), *Corazón tan blanco* (1992), *Mañana en la batalla piensa en mí* (1994) and *Tu rostro mañana* (2002, 2007).
