clinical guidelines Fully updated and extensively expanded to include recent guidelines and procedures **Medical Assessment Units** John B. Taylor,Michelle Rhodes,2006-02-22 Increasing demands on acute hospital resources together with a reduction in the number of available beds has placed a greater emphasis on the need for rapid and effective assessment of patients in order to determine their need for hospital admission This has led to the widespread emergence of the specialist Medical Assessment Unit MAU This timely book provides an up to date guide to the assessment and immediate management of patients with acute medical conditions It presents a structured approach based on common presenting features and focuses on the first twenty four hours of the patient s stay in hospital In writing this book the editors have been able to draw on their own clinical experiences as a charge nurse in Accident and Emergency nursing and a sister in acute cardiology and respectively *Learning Disabilities* Helen Atherton,Debbie Crickmore,2011-05-19 *Learning Disabilities Toward Inclusion* formerly edited by Bob Gates is one of the leading textbooks in this field It offers real ways to improve quality of experience for people with learning disabilities in all areas of life This new edition brings together a comprehensive and coherent collection of material from eminent authors with a wealth of professional backgrounds and roles Its contemporary focus reflects practice developments including the impact of changing policy and legislation on the nature and configuration of services The leading textbook for carers of people with learning disabilities A comprehensive overview of the field of learning disabilities care Well written accessible content Activities case studies diagrams and further resources including useful web links the embedding of key themes across chapters to draw diverse material into an integrated whole These are person centredness values the reality of practice the range of ability the range of services and national and international perspectives chapters on advocacy personal narratives and life story inclusive research risk safeguarding sensory awareness epilepsy and end of life care online case studies and activities with critical thinking questions and hot links to web resources to extend knowledge and understanding thereby facilitating learning a fully searchable customisable electronic version of the text to enable easy access and quick reference **Stepping Into Palliative Care 1** Jo Cooper,2006 Aimed at those working in community care including doctors nurses nursing students and social workers this book covers the value of teamwork stress issues in palliative care communication ethical dilemmas transcultural and ethnic issues at the end of life and sexuality in palliative care *Dealing with Death* Michael Green,Jennifer Green,2006-05-25 *Dealing with Death* is a comprehensive and authoritative source of information for professionals on the procedures laws and cultural customs that should be observed when someone dies This completely updated and expanded second edition takes into account changes in UK law and the impact of the Harold Shipman and Alder Hey enquiries *Death and Dying* John F. Szabo,2009-11-02 While it can be traced to the 1700s the term thanatology has gained traction in recent decades to refer to the study of death Because of the breadth of the published material and the challenges of discovery in large bibliographic databases and catalogs finding and identifying monographic material on death dying grief and bereavement can be extremely

challenging Although there have been several bibliographical resources published on thanatology those titles were incomplete limited in scope or leaned heavily toward one area of the field In *Death and Dying An Annotated Bibliography of the Thanatological Literature* John F Szabo provides more than 2 200 citations of monographs on the science and study of death and dying Among the areas this volume addresses are the psychological philosophical and attitudinal aspects coping and dealing with the burdens of caregiving and working in the helping professions instructional and educational topics for practitioners primarily health care providers cultural differences in bereavement rituals and grief mourning and loss In addition notable titles on or relating to death and dying in popular culture death themes in literature methods of death or specific ethical policy or public issues are also included when they contribute important information to subject areas on which the book focuses This book will be helpful to students researchers academics caregivers health care professionals psychologists social workers and anyone with an interest in death dying bereavement or the care of the terminally ill

Grief, Mourning, and Death Ritual Jennifer Lorna Hockey, Jeanne Katz, Neil Small, 2001 It does this by combining substantial reviews with shorter illustrative examples of grief mourning and death ritual as they are manifest in specific settings and with defined groups These illustrative examples include personal and institutional responses to death at different points in the life cycle and responses to different sorts of death the death of children and death in disasters for example

Working with People with Learning Disabilities David Thomas, Honor Woods, 2003 The authors bring together the relevant theory for social workers nurses teachers and others working with people with learning disabilities Using jargon free explanations and case examples they present the information needed to inform good practice
