Lost Goddesses Of Early Greece A Collection Of Pre Hellenic Mythology:

Lost Goddesses of Early Greece Charlene Spretnak, 1992 For thousands of years before the classical myths were recorded by Hesiod and Homer the Goddess was the focus of religion and culture In Lost Goddesses of Early Greece Charlene Spretnak recreates the original goddess centered myths and illuminates the contemporary emergence of a spirituality based on our embeddedness in nature

Lost Goddesses of Early Greece Charlene Spretnak, 1978

Encountering the Dark Goddess Frances Billinghamurst, 2021-03-26 The Dark Goddess is often associated with the Underworld where she leads the uninitiated through a transformative journey of self discovery change and soul renewal She is connected with the unwanted the forgotten the ignored or even ashamed parts of our psyche However there is more to her than that Encountering the Dark Goddess A Journey into the Shadow Realms guides you through what this challenging facet of the Divine Feminine the Dark Goddess is truly about and encourages you to step through the veils into her hidden realm to explore 13 aspects of herself Whether you seek healing from past trauma release from fears or acceptance of the unacceptable aspects of your self Encountering the Dark Goddess A Journey into the Shadow Realms offers ways for you to transform and heal your life through the power of meditation ritual and inner journeying with the Dark Goddess into her shadowy realms Use the 13 goddess myths as a guide to discover how to remove the stagnant and unwanted and embrace the ever changing aspects of life that can drag us into the pits of despair When we connect to the Dark Goddess we are able to find the light within the darkness and our lives are enriched through the integration of all aspects of our soul as a perfect whole

Conway, 2018-10-08 If a black cat crosses your path you will have good luck England If a black cat crosses your path you will have bad luck America The Magick of Claw and Whisker Very few animals have evoked such extremes in emotions from admiration to fear as the feline family Cats

are mysterious mystical creatures who can do anything from predicting earthquakes and volcanic eruptions to reacting to haunted buildings and following the movement of things you can't see. We are fascinated by cats and their behavior, their regal bearing and their intelligence, yet we are unnerved by their inscrutable stare and savage natural instincts. In *The Mysterious Magickal Cat* you will discover The origins of cats big and small Little known details about cat anatomy and behavior How to read a cat's verbal and non verbal communication The cat in ancient history and superstition Feline deities from around the world Sacred breeds and temple lore Felines in folklore literature and art Cat spells for healing animals or humans finding a true love attracting prosperity seeking protection building courage and more Gain a complete look at this beguiling creature from what it means when a cat flicks its tail to how you can use discarded whiskers for magickal spells Explore the lore of cats big and small and discover how other cultures have honored cats throughout the ages

Black Madonnas Lucia Chiavola Birnbaum, 2000 In the 1993 edition I considered black madonnas a metaphor for a memory of the time when the earth was believed to be the body of woman and all creatures were equal a memory transmitted in vernacular traditions of earth bounded cultures historically expressed in cultural and political resistance and glimpsed today in movements aiming for transformation Since then my understanding of black madonnas has been deepened by genetics finding that the origin of modern humans is Africa that migrations from Africa carried a primordial belief in a divine woman divinity to all continents Black madonnas and other dark women of the world suggest a metaphor for healing millennial divisions of gender and race and concerted movements for justice

Practicing Philosophy Lydia Amir, Aleksandar Fatić, 2015-11-25 This volume presents the state of the art of philosophical practice worldwide from the perspectives of leading philosophical practitioners both counselors and institutional consultants Philosophical practice has developed in different directions in different parts of the world with the focus in Europe and North America being mostly on client counseling and corporate consultancy while in Asia it is more community based and more closely aligned with psychotherapy In all cases philosophical practitioners strive

to transcend the boundaries of academic philosophy and reach out to the public to corporations to the policy makers to the medical legal and many other professions The chapters of this book illustrate both the breadth of philosophical practice and its various methodological directions while at the same time showing how philosophy can be relevant to everyday life not just for individuals but for the economy the government international organizations the helping and therapeutic professions and the educational system The volume is primarily a companion for students of applied philosophy on all levels as well as for modern psychotherapists educational professionals and academics It is designed to support a variety of undergraduate and postgraduate courses in philosophy and applied psychology ranging from ancient ethics to philosophical practice sui generis or to the philosophy of psychology

Water Beings Veronica Strang, 2023-04-19 Looking to the vast human history of water worship a crucial study of our broken relationship with all things aquatic and how we might mend it Early human relationships with water were expressed through beliefs in serpentine aquatic deities rainbow colored feathered or horned serpents giant anacondas and dragons Representing the powers of water these beings were bringers of life and sustenance world creators ancestors guardian spirits and lawmakers Worshipped and appeased they embodied people's respect for water and its vital role in sustaining all living things Yet today though we still recognize that water is life fresh and saltwater ecosystems have been critically compromised by human activities This major study of water beings and what has happened to them in different cultural and historical contexts demonstrates how and why some but not all societies have moved from worshipping water to wreaking havoc upon it and asks what we can do to turn the tide

Steiner and Kindred Spirits Robert McDermott, 2015-08-01 Rudolf Steiner 1861 1925 the Austrian founder of Anthroposophy is frequently viewed by those familiar with his teaching as unique and separate from other spiritual teachers of our modern era While Steiner is thought by anthroposophists to be a scientist and a philosopher as well as an interpreter of events depicted in Christian scriptures he is nevertheless generally ignored by scientists and philosophers as well as by both liberal and fundamentalist scriptural scholars and theologians In this book Robert McDermott the editor of American Philosophy and Rudolf Steiner which investigates Steiner's philosophy in the context of American philosophers places Steiner and his work in the context of a variety of spiritual teachers and teachings both Western and Eastern In doing so the reader is guided to new perspectives that show the similarities and contrasts between Steiner's Spiritual Science and a number of Christian Hindu Buddhist and secular spiritual worldviews The kindred spirits in this book include His Holiness the Dalai Lama C G Jung Teilhard de Chardin Martin Buber Sri Aurobindo Rabindranath Tagore Gandhians feminists ecologists and more Steiner went as far up the spiritual ladder as any modern individual but unlike some enthusiasts for Steiner McDermott is also impressed by other religious thinkers and spiritual practitioners who have been helpful to those of us in need of encouragement and guidance and whose vistas and insights may not have been researched or explained by Steiner For those with unbiased open minds this book presents a fresh look at Rudolf Steiner a modern spiritual initiate and his contributions to the world along with a

generous and appreciative view of his kindred spirits of our time **Rebirth of the Goddess** Carol P. Christ,1998-10-15
 First published in 1999 One of the most unexpected developments of the late twentieth century is the rebirth of the religion of the Goddess in western cultures Though we were taught that the Gods and Goddesses died with the triumph of Christianity the re emergence of the Goddess is not as surprising as it might seem This book explores the meaning of the Goddess and the questions we ask as well as the ways we answer them **Antiquity and Social Reform** Dawn Hutchinson,2010-06-09 Although religious innovation in America has historically been the norm rather than the exception mainstream Americans have often viewed new religious movements with suspicion and occasionally with outright alarm The question motivating many studies of new religious movements has been why would someone join these religions In Antiquity and Social Reform Dawn Hutchinson offers at least one answer to this often repeated query She argues that followers of new religious movements in the 1960s 1980s specifically the Unification Church Feminist Wicca and the Nation of Yahweh considered these religions to be legitimate because they offered members a personal religious experience a connection to an ancient tradition and agency in improving their world Utilizing an historical approach Antiquity and Social Reform considers the conversion narratives of adherents and primary literature of the formative years of these movements which demonstrates that the religious experiences of the adherents and a resonance with the goals of these religions propelled members into social action **Moon Magick** D. J. Conway,1995 Demonstrates the power and rhythms of the moon to benefit physical emotional and spiritual well being Illus **Nature** Peter Coates,2013-04-26 Nature is a deceptively simple and ahistorical term suggesting intrinsic unchanging reality Yet nature has a history too both in terms of human attitudes and human impacts Coates outlines the major understandings of nature in the western world since classical times from nature as higher authority to its more recent meaning of threatened physical space and life forms Unlike many others this book places the history of attitudes to nature within the story of human induced changes in the material environment And few others take a supranational perspective or cross the divides between historical eras A distinctive unifying theme is Coates s interest in how green writers over the last thirty years have interpreted our past dealings with nature specifically their efforts to diagnose the roots of contemporary ecological problems and their search for ancestors He concludes with a discussion of the future of nature in the context of developments such as the new ecology global warming advances in genetic engineering and research on animal behaviour Assuming no previous knowledge Nature provides the reader with an accessible synthesis and introduction to some of environmental history s central features and debates confirming its status as one of the most enthralling current pursuits within historical studies This will be essential reading for second year undergraduates and above in cultural history and environmental history as well as to the general reader interested in environmental issues

Feminist Theory and the Classics Nancy Sorkin Rabinowitz,Amy Richlin,2014-02-25 Provides the first broad introduction to feminist work in classical studies Including lesbian theory black feminist theory American and French

feminist theory classics will never be the same again **Entering Hekate's Garden** Cyndi Brannen, 2020-11-01 A guide to plant spirit ritual and witchcraft with practical instruction on the use of botanicals especially associated with the beloved goddess Hekate and her daughters Circe and Medea Bringing pharmakeia the practice of plant spirit witchcraft into contemporary times *Entering Hekate's Garden* merges historical knowledge with modern techniques In it author Cyndi Brannen offers her extensive insight into Hekatean ritual and witchcraft and especially its application to the Green World The book features detailed monographs dedicated to 39 plants ranging from the esoteric such as aconite American mandrake and damiana to the accessible including bay laurel dandelion fennel garlic juniper and lavender This book blends traditional methods with the author's personal approach emphasizing her understanding of plant spirits as allies in the witch's journey It includes a new taxonomy for interpreting plant energies methods for creating new correspondences the importance of layering using botanicals in spells rituals altars and more as well as ways to develop meaningful relationships with the pharmakoi master plant spirits Poetry petitions and musings about pharmakeia are woven throughout *Entering Hekate's Garden* takes readers deep into the mystical world of botanical witchery in a way no other book has before *Maiden, Warrior, Mother, Crone* Julie Peters, 2025-07-01 Goddesses are not only powerful spiritual figures they are also archetypes that represent our deepest feelings and most powerful experiences They are exiles witches queens lovers grievers rage filled warriors playful beauties despairing crones and hopeful maidens They can move with us through the cycles of our lives teaching us over and over again what can be learned from our most difficult experiences Through the stories of goddesses and mythic figures from around the world we will learn how exile makes us powerful how grief is a form of love how protest and play can work together how rage is a necessary aspect of forgiveness how loneliness can be a magical form of desire and how despair always sits right next to hope This book will explore a range of goddesses including Eve Lilith Inanna Persephone Kali The Morrigan and more spanning mythology from the East to the West Learn how these divine feminine archetypes are with you in times of struggle and a part of you in times of strength Framed around the archetypes of maiden warrior mother and crone this book looks at how embodying the power of the goddesses can be a balm in hard times and help readers to connect with and feel how important their emotions and their divine feminine power can be *Motherhood in India* Maithreyi Krishnaraj, 2012-04-27 This book presents an overview of the varied experiences and representations of motherhood in India from ancient to modern times The thrust of the arguments made by the various contributors is that the centrality of motherhood as an ideology in a woman's life is manufactured This is demonstrated by analysing various institutional structures of society language religion media law and technology The articles in this book are chronologically arranged tracing the different stages that motherhood as a concept has traversed in India from goddess worship to nationalism to being a vehicle of reproduction of the sexual division of labour and the inheritance of property via the male line Underlying these stages are the dialectics between them that have been facilitated by agents such as the state the

ultimate controller of a woman's reproductive powers. The feminist critique of essentialising the role of a woman has been employed to deconstruct and humanise the experiences and lives of mothers. This anthology therefore attempts to initiate a meaningful and sensitive engagement with issues pertaining to a woman's autonomy over her body and her role also as a mother.
