*Lou in the Limelight* Kristin Hunter Lattany, 1981 Lou and the Soul Brothers leave home hoping for quick success in show business but encounter and fall into most of the traps that await inexperienced performers Young Adult Fiction by African American Writers, 1968-1993 Deborah Kutenplon, Ellen Olmstead, 2014-04-08 Comprehensive and up to date The first contemporary publication to go beyond examining broad themes and trends in the field this timely volume looks closely at specific authors and texts The book is comprehensive and as current as possible covering works by African American authors for young adults published between 1968 1993 some 200 titles by close to 50 writers In addition to established authors and bestselling titles the coverage includes material overlooked by previous studies such as works from small presses and talented new authors Guidelines for evaluation An extensive introduction reviews important milestones in this body of literature and analyzes noteworthy bibliographical and critical publications about such writing It includes suggested guidelines for evaluating a work in terms of its direct and indirect treatment of such issues as race gender class ability age sexuality and sexual orientation The book also offers specific guidance for determining the appropriate readership for a work with regard to age and gender Unusually extensive annotations The main body of the book is an annotated bibliography alphabetical by author with the works arranged chronologically by publication date The annotations are much more extensive than those in other bibliographies Each annotation reads more like a full length book review and is from one to two pages long and explores themes plot and character development evaluates the quality of the writing judges the handling of issues of race class and gender and provides a readership recommendation Written in accessible language this user friendly book presents a wide range of factual information evaluations and analyses It is a valuable tool for all teachers librarians counselors and young adults **Notable Black American Women** Jessie Carney Smith, Shirelle Phelps, 1992 Arranged alphabetically from Alice of Dunk s Ferry to Jean Childs Young this volume profiles 312 Black American women who have achieved national or international prominence **The Coretta Scott King Awards, 1970-1999** Henrietta M. Smith, 1999-06 Provides annotations of the winning and honor books biographies of prominent African American authors and illustrators and interviews with Jerry Pinkney and author Walter Dean Myers **The Lever of Riches** Joel Mokyr, 1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and

unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution. What were the causes of technological creativity? Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas. He discusses a long list of such factors showing how they interact to help or hinder a nation's creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China, between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution. He examines such aspects as the role of the state, the Chinese gave up a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels, the impact of science as well as religion, politics and even nutrition. He questions the importance of such commonly cited factors as the spill over benefits of war, the abundance of natural resources, life expectancy and labor costs. Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity. *The Lever of Riches* with its keen analysis derived from a sweeping survey of creativity throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential.

**Encyclopedia of African American Women Writers** Yolanda Williams Page, 2007-01-30 African American women writers published extensively during the Harlem Renaissance and have been extraordinarily prolific since the 1970s. This book surveys the world of African American women writers. Included are alphabetically arranged entries on more than 150 novelists, poets, playwrights, short fiction writers, autobiographers, essayists and influential scholars. The Encyclopedia covers established contemporary authors such as Toni Morrison and Gloria Naylor along with a range of neglected and emerging figures. Each entry is written by an expert contributor and provides a brief biography, a discussion of major works, a survey of the author's critical reception and primary and secondary bibliographies. Literature students will value this book for its exploration of African American literature while social studies students will appreciate its examination of social issues through literature. African American women writers have made an enormous contribution to our culture. Many of these authors wrote during the Harlem Renaissance, a particularly vital time in African American arts and letters while others have been especially active since the 1970s, an era in which works by African American women are adapted into films and are widely read in book clubs. Literature by African American women is important for its aesthetic qualities and it also illuminates the social issues which these authors have confronted. This book conveniently surveys the lives and works of African American women writers. Included are alphabetically arranged entries on more than 150 African American women novelists, poets, playwrights, short fiction writers, autobiographers, essayists and influential scholars. Some of these figures such as Toni Morrison and Gloria Naylor are among the most popular authors writing today while others have been largely neglected or are recently emerging. Each entry provides a biography, a discussion of major works, a survey of the writer's critical reception.

and primary and secondary bibliographies The Encyclopedia closes with a selected general bibliography Students and general readers will welcome this guide to the rich achievement of African American women Literature students will value its exploration of the works of these writers while social studies students will appreciate its examination of the social issues these women confront in their works
