people Justice for Jack is a must read **The Judicial System** Michael C. LeMay, 2022-05-18 The Judicial System A Reference Handbook provides an authoritative and accessible one stop resource for understanding the U S judicial system and its place in the fabric of American government and society The American judicial system plays a central role in setting and enforcing the legal rules under which the people of the United States live U S courts and laws though are complex and often criticized for bias and other alleged shortcomings The U S Supreme Court has emerged as a particular focal point of political partisanship and controversy both in terms of the legal decisions it hands down and the makeup of its membership Like other books in the Contemporary World Issues series this volume comprises seven chapters Chapter 1 presents the origins development and current characteristics of the American judicial system Chapter 2 discusses problems and controversies orbiting around the U S justice system today Chapter 3 features a wide ranging collection of essays that examine and illuminate various aspects of the judicial system Chapter 4 profiles influential organizations and people related to the justice system and Chapter 5 offers relevant data and documents about U S courts Chapter 6 is composed of an annotated list of important resources while Chapter 7 offers a useful chronology of events **The Sixth Amendment in Modern American Jurisprudence** Alfredo Garcia, 1992-05-26 Alfredo Garcia who has been both a prosecuting and a defense attorney in criminal processes reviews the United States Supreme Court s interpretations of the Sixth Amendment the right to a fair trial as they have evolved since the 1960s He determines that the Court with a few notable exceptions has demonstrated doctrinal inconsistency and has failed to adhere to the core values embedded in the amendment Garcia argues that the functional and symbolic roles of the Sixth Amendment have been eroded and that this is particularly evident in the three clauses that provide defendants the means to respond to charges and to be assured of fair process The clauses considered specifically involve the right to counsel the right to confrontation and the right to compulsory process The Supreme Court s emphasis in more recent years is perceived to be on efficiency rather than on protecting the ideal of a fair trial The six chapters cover the rights to counsel to confrontation to compulsory process to a speedy trial and to a jury trial and the sometime conflict between a free press First Amendment and the Sixth Amendment assurance of a fair trial free of antecedent prejudicial publicity This is a timely much needed and substantive examination of the highest court s interpretations of a defendant s constitutional right to a fair speedy trial
