Louis Riel Justice Must Be Done:

Louis Riel Sharon Stewart,2007-01-01 Louis Riel devoted his life to the Metis cause A fiery activist he struggled against injustice as he saw it He was a pioneer in the field of Aboriginal rights and land claims but was branded an outlaw in his own time In 1885 he was executed for treason In 1992 the House of Commons declared Riel a founder of Manitoba November 16 is now designated Louis Riel Day in Canada

The Riel Problem Albert Braz,2024-06-06 Tracing Louis Riel's metamorphosis from traitor to hero Braz argues that through his writing Riel resists his portrayal as both a Canadian patriot and a pan Indigenous leader After being hanged for high treason in 1885 the Metis politician poet and mystic has emerged as a quintessential Canadian champion The Riel Problem maps this representational shift by examining a series of cultural and scholarly commemorations of Riel since 1967 from a large scale opera about his life through the publication of his extant writings to statues erected in his honour Braz also probes how aspects of Riel's life and writing can be problematic for many contemporary Metis artists scholars and civic leaders Analyzing representations of Riel in light of his own writings the author exposes both the constructedness of the Canadian nation state and the magnitude of the current historical revisionism when dealing with Riel

Uncertain Justice F. Murray Greenwood,Beverley Boissery,2000-10-01 In 1754 Eleanor Powers was hung for a murder committed during a botched robbery She was the first woman condemned to die in Canada but would not be the last In Uncertain Justice Beverley Boissery and Murray Greenwood portray a cast of women characters almost as often wronged by the law as they have wronged society Starting with the Powers trial and continuing to the not too distant past the authors expose the patriarchal values that lie at the core of criminal law and the class and gender biases that permeate its procedures and applications The writing style is similar to that of a popular mystery Harriet Henry lay dead Horribly and indubitably Her body sprawled against the bed the head twisted at a grotesque angle Foam engulfed the grinning mouth Scholarly analysis combines with the narrative to make Uncertain Justice a fascinating and engaging read There is a wealth of information about the emerging and evolving legal system and profession the state of forensic science the roles of juries and the political turmoil and growing resistance to a purely class based aristocratic form of government

Louis Riel Hartwell Bowsfield,1988 The rise and fall of Louis Riel 1844-85 spanned only fifteen years yet he is one of the most controversial and colourful people in Canadian history The central figure in two rebellions which he led on behalf of the French speaking half breeds called Metis Riel has caught the imagination of Canadians as few other historical personalities have done His career began with the acts of resistance at the Red River Settlement in 1869 and continued through the formation of a Provisional Government and the notorious shooting of Thomas Scott in 1870 through years of mental illness and exile in the United States to the North West Rebellion of 1885 It reached an inevitable climax with his surrender and trial and the passionate outpouring of feeling that rocked the country when he was found guilty of treason and executed The religious and racial emotions of the time the bigotry and opportunism of politicians and Riel's own unstable mental condition

all combine to make of his life a Canadian tragedy one that had profound consequences for Confederation Reflections on Native-newcomer Relations James Rodger Miller, 2004-01-01 The twelve essays that make up Reflections on Native Newcomer Relations illustrate the development in thought by one of Canada's leading scholars in the field of Native history J R Miller The collection comprising pieces that were written over a period spanning nearly two decades deals with the evolution of historical writing on First Nations and Métis methodological issues in the writing of Native newcomer history policy matters including residential schools and linkages between the study of Native newcomer relations and academic governance and curricular matters Half of the essays appear here in print for the first time and all use archival published and oral history evidence to throw light on Native Newcomer relations Miller argues that the nature of the relationship between Native peoples and newcomers in Canada has varied over time based on the reasons the two parties have had for interacting The relationship deteriorates into attempts to control and coerce Natives during periods in which newcomers do not perceive them as directly useful and it improves when the two parties have positive reasons for cooperation Reflections on Native Newcomer Relations opens up for discussion a series of issues in Native newcomer history It addresses all the trends in the discipline of the past two decades and never shies from showing their contradictions as well as those in the author's own thinking as he matured as a scholar Canadian Cultural Heritage Bundle Sharon Stewart, Edward Butts, Rosemary Sadler, 2013-12-10 Presenting three titles in the Quest Biography series that profiles prominent figures in Canada's history In these three books we explore the cultural heritage that is at the roots of Canada's present day multicultural society In the lives of abolitionist Underground Railway hero Harriet Tubman Métis revolutionary Louis Riel and frontiersman Simon Girty who adopted and respected Native culture long before the vast majority of white people we discover that the struggle for inclusion and human rights has existed since the dawn of Canada's modern history Includes Harriet Tubman Louis Riel Simon Girty *The Prairie West: Historical Readings* R. Douglas Francis, Howard Palmer, 1992 This collection of 35 readings on Canadian prairie history includes overview interpretation and current research on topics such as the fur trade native peoples ethnic groups status of women urban and rural society the Great Depression and literature and art Nation Maker Richard J. Gwyn, 2012-08-21 1 NATIONAL BESTSELLER John A Macdonald Canada's first and most important prime minister is the man who made Confederation happen who built this country over the next quarter century and who shaped what it is today From Confederation Day in 1867 where this volume picks up Macdonald finessed a reluctant union of four provinces in central and eastern Canada into a strong nation despite indifference from Britain and annexationist sentiment in the United States But it wasn't easy Gwyn paints a superb portrait of Canada and its leaders through these formative years and also delves deep to show us Macdonald the man as he marries for the second time deals with the birth of a disabled child and the assassination of his close friend Darcy McGee and wrestles with whether Riel should hang Indelibly Gwyn shows us Macdonald's love of this country and his ability to joust with forces who would have been just as happy to see the end of

Law, Rhetoric and Irony in the Formation of Canadian Civil Culture Michael Dorland, Maurice René Charland, 2002-01-01 In *Rhetoric Irony and Law in the Formation of Canadian Civil Culture* Michael Dorland and Maurice Charland examine how over the roughly 400 year period since the encounter of First Peoples with Europeans in North America rhetorical or discursive fields took form in politics and constitution making in the formation of a public sphere and in education and language The study looks at how these fields changed over time within the French regime the British regime and in Canada since 1867 and how they converged through trial and error into a Canadian civil culture The authors establish a triangulation of fields of discourse formed by law as a technical discourse system rhetoric as a public discourse system and irony as a means of accessing the public realm as the key pillars upon which a civil culture in Canada took form in order to scrutinize the process of creating a civil culture By presenting case studies ranging from the legal implications of the transition from French to English law to the continued importance of the Louis Riel case and trial the authors provide detailed analyses of how communication practices form a common institutional culture As scholars of communication and rhetoric Dorland and Charland have written a challenging examination of the history of Canadian governance and the central role played by legal and other discourses in the formation of civil culture
