Massachusetts and started a band called Pixies During their initial seven year career Pixies would play some of Europe s most gigantic festivals keep the press guessing and cultivate a fervid international fan base hungry for more and more of their unique surf punk The band worked fast cranking out four albums at a breakneck pace but ultimately pressures and personality clashes took their toll Pixies broke up just as bands were singing their praises as the rock n roll innovators For twelve years a Pixies reunion seemed impossible but a sudden announcement in 2004 proclaimed the unthinkable Pixies were getting back together Their extremely successful reunion tour finally gave the group something they d always lacked in their homeland proof that their bone rattling music had left an indelible impact Fool the World tells Pixies story in the words of those who lived it from the band members to studio owners from A R executives producers and visual artists who worked with them to admirers of their music such as Bono PJ Harvey Beck and Perry Farrell With new cartoons by Trompe Le Monde illustrator Steven Appleby Fool the World is a complete journey through the life death and rebirth of one of the most
