Love Letters From Asia:

Love Letters from Asia Sandra Hochman, 1968 **Letters Written During Her Travels in Europe, Asia, and Africa, to which are Added Poems** Mary Wortley Montague, 1816 **Kind Regards** Liz Williams, 2012-09-06 Despite the ever growing influence of technology handwritten letters are regaining their value meaning and popularity *Letters of Lady Wortley Montague, Written During Her Travels in Europe, Asia and Africa, to which are Added Poems by the Same Author . Stereotype Edition* Mary Wortley Montagu, 1800 **Letters ... descriptive of ... travels in Europe, Asia, and Africa, with biogr. sketch** lady Mary Wortley Montagu, 1865 **Voices of East Asia** Margaret Childs, Nancy Hope, 2015-03-12
Voices of East Asia provides significant yet accessible readings in translation chosen to stimulate interest in the long and rich cultural history of East Asia the countries of China Japan and Korea The readings range from ancient to modern elite to popular and include poetry stories essays and drama Each section begins with a broad but brief overview of that country s political and cultural history Each reading is preceded by a concise explanation of its literary and cultural context As expertise in East Asian studies has exploded in the West in recent decades a novice could be overwhelmed by all the materials available now In this volume however the reader will find a manageable set of texts that may be read on their own as part of a world literature course or as supplementary readings for an East Asian history class As economic and political news from East Asia sweeps across the world this anthology aims to provide a taste of the enduring traditions upon which contemporary East Asia is built a glimpse into the hopes and fears love and sorrow in the hearts of the people behind the headlines This anthology will be welcomed by students and scholars of Asian history culture society and literature

Routledge Handbook of East Asian Popular Culture Koichi Iwabuchi, Eva Tsai, Chris Berry, 2016-12-01 Since the 1990s there has been a dramatic increase in cultural flows and connections between the countries in the East Asian region Nowhere is this more apparent than when looking at popular culture where uneven but multilateral exchanges of Japanese Korean Taiwanese Hong Kong and Chinese products have led to the construction of an East Asian Popular Culture This is both influenced by and in turn influences the national cultures and generates transnational co production and reinvention As East Asian popular culture becomes a global force it is increasingly important for us to understand the characteristics of contemporary East Asian popular culture and in particular its transnational nature In this handbook the contributors theorize East Asian experiences and reconsider Western theories on cultural globalization to provide a cutting edge overview of this global phenomenon The Routledge Handbook of East Asian Popular Culture will be of great interest to students and scholars of a wide range of disciplines including Cultural Studies Media Studies Communication Studies Anthropology Sociology and Asian Studies in general **The East Asian Modern Girl** Sumei Wang, 2021-09-06 The East Asian Modern Girl reports the long neglected experiences of modern women in East Asia during the interwar period The edited volume includes original studies on the modern girl in Taiwan Korea Manchuria Japan Shanghai and Hong Kong which reveal differentiated forms of

colonial modernity influences of global media and the struggles of women at the time The advent of the East Asian modern girl is particularly meaningful for it signifies a separation from traditional Confucian influences and progression toward global media and capitalism which involves high political and economic tension between the East and West This book presents geo historical investigations on the multi force triggered phenomenon and how it eventually contributed to greater post war transformations

The Asian Cinema Experience Stephen Teo, 2013-05-07 This book explores the range and dynamism of contemporary Asian cinemas covering East Asia China Japan South Korea Hong Kong Taiwan Southeast Asia Thailand Singapore Malaysia South Asia Bollywood and West Asia Iran in order to discover what is common about them and to engender a theory or concept of Asian Cinema It goes beyond existing work which provides a field survey of Asian cinema probing more deeply into the field of Asian Cinema arguing that Asian Cinema constitutes a separate pedagogical subject and putting forward an alternative cinematic paradigm The book covers styles including the works of classical Asian Cinema masters and specific genres such as horror films and Bollywood and Anime two very popular modes of Asian Cinema spaces including artistic use of space and perspective in Chinese cinema geographic and personal space in Iranian cinema the private erotic space of films from South Korea and Thailand and the persistence of the family unit in the urban spaces of Asian big cities in many Asian films and concepts such as Pan Asianism Orientalism Nationalism and Third Cinema The rise of Asian nations on the world stage has been coupled with a growing interest both inside and outside Asia of Asian culture of which film is increasingly an indispensable component this book provides a rich insightful overview of what exactly constitutes Asian Cinema

The Hindu Family and the Emergence of Modern India Eleanor Newbigin, 2013-09-19 Between 1955 and 1956 the Government of India passed four Hindu Law Acts to reform and codify Hindu family law Scholars have understood these acts as a response to growing concern about women s rights but in a powerful re reading of their history this book traces the origins of the Hindu law reform project to changes in the political economy of late colonial rule The Hindu Family and the Emergence of Modern India considers how questions regarding family structure property rights and gender relations contributed to the development of representative politics and how in solving these questions India s secular and state power structures were consequently drawn into a complex and unique relationship with Hindu law In this comprehensive and illuminating resource for scholars and students Newbigin demonstrates the significance of gender and economy to the history of twentieth century democratic government as it emerged in India and beyond

Asian Review, 1920 *Revealing Gender Inequalities and Perceptions in South Asian Countries through Discourse Analysis* Mahtab, Nazmunnessa, 2016-05-16 Misconceptions regarding gender identity and issues of inequality that women around the world face have become a predominant concern for not only the citizens impacted but global political leaders administrators and human rights activists *Revealing Gender Inequalities and Perceptions in South Asian Countries through Discourse Analysis* explores how an analysis of language use in the South Asian region exposes issues related to gender identity representation

and equality Emphasizing emerging research and case studies focusing on the concept of gender in Malaysia Bangladesh and Nepal this publication is an essential resource for social theorists activists linguists media professionals researchers and graduate level students

Asian Highlands Perspectives 9 Rin-chen-rdo-rje, I was born in a pastoral family in the autumn of 1986 in Ronggrima Village Hongyuan County Ngawa Tibetan and Qiang Autonomous Prefecture Sichuan Province PR China When I was a child my family lived in a four column wood house made using four poles placed in a rectangular configuration in the center of the home Four shorter poles were behind the central columns Four pillar wood houses had flat roofs with several compartments and had a skylight in the center that allowed light into the home and allowed smoke from the hearth to escape We lived in our wood house from November to April As flowers began to bud and calves were born we took out our black yak hair tent and pitched it which announced that we would soon start moving to our camp on the open grassland where we would stay through spring summer and autumn

Q & A Queer And Asian David L. Eng, Alice Y.

Hom, 1998-08-24 What does it mean to be queer and Asian American at the turn of the century The writers activists essayists and artists who contribute to this volume consider how Asian American racial identity and queer sexuality interconnect in mutually shaping and complicating ways Their collective aim in the words of the editors is to articulate a new conception of Asian American racial identity its heterogeneity hybridity and multiplicity concepts that after all underpinned the Asian American moniker from its very inception Q A approaches matters of identity from a variety of points of view and academic disciplines in order to explore the multiple crossings of race and ethnicity with sexuality and gender Drawing together the work of visual artists fiction writers community organizers scholars and participants in roundtable discussions the collection gathers an array of voices and experiences that represent the emerging communities of a queer Asian America Collectively these contributors contend that Asian American studies needs to be more attentive to issues of sexuality and that queer studies needs to be more attentive to other aspects of difference especially race and ethnicity Vigorously rejecting the notion that a symmetrical relationship between race and homosexuality would weaken lesbian gay and queer movements the editors refuse to believe that a desirably queer world is one in which we remain perpetual aliens queer houseguests in a queer nation

Classics of Modern South Asian Literature Rupert Snell, Ian Raeside, 1998 **Asian Translation Traditions**

Eva Tsoi Hung Hung, Judy Wakabayashi, 2014-07-16 Translation Studies one of the fastest developing fields in the humanities since the early 1980s has so far been Euro centric both in its theoretical explorations and in its historical grounding One of the major reasons for this is the unavailability of reliable data and systematic analysis of translation activities in non European cultures While a number of scholars in the Western tradition of translation studies have become increasingly aware of this bias and its problems practically indicates that the burden of addressing such deficiencies and imbalances should be on the shoulders of scholars who are conversant with the non Western translation traditions and capable of engaging in much needed basic research This book brings together eleven scholars with expertise in different Asian translation traditions who

highlight language and cultural environments as well as perceptions and modes of operation often different from those in the Western tradition Their contributions enhance our understanding of the various elements that influence the transfer of knowledge across cultures and provide invaluable data for the study of translation as a force for cultural development and cultural planning Contributors include Eva Hung Judy Wakabayashi Lawrence Wong Yoshihiro Osawa Teresa Hyun Keith Taylor Rita Kothari Doris Jedamski Raniela Barbaza and Bill Cummings Shakespeare and East Asia Alexa Alice Joubin, 2021-01-26 Structured around modes in which one might encounter Asian themed performances and adaptations Shakespeare and East Asia identifies four themes that distinguish post 1950s East Asian cinemas and theatres from works in other parts of the world Japanese formalistic innovations in sound and spectacle reparative adaptations from China Taiwan and Hong Kong the politics of gender and reception of films and touring productions in South Korea and the UK and multilingual diaspora works in Singapore and the UK These adaptations break new ground in sound and spectacle they serve as a vehicle for artistic and political remediation or in some cases the critique of the myth of reparative interpretations of literature they provide a forum where diasporic artists and audiences can grapple with contemporary issues and through international circulation they are reshaping debates about the relationship between East Asia and Europe Bringing film and theatre studies together this book sheds new light on the two major genres in a comparative context and reveals deep structural and narratological connections among Asian and Anglophone performances These adaptations are products of metacinematic and metatheatrical operations contestations among genres for primacy or experimentations with features of both film and theatre The Caravan Delhi Press, 2017-11-11 Salman Khan has appeared in some of the biggest blockbusters in Hindi film history But his career has been blighted by allegations of involvement in crimes of poaching domestic violence and culpable homicide In the last decade the star has tried to reform his image If he has succeeded to some extent Anna MM Vetticad reports it has been not just through his own efforts but also the willingness of his fans and many around him to accept or justify even his most disturbing behaviour Also in this issue How Malayalam cinema's only female superstar got back to work The cinematic myth making of Louis Mountbatten Why Indian films box office figures do not add up Nepali politics sees a major reconfiguration in time for a watershed election Unsafe abortions through the ages Old Delhi's subversive love letter manuals *Asian Homosexuality* Wayne R. Dynes, Stephen Donaldson, 1992 First published in 1993 Routledge is an imprint of Taylor Francis an informal company **Self as Image in Asian Theory and Practice** Roger T. Ames, 1998-04-30 This is the third in a series dealing with the concept of self and its importance in understanding Chinese Japanese and Indian cultures The authors examine the relationship between self and image and its significance in attaining a deeper knowledge of Chinese Japanese and Indian cultures The relationship between self and image is as complex as it is fascinating It takes on different meanings and significances in diverse cultures In this volume the focus of attention is largely on representational practices and symbolic media such as literature cinema art and dance By examining both

classical and contemporary works associated with China India and Japan the authors seek on the one hand to demonstrate the intricate relationship between self and image and on the other to make use of that relationship to further our understanding of these cultures
