## **Love Trauma Syndrome Free Yourself From The Pain Of A Broken Heart:**

**The Love Trauma Syndrome** Richard B. Rosse,2007-10-12 Love is one of the most exhilarating emotions we experience unfortunately it is also one of the most painful and sometimes traumatic The unresolved emotional scars from a broken heart can manifest as a love trauma syndrome Until now a love trauma was thought to precipitate other common psychiatric conditions such as depression or adjustment disorders but these generic psychiatric ailments are not adequate for articulating the full and unique character of the condition following love trauma The Love Trauma Syndrome Free Yourself from the Pain of a Broken Heart fills the need of patients feeling isolated ashamed or alone in their anguish Dr Richard Rosse a psychiatrist with expertise in the area of emotional breakdown provides a concrete path to help people understand this condition At times the syndrome can seriously diminish the sufferer's quality of life and dramatically impair social academic and occupational activities Dr Rosse warns that there can also be bouts of severe manifestations things go horribly wrong Patients may end up committing suicide A few become so obsessed by their lost loves that they are driven to stalk attack or murder these persons and then ultimately commit suicide However most patients suffer alone and in silence without ever resorting to an act of physical violence Dr Rosse clearly explains that Love Trauma Syndrome is a clinical disorder of too much memory in which the past intrudes upon the present to influence thoughts feelings and behaviors to a much greater extent than is expected It can also be associated with a variety of other behavioral problems the avoidance of future loving relationships nervousness feeling unreal or out of place anger and sleep disturbances The book will educate mental health clinicians on how to recognize and treat people with the syndrome and Dr Rosse discusses a variety of psychotherapeutic and pharmacological treatment options and their rationale The Love Trauma Syndrome is the first book to describe the condition and to present a full array of self help strategies and specific techniques tailored to help those suffering from a love trauma Designed for both lay and professional audiences it is the ideal resource for anyone male or female young or old gay or straight hurt by love to understand what to do to escape the bleak prison of misery

**American Taboo** Lauren Rosewarne,2013-08-13 America's often unspoken morality codes make many topics taboo in the land of the free This book analyzes hundreds of popular culture examples to expose how the media both avoids and alludes to how we derive pleasure from our bodies Flatulence male nudity abortion masturbation these are just a few of the taboo topics in the United States What do culturally enforced silences about certain subjects say about our society and our latent fears This work provides a broad yet detailed overview of popular culture's most avoided topics to explain why they remain off limits and examines how they are presented in contemporary media or in many cases delicately explored using euphemism and innuendo The author offers fascinating in depth analysis of the meaning behind these portrayals of a variety of both mundane and provocative taboos and identifies how new television programs films and advertising campaigns intentionally violate longstanding cultural taboos to gain an edge in the marketplace

People like Us Hidden Abuse in Upscale Marriages Christina Mask's Nightmare is constructed around fragments from a life in agony as one woman attempts to escape abuse retain her sanity and regain the custody of three children the family court and her husband have taken from her It's all here the daily records over months then years the diary entries the self blame the excuses the shame the absurdist dialogues with family therapists marginalia from readings or lectures or religious texts letters pleadings with judges and lawyers and evaluators poems letters to and from the children real and imagined the reports that put her claims of abuse in quotations and so so much more These pieces are loosely joined by a narrative and an interior monologue that I sometimes found too much to bear But then I realized I was scanning something akin to a Picasso painting whose underlying truth lay not in what was on the page not the fragments but in the hope that put them out here no more evident than in the endlessly reasonable letters Mask writes to intractable foes Mask has cast her eye on what Yeats termed the broken crumbling battlement of the self and lived to write it As one director famously said about the sixty women and children crowded into her six bedroom shelter If they can manage this they can manage anything Christina's book gives us faith that she is right Evan Stark PhD MSW The writer is professor emeritus at Rutgers University and author of Coercive Control How Men Entrap Women in Personal Life Oxford 2007
