Kids Jennifer Hill,2015-11-02 This gripping book considers the history techniques and goals of child targeted consumer campaigns and examines children s changing perceptions of what commodities they need to be valued and value themselves In this critique of America s consumption based society author Jennifer Hill chronicles the impact of consumer culture on children from the evolution of childhood play to a child s self perception as a consumer to the consequences of this generation s repeated media exposure to violence Hill proposes that corporations eager to tap into a multibillion dollar market use the power of advertising and the media to mold children s thoughts and behaviors The book features vignettes with teenagers explaining in their own words how advertising determines their needs wants and self esteem An in depth analysis of this research reveals the influence of media on a young person s desire to conform shows how broadcasted depictions of beauty distort the identities of children and teens and uncovers corporate agendas for manipulating behavior in the younger generation The work concludes with the position that corporations are shaping children to be efficient consumers but in return are harming their developing young minds and physical well being
