Love And A Promise:

Love's Promises Martha M. Ertman, 2016-05-24 Blends memoir and legal cases to show how contracts can create family relationships Most people think of love and contracts as strange bedfellows or even opposites In *Love's Promises* however law professor Martha Ertman shows that far from cold and calculating contracts shape and sustain families Blending memoir and law Ertman delves into the legal cases anecdotes and history of family law to show that love comes in different packages each shaped by different contracts and mini contracts she calls deals Family law should and often does recognize that variety because legal rules like relationships aren't one size fits all The most common form of family which Ertman calls Plan A come into being through different kinds of agreements than the more uncommon families that she dubs Plan B Recognizing the contractual core of all families shows that Plan B is neither unnatural nor unworthy of legal recognition just different After telling her own moving and often irreverent story about becoming part of a Plan B family of two moms and a dad raising a child Ertman shows that all kinds of people straight and gay married and single related by adoption or by genetics use contracts to shape their relationships As couples navigate marriage reproductive technologies adoption and cohabitation they encounter contracts Sometimes hidden and other times openly acknowledged these contracts ensure that the people they think of as family are legally recognized as family in the eyes of the law Family exchanges can be substantial like vows of fidelity or small like I cook and you clean But regardless of scope the agreements shape the emotional social and financial terrain of family relationships Seeing the instrumental role contracts will help readers better understand how contracts and deals work in their own families as well as those around them Both insightful and paradigm shifting *Love's Promises* lets readers in on the power of contracts and deals to support love in its many forms and to honor the different ways that our nearest and dearest contribute to our daily lives

Attraction Is a Feeling. Love Is a Promise. Grenville W. Phillips, II, 2013-05 Marriage can be a satisfying and exciting life journey for a man and a woman who love each other However the significant number of divorced and separated persons indicates that there is a fundamental problem with their marriage preparation The dreaded phrases I just don't love you anymore and where has the love gone are common among those who mistook their intense feelings of attraction as love Attraction is not love Attraction is an emotional force that we can feel while love is a promise to do four progressively challenging things The couple who is ready to make and keep their promises of love is ready to get married Spouses of those with no intention of keeping these promises are destined to endure a life sentence of misery This book is written specifically to help men to understand if they are ready to keep the promises of love

Jamie Ferreira, 2001-06-07 Soren Kierkegaard's *Works of Love* 1847 a series of deliberations on the commandment to love one's neighbor has often been condemned by critics Here Ferreira seeks to rehabilitate *Works of Love* as one of Kierkegaard's most important works He shows that Kierkegaard's deliberations on love are highly relevant to some important themes in contemporary ethics including impartiality duty equality mutuality reciprocity self love sympathy and sacrifice Ferreira also argues that *Works of Love* bears on issues peculiar to a religious ethic such as the role of God as middle term and the possibility of preserving the aesthetic dimensions of love in a religious ethic of relation *Love Is...* Bishop J. Epiphany of Love Livio Melina,2010-09-14 In this volume Livio Melina attempts to overcome the deadlock in which moral theology can easily find itself due to the false alternative between moralism with its emphasis on external rules and antimoralism with its insistence on freedom from all norms The key Melina argues here is not to regard morality as a simple list of principles directing our choices and helping us to make correct moral judgments Rather we must step back and begin to comprehend the dynamic mystery of Christian action Only in the light of Christ can the proper correlation between faith and morality freedom and truth be clearly understood True morality springs from a synergistic relationship with God born of faith in Christ nurtured in the church and made manifest in that which inspires all authentic goodness the epiphany of love

Democracy Cormac Russell,2020-06-01 Finally a book that offers a practical yet well researched guide for practitioners seeking to hone the way they show up in citizen space At a time when public trust in institutions is at its lowest expectations of those institutions to make people well knowledgeable and secure are rapidly increasing These expectations are unrealistic causing disenchantment and disengagement among citizens and increasing levels of burnout among many professionals Rekindling Democracy is not just a practical guide it goes further in setting out a manifesto for a more equitable social contract to address these issues Rekindling Democracy argues convincingly that industrialized countries are suffering through a democratic inversion where the doctor is assumed to be the primary producer of health the teacher of education the police officer of safety and the politician of democracy Through just the right blend of storytelling research and original ideas Russell argues instead that in a functioning democracy the role of the professionals ought to be defined as that which happens after the important work of citizens is done The primary role of the twenty first century practitioner therefore is not a deliverer of top down services but a precipitator of more active citizenship and community building **French's Standard**
