Embracing Ethical Cheating: Extending Boundaries of Love, Loyalty, and Commitment Yogesh Qumaar, 2025-02-12 The title Embracing Ethical Cheating is intentionally provocative and oxymoronic to challenge the conventional understanding of relationships In most cultures the act of choosing another partner while already committed to one is often labeled as cheating a term loaded with negative connotations of betrayal and dishonesty However this book aims to dismantle that perception by introducing the concept of ethical polyamory a practice where multiple relationships are pursued openly honestly and with the consent of all parties involved By pairing the words ethical and cheating the title confronts the reader with a paradox that compels them to

rethink the boundaries of love loyalty and commitment The book argues that what is often dismissed as cheating can in fact be a legitimate and fulfilling way to experience love provided it is approached with transparency mutual respect and ethical considerations In essence the title reflects the book s mission to reframe the narrative around non monogamous relationships showing that they need not be seen as dishonest or destructive but rather as an opportunity to extend and enrich the connections between people in a way that honors everyone s needs and desires
