Featherstone, 1999-09-20 This major collection explores the contested nature of love and eroticism examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture It investigates the spatial dimension of erotic life through considerations of Bohemian love the gay city and the ways in which the urban landscape and everyday life have become sexualized issues which have become central to the emergence of queer as a new form of gender politics and more general questions of sexual citizenship Drawing on the work of feminists sociologists and cultural theorists this book contains a wide ranging and accessible set of contributions to contemporary debates on sexuality love and eroticism Love Erotici

Love in America Francesca M. Cancian, 1990-08-31 In the last twenty five years Americans have gained considerable freedom in their personal lives Relationships are now more flexible and self development has become a primary goal for both men and women Most scholars have criticized this trend to greater freedom arguing that it undermines family bonds and promotes selfishness and extreme independence Francesca Cancian is more optimistic In this book she shows that many American couples succeed in combining self development with commitment and that interdependence not independence is their ideal In interdependent relationships love and self development do not conflict but reinforce each other Love in America compares traditional forms of marriage with these newer forms of close relationships Starting with the nineteenth century Cancian shows how gender roles became polarized with love which was identified with emotional expression no practical help being the responsibility of women while self development was regarded as a masculine concern These traditional images of love and relationships are still held by many Americans today even though as Cancian points out this can lead to marital conflict and individual stress and illness By contrast new images of love emphasizing self development for men and women and flexible androgynous roles began to emerge around 1900 accelerating in the 1960s She concludes that this trend to self development and androgyny will continue but that whether it will lead to more

interdependent relationships or to more independence and isolation depends partly on economic and political changes in the wider society The evidence for Cancian s argument comes from sociological historical and psychological sources Her book will interest readers in these disciplines as well s appeal to a wide general audience Awakening Through Love John Makransky,2010-07 Mother Theresa The Dalai Lama Nelson Mandela Gandhi Some admire such figures from afar and think How special they are I could never be like that But as John Makransky has learned the power of real and enduring love lies within every one of us Awakening Through Love is his guide to finding it In Awakening Through Love he pioneers new ways of making Tibetan meditations of compassion and wisdom accessible to people of all backgrounds and faiths Drawing from Tibetan teachings of compassion and the Dzogchen teachings of innate wisdom and using plain practical instruction he helps readers uncover the unity of wisdom and love in the very nature of their minds Then Lama John describes how to actualize those qualities in every aspect of family life work service and social action Love and the Soul Robert Sardello,2011-06-28 With economies in peril war in the Middle East genocides global warming and a host of other grim phenomena the world has never seemed so besieged The solution says Robert Sardello lies with the individual In this timely thoughtful book he explains how the soul can engage with the outer world to produce radical change Because we think of the world as a vast mechanism and behave as mechanical objects in it the results are devastation and dysfunction The key is to learn to identify with the plight of the Earth by developing a true sense of individual imagination and conscious awareness of inner purpose and beauty in conjunction with the soul of the world Sardello shows how to achieve this awareness and bring what is inside out into the world inspiring balance and stability Using the Grail legend and the myth of Sophia known as the Soul of the World as well as writings by Jung James Hillman and Rudolf Steiner Love and the Soul helps readers imagine a revitalized Earth by exploring the significance of grieving the transformative power of radical receptivity the creative power of dreaming and a new basis for community The Double Delight: Raising a Second Child with Love and Wisdom Pasquale De Marco,2025-05-18 Parenthood is an extraordinary journey filled with love joy and challenges When you become a parent for the second time you embark on a unique and transformative experience While there are many similarities to raising your first child there are also distinct differences that come with welcoming a second child into your family This comprehensive guide offers invaluable support and practical advice for second time parents helping them to navigate the joys and challenges of this new chapter in their lives From preparing for the arrival of your second child to managing sibling dynamics and creating a harmonious family environment this book covers a wide range of topics essential for second time parents With warmth and understanding this book explores the emotional rollercoaster of second time parenthood helping parents to understand their own feelings and the needs of their children It provides strategies for managing stress and exhaustion dealing with sibling rivalry and fostering a strong bond with each child Second time parents will also find practical advice on managing the financial and logistical challenges of raising a larger family The book offers tips for budgeting balancing work and family life and creating

The Politics of Conjugal Love Conor Sweeney,Brian T. Trainor,2019-06-27 Does the New Testament teach that a wife must submit to her husband as head If so does it have a lasting value beyond the cultural milieu in which it was first articulated The Politics of Conjugal Love takes a fresh approach to this classic issue in theological anthropology paying specific attention to the role of theological hermeneutics in its interpretation Conor Sweeney and Brian T Trainor contend that both subordinationist and anti subordinationist readings of headship and submission miss the mark Their alternative is a baptismally specified trinitarian reading in which headship and submission appear as modes intrinsic to both life in Christ and the love proper to the highest mode of trinitarian love

Love and Toil Ellen Ross,1993-11-25 The feisty warm hearted mum has long figured as a symbol of the working class in Britain yet working class history has emphasized male organizations such as clubs unions or political parties Investigating a different dimension of social history Love and Toil focuses on motherhood among the London poor in the late Victorian and Edwardian years and on the cultures communities and ties with husbands and children that women created Mothers skills in managing the family budget earning income and caring for their children were critical in protecting households from the worst hardships of industrial capitalism yet poverty or the threat of it molded intimate relationships and left its imprint on personalities This book is also a case study demonstrating the larger argument that the concept of motherhood is more socially and historically constructed than biologically determined Shaky household economics pressure toward respectability the close proximity of neighbors the precariousness of infant and child life and little chance of better lives for their children shaped the work and emotions of motherhood much more than did the biological experiences of pregnancy birth and lactation This beautifully written book embellished with Cockney slang and music hall songs addresses fascinating questions in the fields of women s studies labor history social policy and family history

NKJV FamilyLife Marriage Bible Dennis Rainey,2010-04-13 With articles and insights by Dennis and Barbara Rainey The FamilyLife Marriage Bible covers many of the issues facing husbands and wives resolving conflict communicating effectively raising godly children rekindling romance together loving difficult family members and more *A Labour of Love* Janet Finch,Dulcie Groves,2022-08-24 What are the realities of community care the unpaid care given by hundreds of thousands of women often in their own homes for children and adults who are handicapped or chronically sick or for frail elderly people Originally published in 1983 this book explores the experiences of such women and the dilemmas which caring poses for them At a time when most women needed to earn money from a paid job how did carers manage to juggle their caring and other domestic responsibilities and what happened if they had to give up work Against a background of government policies which favour care by the community the contributors to this book raise crucial issues for social and economic policy Hilary Graham examines what caring really means and Clare Ungerson asks why women do it Sally Baldwin and Caroline Glendinning focus on mothers with handicapped children and Fay Wright on single adults with elderly dependants Alan Walker highlights the dependencies implicit in caring relationships with the elderly Lesley Rimmer looks at the economic costs of care and Dulcie Groves and Janet Finch examine the invalid care allowance a carers benefit for which married women can never qualify In exploring the domestic sector of welfare *A Labour of Love* was a highly topical contribution to the debate both on welfare provision and on the division of labour between men and women at the time Where There Is Love, There Is God Mother Teresa,2010-08-10 Mother Teresa s relationship with God and her commitment to those she served the poorest of the poor is here powerfully explored in her own words Taken largely from her private lessons to her sisters published here for the first time *Where There is Love There is God* unveils her extraordinary faith in and surrender to God s will This book is in some way a sequel to *Mother Teresa Come Be My Light* in which her own very private spiritual struggles were explained Sent to alleviate the sufferings of the poor she assumed their struggles and pain in the depths of her heart This led to particularly intense anguish which she lived through with heroic courage and fidelity over several decades As important as this aspect of her life is that remarkable testimony of her life and her words intensifies the need and desire to know more of her thought There is much she can teach us as we face our daily struggles or sufferings which can at times be unusually severe *Where There is Love There is God* though not an exhaustive anthology of Mother Teresa s teaching nonetheless shows what she believed and taught about important issues that confront all people Due to her constant interaction with people of diverse backgrounds no life situation was foreign to her and in this book her role is primarily one

of teacher and guide Love is perhaps the word that best summarizes Mother Teresa's life and message. The title reflects what she proclaimed during her entire life: God is alive, present, and still loves the world through you and through me. Mother Teresa sought to be an extension of God's heart and hands in the world of today. She was called to be a missionary of charity, a carrier of God's love to each person she met, especially those most in need. Yet she did not think that this was a vocation uniquely hers; each person is in some way called to be a carrier of God's love. Through the practical and timely advice she offers, Mother Teresa sets us on the path to closer union with God and greater love for our brothers and sisters.

MOTHER TERESA 1910-1997 was born in Skopje, present-day Macedonia, and joined the Sisters of Loreto in Dublin in 1928. She left the Loreto order in 1948 to begin the Missionaries of Charity in Calcutta. Her service to the poorest of the poor became her life's work. She was awarded the Nobel Peace Prize in 1979 and was beatified in 2003.

Editor of *Mother Teresa Come Be My Light*

FATHER BRIAN KOLODIEJCHUK M.C. Ph.D. was associated with Mother Teresa for twenty years and is now director of the Mother Teresa Center, which has offices in California, Mexico, India, and Italy.

What you are doing, I cannot do; what I am doing, you cannot do; but together we are doing something beautiful for God, and this is the greatness of God's love for us. To give us the opportunity to become holy through the works of love that we do, because holiness is not the luxury of the few. It is a very simple duty for you, for me, you in your position, in your work, and I and others, each one of us, in the work in the life that we have given our word of honor to God. You must put your love for God in a living action.
