The Love Debate Poems of Christine de Pizan Barbara K. Altmann, Christine de Pisan, Christine (de Pisan), 1998

Altmann is making a major contribution by providing this much needed text of Christine's significant but inadequately known debate poems together with essential philological codicological and historical background annotations together with a landmark literary critical preface Nadia Margolis editor The Christine de Pizan Society Newsletter This new edition of Christine de Pizan's love debate poems supercedes the only other modern edition 1886 by working from all existing fifteenth century versions and by using as a base manuscript the version now generally acknowledged as the definitive copy The poems *Livre du Debat de deux amans* the *Livre des Trois jugemens* and the *Livre du Dit de Poissy* are spirited discussions of approximately 2000 lines concerning the finer points of late medieval love doctrine and protocol Written early in the fifteenth century they are significant both because of their contribution to the tradition of debates and dits by such authors as Guillaume de Machaut Jean Froissart and Alain Chartier and because their author is arguably the most important female writer in the west before Austen Alongside the texts Altmann provides the first extended study of these debates in their own right offering a literary historical background to the form analyzing Christine's use of the traditional form and content of the love debate and providing sections on the codicology and philology of the poems She also provides an introduction summary and textual notes for each of the poems as well as a glossary for nonspecialist readers Barbara K Altmann is associate professor of French at the University of Oregon and author of articles on French medieval verse in French Studies and elsewhere

Joan of Arc and Christine de Pizan's Ditié Karen Green, 2021-06-29 Grounded in a close reading of the records of Joan's trial and rehabilitation on the early letters announcing her arrival at Chinon and on three literary works Christine de Pizan's Ditié Martin le Franc's Le Champion des dames and Alain Chartier's Trait de l'Esperance this controversial work argues that serious historians should accept that Joan was trained It proposes that she was identified and taught how to behave in the expectation of the fulfillment of the Charlemagne Prophecy and other prophecies from the Joachite tradition It explores the possibility that Christine de Pizan who had been promoting these prophecies from the beginning of the century had some hand in the process that resulted in Joan's appearance and demonstrates at the very least that there are many links connecting Christine de Pizan to the knights who fought with Joan

The Political Theory of Christine De Pizan Kate Langdon Forhan, 2018-02-06 This title was first published in 2002 Christine de Pizan

held no political office and her work was not influential on any political theorist living today. However, in the disciplines of women's studies and French literature, she has inspired intellectual debate so much that the two sides of the debate are referred to as Christinophiles and Christinoclasts. This book presents the political paradoxes of Christine de Pizan. She was a woman in a man's world, an Italian at a French court, and the daughter of a civil servant in a world structured by social class. Her corpus of political works includes five works designed to educate the male ruling class, two works expressly for princesses, and a treatise on warfare. The goal of this book is to outline the political theory of Christine de Pizan and situate her ideas within the history of political ideas in general.

A Companion to Guillaume de Machaut Deborah McGrady, Jennifer Bain, 2012-08-27. Offering the first comprehensive study of Guillaume de Machaut's vast corpus of text and music, the 18 essays in this collection explore the author's engagement with the ethical, political, and aesthetic concerns of his time. Building on interdisciplinary interest in Machaut, this collection broadens discussion of his work by exploring overlapping interests in his poetry and music, addressing lesser-studied writings, offering fresh perspectives on lyric authorial voice and performance, and engaging more critically with his reception by medieval bookmakers, modern editors, and the music industry. The result is a promising map for future research in the field that will be of interest to students and specialists alike.

Christine de Pizan and the Fight for France Tracy Adams, 2014-09-05. In *Christine de Pizan and the Fight for France*, Tracy Adams offers a reevaluation of Christine de Pizan's literary engagement with contemporary politics. Adams locates Christine's works within a detailed narrative of the complex history of the dispute between the Burgundians and the Armagnacs, the two largest political factions in fifteenth-century France. Contrary to what many scholars have long believed, Christine consistently supported the Armagnac faction throughout her literary career and maintained strong ties to Louis of Orleans and Isabeau of Bavaria. By focusing on the historical context of the Armagnac-Burgundian feud at different moments and offering close readings of Christine's poetry and prose, Adams shows the ways in which the writer was closely engaged with and influenced the volatile politics of her time.

Alain Chartier Joan E. McRae, 2004-08-02. *Belle dame sans merci* (Beautiful lady with no mercy, 1424) is not readily available in modern English translation elsewhere, making this an essential addition to any library with a medieval literature or French literature collection.

of these and other documents including both poetry and letters that offer a vivid account of this important controversy As the first dual language version of the Quarrel documents this volume will be of great interest to medievalists and an ideal addition to the Routledge Medieval Texts series Along with translations of the actual debate epistles the volume includes several relevant passages from the Romance of the Rose as well as a chronology of events and ample biography of source materials

Controlling Readers Deborah L. McGrady, 2012-12-17 Guillaume de Machaut 1300-1377 was the master poet of fourteenth century France He established models for much of the vernacular poetry written by subsequent generations and he was instrumental in institutionalizing the lay reader In particular his longest and most important work the *Voir dit* calls attention to the coexistence of public and private reading practices through its intensely hybrid form sixty three poems and ten songs invite an oral performance while forty six private prose letters as well as elaborate illustration and references to its own materiality promote a physical encounter with the book In *Controlling Readers* Deborah McGrady uses Machaut's corpus as a case study to explore the impact of lay literacy on the culture of late medieval Europe Arguing that Machaut and his bookmakers were responding to contemporary debates surrounding literacy McGrady first accounts for the formal invention of the lay reader in medieval art and literature then analyses Machaut and his bookmakers innovative use of both narrative and bibliographical devices to try to control the responses of his readers and promote intimate and sensual reading practices in place of the more common public performances of court culture McGrady's erudite and exhaustive study is key to understanding Machaut his works and his influence on the history of reading in the fourteenth century and beyond
