Learning to Love Eileen Caddy, David Earl Platts, 2018-11-06 An insightful guide for consciously bringing compassion and love into your life Explores feelings attitudes beliefs and past experiences that block us from loving and receiving love Includes deceptively simple yet profound exercises meditations and visualizations to support the exploration of your inner world Explains how these principles and techniques originated in Roberto Assagioli s system of psychosynthesis enriched by the Findhorn experience of living in community Every person is born with the capacity to love Over time however many of us have built barriers within ourselves as a reaction to painful experiences and following these we often develop fears beliefs and behaviors that keep these barriers firmly in place The primary lesson in life is to learn to love and this starts right on our doorstep Often it is self doubt and feelings of unworthiness that hold us back from experiencing all the love around us Only when we start to love and accept ourselves with all that we are can we love others freely and fully Learning to love requires an intention to change and a willingness to take action Once we understand how to work with our doubts and fears and learn how to change our beliefs and behavior our barriers will melt away and we spontaneously open up to connect deeply and harmoniously with the full flow of the river of life In this simple yet insightful guide Eileen Caddy and David Earl Platts detail the down to earth practicalities of exploring feelings attitudes beliefs and past experiences that block us from loving and from receiving love They show how bringing more love into our lives is not a mystery but often a journey back to ourselves and our core values The authors examine the feelings of acceptance trust forgiveness respect opening up and taking risks among others within a framework of compassionate understanding and non judgment Deceptively simple yet profound exercises meditations and visualizations support the reader in examining their inner world and implementing these vital concepts into their lives The teachings in the book are based on popular workshops

that Eileen co founder of the Findhorn Foundation Community and David facilitated for years in and outside Findhorn Many of the underlying principles and techniques originate in the system of psychosynthesis devised by Roberto Assagioli Learning to Love invites you to make a free and informed choice to bring more love into your life and then helps you implement this choice step by step with confidence and joy **Love is a Risk** Jennifer Taylor,1992 [Love Laughs at Locksmiths: a comic opera: in two acts, etc. \[By George Colman, the Younger.\] ,1803](#) [Dangerous Love](#) Jennifer Leigh Syvertsen,2022-11-01 A free open access ebook is available upon publication Learn more at www.luminosoa.org The relationships between female sex workers and their noncommercial male partners are often assumed to be coercive and anchored in risk dismissed as pimp prostitute arrangements by researchers and the general public alike Yet these stereotypes unjustly erase the complexity of lives we imagine to be consumed by social suffering Dangerous Love centers a framework of love to rethink sex workers intimate relationships as commitments to collective solidarity and survival in contexts of oppression Combining epidemiological research and ethnographic fieldwork in Tijuana Mexico Jennifer Leigh Syvertsen examines how individuals try to find love and meaning in lives marked by structural violence social marginalization drug addiction and HIV AIDS Linking the political economy of inequalities along the border with emotional lived experience this book explores how intimate relationships become dangerous safe havens that fundamentally shape both partners well being Through these stories we are urged to reimagine the socially transformative power of love to carve new pathways to health equity **Love and Second Chances** Pasquale De Marco,2025-08-09 Love and Second Chances is a book about love second chances and the resilience of the human spirit It is a collection of essays and stories that explore the different ways that we can find love lose love and find love again Written in a warm and conversational style Love and Second Chances is full of personal anecdotes and insights that will resonate with readers of all ages Pasquale De Marco writes with honesty and vulnerability about the challenges and rewards of love and his words will inspire you to believe in the power of love to heal to forgive and to give us the strength to carry on Love and Second Chances is divided into ten chapters each of which focuses on a different aspect of love The first chapter The Reunion explores the unexpected and often bittersweet experience of reuniting with a former lover The second chapter The Road Not Taken examines the choices we make in life and the paths we don t choose The third chapter Second Chances looks at the power of forgiveness and the possibility of redemption The fourth chapter The Heart s Journey is a meditation on the complexities of love The fifth chapter The Power of Hope explores the importance of never giving up on our dreams The sixth chapter Facing the Past examines the shadows of the past and the lessons we can learn from them The seventh chapter The Meaning of Family celebrates the bonds that connect us to our loved ones The eighth chapter The Pursuit of Happiness looks at the different paths to happiness and the importance of self acceptance The ninth chapter The Gift of Time explores the passage of time and the importance of living life to the fullest The tenth and final chapter The Circle of Life reflects on the beauty and inevitability of change Love and Second Chances is a book for anyone
