My Song: Memoir of an ER

Physician Craig Dean, MD, 2014-05-12 Thirty years in the making one hundred thousand patients later the hundred numinous patients I will forever treasure It has been said that memoirs are the narratives of our life and as such become the manner and method of how we make sense out of our life s journey Indeed I could not imagine my life without my career in the ER since without it I would truly feel like a naked wizened skeleton devoid of skin flesh or viscera The ER experience was the alchemist s stone that touched my ordinary life and in so many ways made it exquisitely gilded Many were the patients that stirred the invisible fabric of my soul and made the ordinary universe seem so much more expansive and unequalled The magnificence of the ER flows from the commanding variety of patients not unlike the arresting diversity of flora in the plant kingdom renders a regal awe upon the eyes and souls of the beholder **Getting Back in the River** Sara Dumaine

way of addressing the personal and social challenges that we face Do we as humans have confidence in the basic goodness of humanity as well as of society itself As a Tibetan lama and spiritual leader this strikes me as our most compelling global issue The book revolves around a dialogue with my father the legendary Ch gyam Trungpa Whether his responses were direct or mystical he continuously returned to the topics of basic goodness and enlightened society Not only did he show me how I could become confident in their existence through awareness and meditation he also taught me how basic goodness is a socially viable standard that could stabilize and transform our world However this book is not a memoir or even a message It is an invitation to readers to reflect on their own basic goodness and the basic goodness of society and then contemplate the question Can we rouse our energy and confidence to create a good world that is founded on this principle I encourage you to join me in this contemplation Sakyong Mipham Living in Wisdom Devi Brown,2025-04-22 From a wellness educator and voice of the Chopra app this guide will help you relieve your internal suffering that is blocking your spiritual and personal growth Sometimes trauma can keep us from realizing and embracing all the good we cultivate our successes and achievements and positive relationships the beauty of life This book is for those who feel like something in life is missing but are in denial of their feelings so they remain stuck They lack the tools self trust and personal power to make their ideal life real In this space Devi Brown offers help for those struggling to recognize the barriers that keep them from experiencing joy vulnerability and self knowledge Sharing the wisdom she has gathered as a healer and master well being educator Brown guides readers along the path to self mastery through a combination of spirituality psychology ancient wisdom traditions edgy holistic self care and her own inspiring life experiences Readers will Learn aligned decision making Gain practices to alleviate internal suffering Expand awareness of their unhelpful patterns Discover an integrated approach to self love and self acceptance Live in embodied wellness For those seeking self improvement this is an essential manual for getting out of your head and into your life You can heal your life while fully living it and learn from life while enjoying it You can cultivate a stable inner peace even amidst chaos and release control to find the flow for your life s unique path *Motifs of Life* *Altering Experiences* Dr. Don J. Dyer,2014-02-25 Millions of readers and viewers have benefited from his experience and will welcome this behind the scenes look into his life Anna Jedrzejewski Retailing Insight magazine For many years Dr Wayne W Dyer s fans have wondered when he would write a memoir Well after four decades as a teacher of self empowerment and the best selling author of more than 40 books Wayne has finally done just that However he has written it in a way that only he can with a remarkable take home message for his longtime followers and new readers alike and the result is an exciting new twist on the old format Rather than a plain old memoir Wayne has gathered together quantum moment recollections In this revealing and engaging book Wayne shares dozens of events from his life from the time he was a little boy in Detroit up to present day In unflinching detail he relates his vivid impressions of encountering many forks in the road taking readers with him into these formative experiences Yet then he views the events from his current perspective noting what lessons he ultimately learned as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service As a reader you will feel as if you are right there with Wayne perusing his personal photo album and hearing about his family his time in the service how he writes his best selling books and so much more In the process you ll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now Wayne has discovered that there are no accidents Although we may not be aware of who or what is moving the checkers life has a purpose and each step of our journey has something to teach us As he says I wasn t aware of all of the future implications that these early experiences were to offer me Now from a position of being able

to see much more clearly I know that every single encounter every challenge and every situation are all spectacular threads in the tapestry that represents and defines my life and I am deeply grateful for all of it I Can See Clearly Now is an intimate look at an amazing teacher but it also holds the key for seekers on a personal path of enlightenment Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses helping us accomplish the mission we came here to fulfill
