Making Meaning in Popular Romance Fiction Jayashree Kamblé, 2014-08-07 Despite pioneering studies the term romance novel itself has not been subjected to scrutiny This book examines mass market romance fiction in the U K Canada and the U S through four categories capitalism war heterosexuality and white Protestantism and casts a fresh light on the genre Historical Dictionary of African American Cinema S. Torriano Berry, Venice T. Berry, 2015-05-07 As early as 1909 African Americans were utilizing the new medium of cinema to catalogue the world around them using the film camera as a device to capture their lives and their history The daunting subject of race and ethnicity permeated life in America at the turn of the twentieth century and due to the effect of certain early films specific television images and an often biased news media it still plagues us today As new technologies bring the power of the moving image to the masses African Americans will shoot and edit on laptop computers and share their stories with a global audience via the World Wide Web These independently produced visions will add to the diverse cache of African American images being displayed on an ever expanding silver screen This wide range of stories topics views and genres will finally give the world a glimpse of African American life that has long been ignored and has yet to be seen This second edition of Historical Dictionary of African American Cinema covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1400 cross referenced entries on actors actresses movies producers organizations awards and terminology this book provides a better understanding of the role African Americans played in film history This book is an excellent access point for students researchers and anyone wanting to know more about African American cinema **New Approaches to Popular Romance Fiction** Sarah S.G.
