My Father and Your Father William Landon, 2003-10-20 This book is an attempt to relate the wonderful biblical truths about the possibility of having a living personal relationship with God This truth comes down through the entire history of the Christian faith as well as in the Bible Yet there is very little teaching or promotion of this truth in organized religion This lack of a presentation of the message of God as our Father results in a corresponding lack of power and freedom for effective daily living in the Christian community Sadly many people in religious organizations not to mention people outside the religious system doubt if a personal relationship with God is even possible This is even sadder when we consider the Bible is very clear on this point The Bible tells us that a personal relationship with God as our Father is not only possible but this relationship is God's greatest desire for us It is Bill Landon's hope that this book will be an encouragement for those people who seek a spiritual life that has more practical impact on their daily living For those who wish to explore the possibilities of a greater

peace and fullness in their living this book can be a help **WE-hood** Ralph M. Reeves MD,2020-04-24 We humans are capable of great relationships That is we are capable of grand WE hood This is our heritage though it is often unclaimed In this book we explore this heritage not merely by theorizing about it but rather by presenting several actual statements of relationship in psychotherapy that clearly embody WE hood We will celebrate and study these statements and their significance We will find that they are significant not only for the pair of persons with whom they came into being but also for the broader world After we explore those human to human statements we will note that WE hood is also said to characterize the divine We will consider parallels between the WE hood attributed to the divine and the WE hood that is observable in human partners in dialogue Then we will be surprised to see how these two realms of human and divine can come together and lead to much deepening of the relationships This deepening will also inform the broader world of language and communication and wisdom and love Dance in wonder Indianizing Film Freya Schiwy,2009-04-22 Latin American indigenous media production has recently experienced a noticeable boom specifically in Bolivia Ecuador and Colombia Indianizing Film zooms in on a selection of award winning and widely influential fiction and docudrama shorts analyzing them in the wider context of indigenous media practices and debates over decolonizing knowledge Within this framework Freya Schiwy approaches questions of gender power and representation Schiwy argues that instead of solely creating entertainment through their work indigenous media activists are building communication networks that encourage interaction between diverse cultures As a result mainstream images are retooled permitting communities to strengthen their cultures and express their own visions of development and modernization Indianizing Film encourages readers to consider how indigenous media contributes to a wider understanding of decolonization and anticolonial study against the universal backdrop of the twenty first century **ICSED 2020** Muhammad Nur Sa'ban,Benni Setiawan,Danu Eko Agustinova,Sutanto Trijuni Putro,Robbi Rahim,2020-11-04 The theme of the conference is Reconstructing Morals Education and Social Sciences for Achieving Sustainable Development Goals This theme was formulated due to several considerations First the symptoms of moral decline that have the potential to destroy the nation Morals guide humanity towards truth and civilization The phenomenon of the dehumanization process in the industrial era that pushed people to be part of abstract societies tends to ignore humanity The education process as a humanitarian system is increasingly marginalized especially during discussions about the industrial revolution 4 0 and Society 5 0 The conference placed six sub themes for speakers and participants to share ideas namely Social Sciences and Laws History and Cultural Studies Interdisciplinary Studies Morals and Humanities Policy Politics and Communication Education The committee has received 195 abstracts from prospective speakers However there are only 80 abstracts that are eligible to be presented at this conference **Essentials of Spiritual Warfare** A.
