I began to evaluate my life's food choices and my horrible diet. After making necessary but painful changes and adding daily exercise, I lost over seventy five pounds in one year. This was the beginning of healing my soul. I wrote *The Good Days* to pass on to my future generations who are caught in the struggle of not knowing the basics of healthy shopping, cooking, proper food storage and safe food temperatures. I wrote this book for those who feel they were never taught another style of cooking for those who have no cooking experience and for those who want to change unhealthy eating but have no idea how to stop the cycle of eating processed foods or prepackaged foods. I gratefully introduce *Healing My Soul: The Good Days Cookbook* volume 1. My recipes are simple and creative. I introduce several new vegetables, brown rice varieties, Lavash bread, which is simply making your own low fat low sodium crackers, vegetable soup, vegetable stir fry and vegetable and fruit filled salad.

Path to Soul to Heal Jono Roberts,2024-02-28 Path to Soul to Heal is a simple but powerful take on how the author healed their body even though Western medicine says there is no cure for autoimmune diseases Fortunately God told him the truth The body will heal when you align with me and I will guide you On this healing journey he celebrates the amazing connection that each one of us has with God and the universe He answers questions such as How can we properly nourish our physical bodies How can we overcome a state of fear How has humanity manipulated the Bible The author observes that we have a food system that does not care about health and a health system that does not care about food We are deliberately and constantly bombarded with toxins to keep us in a low vibrational state of fear hopelessness and sickness But by working with God we can achieve a type of healing that virtually everyone says is impossible Join the author as he celebrates what s possible when we look to the Lord for answers
