iconography and drawing equally on eastern and western mythology his work represents a compelling and profoundly contemporary hybridization of aesthetics and sensibilities His opulent and intricately detailed paintings of fantastical worlds often with surfaces inlaid with vibrantly colored jewels and painted in enamel reveal an eclectic fusion of influences from Persian carpets and Northern Renaissance painting to industrial materials and Japanese lacquerware but ultimately reflect the universality of the human condition Collected here in the first comprehensive monograph on the artist to date are more than 100 of Shaw s works representing thirty years of painting in which intricate detail rich color and bejeweled surfaces mask the intensity and depth of his imagery
