A NOVEL

The book cover features a stylized illustration of a dark car driving on a road at night. The car's headlights are on, illuminating the path ahead. The background shows a dark blue sky with a bright, glowing sun or moon in the upper right corner. There are some trees and a small structure in the distance. The overall mood is mysterious and atmospheric.

Russell  
Hill

"One of the most wonderful road stories in recent memory ... If you thought *Rain Man* was a moving story of how a cynic can become a loving fella, this book does it even better. A great one."

*Family or Freedom* Emily West,2012-11-01 In the antebellum South the presence of free people of color was problematic to the white population Not only were they possible assistants to enslaved people and potential members of the labor force their very existence undermined popular justifications for slavery It is no surprise that by the end of the Civil War nine Southern states had enacted legal provisions for the voluntary enslavement of free blacks What is surprising to modern sensibilities and perplexing to scholars is that some individuals did petition to rescind their freedom *Family or Freedom* investigates the incentives for free African Americans living in the antebellum South to sacrifice their liberty for a life in bondage Author Emily West looks at the many factors influencing these dire decisions from desperate poverty to the threat of expulsion and demonstrates that the desire for family unity was the most important consideration for African Americans who submitted to voluntary enslavement The first study of its kind to examine the phenomenon throughout the South this meticulously researched volume offers the most thorough exploration of this complex issue to date Lucy Boomer Ezra

forge agreements among states first before federal intervention In Silver Fox of the Rockies Daniel Tyler tells Carpenter s story and that of the great interstate water compacts he helped create Those compacts produced in the early twentieth century have guided not only agricultural use but urban growth and development throughout much of the American West to this day In Carpenter s time most western states relied on the doctrine of prior appropriation first in time first in right which granted exclusive use of resources to those who claimed them first regardless of common needs Carpenter feared that population growth and rapid agricultural development in states sharing the same river basins would rob Colorado of its right to a fair share of water To avoid that eventuality Carpenter invoked the compact clause of the U S Constitution a clause previously used to settle boundary disputes and applied it to interstate water rights The result was a mechanism by which complex issues involving interstate water rights could be settled through negotiation without litigating them before the U S Supreme Court Carpenter believed in the preservation of states rights in order to preserve the constitutionally mandated balance between state and federal authority Today water remains critically important to the American West and the great interstate water compacts Carpenter helped engineer constitute his most enduring legacy Of particular significance is the Colorado River Compact of 1922 without which Hoover Dam could never have been built **Family Bonds** Ted

Maris-Wolf,2015-04-20 Between 1854 and 1864 more than a hundred free African Americans in Virginia proposed to enslave themselves and in some cases their children Ted Maris Wolf explains this phenomenon as a response to state legislation that forced free African Americans to make a terrible choice leave enslaved loved ones behind for freedom elsewhere or seek a way to remain in their communities even by renouncing legal freedom Maris Wolf paints an intimate portrait of these people whose lives liberty and use of Virginia law offer new understandings of race and place in the upper South Maris Wolf shows how free African Americans quietly challenged prevailing notions of racial restriction and exclusion weaving themselves into the social and economic fabric of their neighborhoods and claiming through unconventional or counterintuitive means certain basic rights of residency and family Employing records from nearly every Virginia county he pieces together the remarkable lives of Watkins Love Jane Payne and other African Americans who made themselves essential parts of their communities and in some cases gave up their legal freedom in order to maintain family and community ties Stuffings James Prideaux,1973

Hilde, 2020-10-01 Analyzing published and archival oral histories of formerly enslaved African Americans Libra R Hilde explores the meanings of manhood and fatherhood during and after the era of slavery demonstrating that black men and women articulated a surprisingly broad and consistent vision of paternal duty across more than a century Complicating the tendency among historians to conflate masculinity within slavery with heroic resistance Hilde emphasizes that while some enslaved men openly rebelled many chose subtle forms of resistance in the context of family and local community She explains how a significant number of enslaved men served as caretakers to their children and shaped their lives and identities From the standpoint of enslavers this was particularly threatening a man who fed his children built up the master's property but a man who fed them notions of autonomy put cracks in the edifice of slavery Fatherhood highlighted the agonizing contradictions of the condition of enslavement and to be an involved father was to face intractable dilemmas yet many men tried By telling the story of the often quietly heroic efforts that enslaved men undertook to be fathers Hilde reveals how formerly enslaved African Americans evaluated their fathers including white fathers and envisioned an honorable manhood **Directory of Alumni** University of Nebraska (Lincoln campus), 1928

honor pulled the trigger Featuring a new introduction by the author this anniversary edition of a classic work offers readers a compelling view of Southern culture before the Civil War
