Keener,2021-10-19 Do miracles still happen today This book demonstrates that miraculous works of God which have been part of the experience of the church around the world since Christianity began continue into the present Leading New Testament scholar Craig Keener addresses common questions about miracles and provides compelling reasons to believe in them today including many accounts that offer evidence of verifiable miracles This book gives an accessible and concise overview of one of Keener's most significant research topics His earlier two volume work on miracles stands as the definitive word on the topic but its size and scope are daunting to many readers This new book summarizes Keener's basic argument but contains substantial new material including new accounts of the miraculous It is suitable as a textbook but also accessible to church leaders and laypeople Capitalism Magic Thailand Peter A Jackson,2021-12-13 By studying intersections among new cults of wealth ritually empowered amulets and professional spirit mediumship which have emerged together in Thailand's dynamic religious field in recent decades *Capitalism Magic Thailand* explores the conditions under which global modernity produces new varieties of enchantment Bruno Latour's account of modernity as a condition fractured between rationalizing ideology and hybridizing practice is expanded to explain the apparent paradox of new forms of magical ritual emerging alongside religious fundamentalism across a wide range of Asian societies In Thailand novel and increasingly popular varieties of ritual now form a symbolic complex in which originally distinct cults centred on Indian deities Chinese gods and Thai religious and royal figures have merged in commercial spaces and media sites to sacralize the market and wealth production Emerging within popular culture this complex of cults of wealth amulets and spirit mediumship is supported by all levels of Thai society including those at the acme of economic and political power New theoretical frameworks are presented in analyses that challenge the view that magic is a residue of

premodernity placing the dramatic transformations of cultic ritual centre stage in modern Thai history It is concluded that modern enchantment arises at the confluence of three processes neoliberal capitalism s production of occult economies the auraticizing effects of technologies of mass mediatization and the performative force of ritual in religious fields where practice takes precedence over doctrine *New World Witchery* Cory Thomas Hutcheson,2021-04-08 Explore Nearly 500 Samples of Folk Magic Stories Artifacts Rituals and Beliefs One of the most comprehensive collections of witchcraft and folk magic ever written *New World Witchery* shows you how to integrate folk traditions into your life and deepen your understanding of magic Folklore expert Cory Thomas Hutcheson guides you to the crossroads of folk magic where you ll learn about different practices and try them for yourself This treasure trove of witchery features an enormous collection of stories artifacts rituals and traditions Explore chapters on magical heritage divination familiars magical protection and spirit communication Discover the secrets of flying gathering and creating magical supplies living by the moon working contemporary folk magic and more This book also provides brief profiles of significant folk magicians healers and seers so you can both meet the practitioners and experience their craft With *New World Witchery* you ll create a unique roadmap to the folk magic all around you
