Magic For Two:

Black versus White Magic, the two Opposing Powers Helena Petrovna Blavatsky, 2018-05-16 When a Solitary Ray from the Infinite One is about to become the Many Duality interposes between It and Its finite differentiations In the mayavic worlds of being everything is dual Even the Divine Logos manifests as a double principle of Good and Evil In terms of human evolution the seeds of White and Black Magic were sown in Atlantis Though perfected in materiality Atlanteans degenerated in spirituality Black magic bestiality selfishness and self adoration spelled their demise Magic is arcane knowledge of the subjective side of Universe and Man and of the Occult laws and powers that govern their objective manifestations Arcane science misused is Sorcery wisely applied True Magic Black Magic is the predictable outcome of selfish motives For it is the motive and the motive alone which makes any exercise of power become black malignant or white beneficent Magic Practical Theosophy is the modern term for old Magic Metaphorically speaking Magic is the conscious reunion of Psyche with Cupid her beloved groom upon her return to their celestial abode or the re integration of Thought and Spirit This is the mystery that sanctifies marriage and every earnest hope for a better life Thus true Magic is the marriage of Nous Atma Buddhi with Manas a union where Will and Thought separated at the beginning of time become One again when self consciousness reaches the summit of divine power and inner knowledge When man was first created he couldn t commit any sin for he was mindless and therefore irresponsible The only vice of his origin was not his it has been committed by those who refused to fire him with self consciousness with its inherent freedom of thought and personal responsibility borne by informed decisions Gnosis is the Western term for the mysteries and destiny of our being both White and Black A metaphor for the same enigma is Resurrection or the Raja Yoga of Eastern Occultists Amongst Neoplatonists Raja Yoga is known as Theurgy Gnosis will either crown the pure with the sovereignty of their own spirit or crush the opportunist in the darkness of ignorance and earthy passions Theosophy is the keynote of our relationship with and in Divine Magic For Magic is the study and application of divine law Magic is the ancient Persian word for knowledge and embraces all Chaldeans sciences It is proficiency in Nature s hidden powers and laws or Secret Wisdom as it was taught in the sanctuaries of the Old World Magic is the Maha Magi or Maginsi of Medes and the Egyptians and the Meghiston of the Zoroastrians Ancient Magic is Secret Wisdom the very opposite of Diabolism It is the theurgy of Iamblichus the gnosis of Pythagoras the ecstasy of the Philaletheians the summit of Eastern Philosophy and Ethics Magic or Practical Occultism is the object of Yoga Mesmerism is another key to our inner nature It is the Gupta Vidya of the Eastern Occultists excellence in universal philosophy and pinnacle of human knowledge As Truth is One so the method for attaining It must be also one Its disciples help each other in their lessons The Witches of Thessaly are still amongst us But as Magic differs from Sorcery so the Magician differs from the Witch Hypnotism is Black Magic irrespective of whether conscious or unconscious There is little difference between Voodoos and the Vivisectionists of our age Therefore Western practitioners of the Black Arts should not have the punishment and reputation without the profits

and enjoyments they may get therefrom Selfish initiates lured by the glamour of power retrogress inexorably and curses always come home to roost There are Brothers of the Light and Brothers of the Shadow there are genuine seers and passive mediums there are High Planetary Spirits and their illusionary appearances on the psychic screen of mediumistic perceptions There is White Tantric Magic and its tainted counterpart there is Neoplatonic Theurgia and its opposite number Go tia Christians beware The New Testament is all about Unselfishness and Spirituality The Old Testament is a manual of Selfishness and Psychism At the apex of its development our Race will branch off to initiated Adepts Sons of Light and natural born mediums or Sons of Darkness the latter to be exterminated by fire when time expires We live in dangerous times There are scores of unconscious crimes committed and many innocent people punished Terror tremor and dreadful incidences as well as beauty peace and inspiration are true presentiments of what lies in the bosom of the future and much of which is already born Practical Theosophy is fraught with dangers for dabblers and neophytes alike No one should go into occultism or even touch it before he is perfectly acquainted with his own powers For it s all too easy to fall into Black Magic Even a deed of kindness done with partiality may become evil by stirring up animosity in the mind of others **The Golden Bough: pt.1-2.
