

MAGICAL IMAGES & THE MAGICAL IMAGINATION

The knowledge and use of magical images was once a closely guarded secret of initiates and adepts in the Mystery Schools. Gareth Knight gives easy-to-follow classifications of the various kinds of magical image, along with instructions for their use as agents of self realisation and spiritual service.

Indispensible for beginners and advanced practitioners alike, this book presents the theory and techniques of creative visualisation and meditation. These practical teachings range from the circulation of force within the aura for the purpose of balancing the personality to the development of a full magical system of pathworking, enabling deep contact with inner sources of wisdom.

Now in its third edition, a new section is included on the magical images of the Tarot, plus an extensive chapter on Qabalistic pathworking in the Western Mystery Tradition.

Magical Images And The Magical Imagination A Practical:

Magical Images and the Magical Imagination Gareth Knight, 2012 The knowledge and use of magical images was once a closely guarded secret of initiates and adepts in the Mystery Schools Gareth Knight gives easy to follow classifications of the various kinds of magical image along with instructions for their use as agents of self realisation and spiritual service Indispensable for beginners and advanced practitioners alike this book presents the theory and techniques of creative visualisation and meditation These practical teachings range from the circulation of force within the aura for the purpose of balancing the personality to the development of a full magical system of pathworking enabling deep contact with inner sources of wisdom Now in its third edition a new section is included on the magical images of the Tarot plus an extensive chapter on Qabalistic pathworking in the Western Mystery Tradition **Learning Ritual Magic** John Michael Greer, Earl King, Jr., Clare Vaughn, 2004-10-01 Learning Ritual Magic is a training manual for anyone serious about improving their magic based on the western mystery traditions including tarot ritual magic Qabalah and astrology What you get out of magic can be measured precisely by what you are willing to put into it and time is the essential ingredient in successful magical training the authors write And just as no one expects to run a marathon or play a Bach violin concerto without sufficient training so practitioners of the magical arts shouldn't expect to work complex powerful magical rituals without a solid grounding in the techniques of Hermetic high magic By spending at least a half hour a day practicing the lessons found in Learning Ritual Magic the solitary apprentice attains the proper groundwork and experience for working ritual magic Learning Ritual Magic provides lessons on meditation and a set of exercises designed to develop basic skills in imagination will memory and self knowledge all of which are absolute fundamentals to magical attainment While the authors discuss the essentials of magical theory they focus on daily basic perspectives rather than launching into details of advanced practice Designed for the solitary practitioner Learning Ritual Magic concludes with a ceremony of self initiation *Secrets of Western Sex Magic* U. D. Frater, U. D. (Frater), 2001 HARNESS THE MOST POWERFUL ENERGIES YOU HAVE EVER EXPERIENCED Unlock the powerful energies raised during the sex act and use them to manifest your deepest desires During the sex act your attention becomes focused into a laser beam of concentration This power of concentrated thought is the foundation of all magical systems Sex Magic's secret is that it's a tremendously powerful and easily learned way to consciously direct sexual energy and accomplish material and personal goals Male and female energies are often entirely different and it would be folly to deny this but experience shows that female magicians can be particularly successful in using and developing Sex Magic Consequently this book is aimed at both male and female readers unlike more traditional teachings written for men Of all secret lore Sex Magic has been reputed through the centuries to be the most dangerous Today we know that this attitude was largely a reflection of the hostility held towards the flesh held by repressive religions If we learn one thing from the shamanic cultures it is the strong emphasis upon the role of the body in magic Mind and Body

are two facets of the One Thing in which Will Imagination and Gnostic Trance are the three pillars of success Contrary to the principles of Eastern Tantra Western Sex Magic emphasizes the importance of actual orgasm both male and female Orgasm is the moment when the walls between consciousness and subconsciousness are sundered and direct access to the deeper levels of the psyche become possible freeing up possible paranormal powers Orgasm itself is sufficient to achieve gnostic trance provided that control is maintained and one does not simply lose consciousness as most people do at the moment of ecstasy Secrets Western Sex Magic teaches one of the oldest disciplines of this secret lore It is a complete system of Sex Magic in theory and practice with exercises to develop related abilities for visualization concentration breath control psychic energy arousal and flow along with full instructions on the projection of sexual energies for healing and manifestation their use in Sigil Magic and the charging of Amulets Talismans Group Ritual and the assumption of god forms when working as a priestly couple and the divine Chymical Marriage of ultimate union This book is also an introduction to the entire field of practical magic using our natural interest and involvement in sexual pleasure to illustrate and develop magical abilities and techniques

The Golden Dawn - A Key to Ritual Magic Gordon Strong,2014-07-25 The Esoteric Order of The Golden Dawn was a school of magic founded during the late nineteenth century one vowing to reveal all manner of occult knowledge to its members Celebrated among these were Florence Farr W B Yeats Charles Williams A E Waite and Pamela Colman Smith Its figurehead the autocratic Samuel MacGregor Mathers inaugurated ceremonies that melded Christian Mysticism the Qabalah and Hermeticism Such a potent brew would eventually ensure that the Golden Dawn would burst asunder in an esoteric apocalypse

The Magic Power of Mental Images Dean Amory,2013-05-15 Jos Ortegay Gasset was so impressed by the power of metaphors that he compared them to a tool for creation which God forgot inside of us when he created man When I asked myself where metaphors get this tremendous power from I realized that mankind has an even much more powerful tool at its disposition Mental Imagery Mental Imagery is the key to achieving our goals and the internal screen on which we project our dreams It allows us to simulate procedures familiarize with environments and situations before we get to know them in real life It helps us to relax but just as well will arouse us or prepare us for future actions With the help of Mental Imagery we can build confidence and readiness stimulate healing and recovery change our behaviour or literally borrow the mind of a genius How to learn and implement this power and benefit from its many advantages is what this book is all about

The Practical Art of Divine Magic Patrick Dunn,2015-08-08 The ancient world of Egypt Greece and Rome was home to a set of magical and spiritual technologies called theurgy that unite the practice of magic with the aims of religion Theurgy or godwork is the art of creating a stronger bond between the theurgist and his or her deities The results of this stronger bond were imminently practical stronger magic more meaningful existence and a better life With the fall of Rome these techniques faded into obscurity and many of them were lost forever This book revives restores and reinvents these practices for a contemporary pagan or magical practitioner A mixture of scholarly research and examination of source

Modern Magic: A Practical Treatise on the Art of Conjuring Maximilian Schele de Vere, Professor Hoffmann, 2011-01-01 Among the various branches of the conjuror's art none will better repay the labour of the student whether artist or amateur than the magic of cards It has the especial advantage of being in a great measure independent of time and place The materials for half its mysteries are procurable at five minutes notice in every home circle and even in the case of those tricks for which specially prepared cards etc are requisite the necessary appliances cost little and are easily portable two virtues not too common in magical apparatus Further the majority of card tricks are dependent mainly on personal address and dexterity and as such will always be highly esteemed by connoisseurs in the art Before very large audiences indeed the spectators being at a distance from the performer much of the effect of a card trick is lost which is probably the reason that of late years tricks of this class with a few exceptions have been rather neglected by professors and that many feats which in the times of Conus and Comte were numbered among the sensations of the day are now almost entirely forgotten We shall endeavour in the following pages after explaining the principles of sleight of hand applicable to cards and giving instructions for some of the best of the more commonplace feats to revive the recollection and we hope the practice of some of these brilliant performances The Cards The adept in sleight of hand should accustom himself to the use of every description of cards as frequently none but the ordinary full sized playing cards may be available Where however the choice is open to him he should use in the actual performance of tricks cards of a smaller and thinner make The common French cards answer the purpose very well Among cards of English make some of the best for the purpose are the small cards of the French pattern made by De La Rue Co for use in France and those known as the Tankerville cards both imported by Peck Snyder 124 Nassau Street New York City which are thin well made and of small size but of the English pattern In any case it is well to use only the piquet pack of thirty two cards the twos threes fours fives and sixes being removed the complete whist pack being inconveniently bulky for sleight of hand purposes

Esoteric Medicine and Practical Magic Samael Aun Weor, 2020-07-22 In ancient times only the wisest were trusted with medical knowledge for it bears power over life and death The remedies and methods of those seers may have been abandoned by modern civilization but they have been preserved and retain their power Throughout all of our most sacred traditions it is known that Nature is the source for all genuine medicine The teachings of Hippocrates Paracelsus Galen Tibetan tantras and others all agree that a properly prepared individual can use Nature to cure any illness Samael Aun Weor lived in close contact with the mysterious natives of

the Sierra Nevada of South America who have been in self imposed isolation from the rest of the world for hundreds of years The priests and doctors of that region taught him and his wife Litelantes their system of training and many of their healing methods revealed here to the public for the first time Perhaps most astonishing is that the philosophy and spiritual concepts are fundamentally the same as the ancient knowledge of the Greeks Tibetans Hindus and others This collection of hundreds of techniques and practices will guide you to awaken consciousness perform healing for yourself and others and return to the core medical knowledge of the ages Do not undervalue these remedies because of the modest way in which they are presented or because of their simplicity The author has tested in various cases all of the formulae and works of practical magic contained in this book Remember that this is not a game for children but a work for mature individuals I Samael Aun Weor give testimony of my work

Three Great Books on Magic Franz Bardon,2020-12-06 This volume contains three books of Franz Bardon 1 Initiation into Hermeticism 2 The Practice of Magical Evocation 3 The True Key to the Quabbalah In reality magic is a sacred science it is in the very true sense the sum of all knowledge because it teaches how to know and utilize the sovereign rules There is no difference between magic and mysticism or any other conception of the name Wherever authentic initiation is at stake one has to proceed on the same basis according to the same rules irrespective of the name given by this or that creed Considering the universal polarity rules of good and evil active and passive light and shadow each science can serve good as well as bad purposes Let us take the example of a knife an object that virtually ought to be used for cutting bread only which however can become a dangerous weapon in the hands of a murderer All depends on the character of the individual This principle goes just as well for all the spheres of the occult sciences In my book I have chosen the term of magician for all of my disciples it being a symbol of the deepest initiation and the highest wisdom
