Transnational America Russell Duncan, Clara Juncker, 2004 This is an interdisciplinary analysis of the interaction between today's globalisation and Americanisation Transnationalism involves a loosening of boundaries a deterritorialisation of the nation state and higher degrees of interconnectedness among cultures and peoples across the globe As people make transnational voyages and live lives of flexible citizenship in two or more cultures they adhere to a new type of nationalism that creates an exclusionist discourse and builds the Other as conservative defenders of cruder territorial loyalties This transnational solidarity a new communitarianism beyond the loyalties to any one place or ethnic group threatens the old order with its conceptions that assimilation and integration will remake the foreigner into a particular national citizen The authors address the complex issues of globalisation American mythology Christian proselytising modern slavery conspiracy theory apocalyptic terrorism Vietnam stories international feminism changing gender roles resurgent regionalism and the changing definitions of place

Hispanic and Latino New Orleans Andrew Sluyter, Case Watkins, James P. Chaney, Annie M. Gibson, 2015-12-07 Often overlooked in historic studies of New Orleans the city's Hispanic and Latino populations have contributed significantly to its development Hispanic and Latino New Orleans offers the first scholarly study of these communities in the Crescent City This trailblazing volume not only explores the evolving role of Hispanics and Latinos in shaping the city's unique cultural identity but also reveals how their history informs the ongoing national debate about immigration As early as the eighteenth century the Spanish government used incentives of land and money to encourage Spaniards from other regions of the empire particularly the Canary Islands to settle in and around New Orleans Though immigration from Spain declined markedly in the wake of the Louisiana Purchase the city quickly became the gateway between the United States and the emerging independent republics of Latin America The burgeoning trade in coffee sugar and bananas attracted Cuban and Honduran immigrants to New Orleans while smaller communities of Hispanics and Latinos from countries such as Mexico Puerto Rico and Brazil also made their marks on the landscapes and neighborhoods of the city particularly in the aftermath of Hurricane Katrina Combining accessible historical narrative interviews and maps that illustrate changing residential geographies Hispanic and Latino New Orleans is a landmark study of the political economic and cultural networks that produced these diverse communities in one of the country's most distinctive cities

The Latino Question Armando Ibarra, Alfredo Carlos, Rodolfo D Torres, 2018-08-20 While so many Latino Chicano Americans struggle in pursuit of the American dream while figures such as Donald Trump are accepted in

mainstream politics and scaremongering and paranoia is rife the need for a vivid empirically grounded study on Latino politics culture and society has never been greater The Latino Question fulfils this need offering a cutting edge analysis of the transformative nature of Latino politics in the US In a radical alternative to dominant ideas the authors emphasise the importance of political economy for understanding Latino politics culture and social issues It draws from original research and a number of critical traditions including the thought of Karl Marx and Antonio Gramsci to understand the politics of race and ethnicity in a modern capitalist society Including case studies of how Latino Chicano communities across the US are not only resisting but also reinventing and transforming ethnic politics in the age of neoliberalism this book is required reading for all those hoping to understand the Latino question in contemporary America **La Vida Sacra** James
