Magpies And Sunsets:

The Trend of the Ages, and Other Verses John Keith McDougall, 1922 **The Magpies: The Ecology and Behaviour of Black-Billed and Yellow-Billed Magpies** Tim Birkhead, 2010-10-30 Two species of magpie feature in this book the Black billed Magpie familiar to most Europeans which occurs throughout much of the northern hemisphere and the Yellow billed Magpie which is confined to California Magpies are unmistakable in their appearance voice and extrovert arrogant manner While their persecution at the hands of gamekeepers over the last hundred years has made them wary and difficult to approach a number of recent field studies both in Europe and North America have successfully revealed the intricacies of the magpie way of life Tim Birkhead has studied both species and has produced a fascinating account of their ecology and behaviour Many of the results from his ten year study of magpies in northern England are published here for the first time Particularly revealing however is his comparison of the two species and of their different races Magpies occur in a wide range of habitats including English farmland the deserts of North America the mountains of Saudi Arabia and the windswept plateaus of Tibet As this book explains magpies are able to exploit this diversity of habitats largely through their remarkably flexible social behaviour The Magpies covers all aspects of their lives including their marital relationships food hoarding behaviour longevity and survival nesting behaviour breeding success and their controversial relationship with man The text is supported by numerous photographs diagrams and tables and superb illustrations by David Quinn **Sunset**, 1928 **Sun House** David James Duncan, 2023-08-08 An epic comedy about the quest for transcendence in an anything but transcendent America set amid the gorgeous landscapes of the American west A spiritual journey full of fun joy love courage and compassion Pulitzer Prize winning author Richard Powers from the author of the perennial cult bestsellers *The River Why* and *The Brothers K* A random bolt from a DC 8 falls from the sky killing a child and throwing the faith of a young Jesuit into crisis A boy's mother dies on his fifth birthday sparking a lifetime of repressed anger that he unleashes once a year in reckless duels with the Fate God or Power who let the coincidence happen A young woman on a run in Seattle experiences a shooting star moment that pierces her with a love that will eventually help heal the Jesuit the angry young man and innumerable others The journeys of this unintentional menagerie carry them to the healing lands of Montana and a newly founded community where nothing tastes better than Maker's Mark mixed with glacier ice and nothing seems less likely than the soul filling delight a troupe of spiritual refugees urban sophisticates road weary musicians and local cowboys begin to find in each other's company With *Sun House* David James Duncan continues exploring the American search for meaning and love that he began in his acclaimed novels *The River Why* and *The Brothers K* **Magpies and Sunsets** Neil Alexander Marr, 2003 *The Voyages of Magpie Ambon and Back* Harry Couper, 2016-06-06 Ambon in Indonesia is the finishing point for the annual Darwin to Ambon International Yacht Race Magpie was nominated for two consecutive years to participate in the handicap cruising class The second time Magpie raced to Ambon it was decided that the return journey would not be

back to Darwin but rather down the east coast of Australia to Adelaide South Australia This was an adventure that took seven months to complete and included hitting reefs visiting many of the islands of the Great Barrier Reef close encounters with wildlife and many other exciting events During a stopover at Black Head the bottom of New South Wales we heard the mayday call for the yacht Gypsy Moth V aground on the rocks at Gabo Island Crossing the notorious Bass Strait turned out to be a not as fearsome as expected as the seas were calm and we were able to see quite clearly the many offshore oil rigs
