Maharishi's Absolute Theory Of Defence: Sovereignty In Invincibility Maharishi Mahesh Yogi, 1996 Maharishi S Programme To Create A Prevention Wing In Every Military Offers Victory Before War *An Antidote to Violence* Barry Spivack, Patricia Anne Saunders, 2020-06-26 It is widely accepted that Transcendental Meditation TM can create peace for the individual but can it create peace in society as a whole And if it can what could possibly be the mechanism In *An Antidote to Violence* Barry Spivack and Patricia Anne Saunders examine the peer reviewed research and suggest that TM can influence the collective consciousness of a society which leads to a decrease in negative social trends such as a decline in war fatalities and to an increase in cooperation between nations Weaving together psychology sociology philosophy statistics politics physics and meditation *An Antidote to Violence* provides evidence that we have the knowledge to reduce all kinds of violence in society **The Post-Colonial Security Dilemma** Rebecca Strating, 2018-11-20 This book examines the development of Timor Leste's foreign policy since achieving political independence in 2002 It considers the influence of Timor Leste's historical experiences with foreign intervention on how the small new state has pursued security The book argues that efforts to secure the Timorese state have been motivated by a desire to reduce foreign intervention and dependence upon other actors within the international community Timor Leste's desire for real independence characterized by the absence of foreign interference permeates all spheres of its international political cultural and economic relations and foreign policy discourse Securing the state entails projecting a legitimate identity in the international community to protect and guarantee political recognition of sovereign status an imperative that gives rise to Timor Leste's aspirational foreign policy The book examines Timor Leste's key bilateral and multilateral diplomatic relations its engagement with the global normative order and its place within the changing Asia Pacific region *Craving the Creator* Philip F. Tomlinson Jr., 2014-08-07 Where did we come from Where are we going How can we get there Who is God What is God like To what extent can God be known Are beliefs influenced by our experiences Are experiences shaped by our beliefs How is the superstring field theorized by modern physicists related to us the universe and the Creator Are there higher states of human consciousness Can faith and science provide certain answers Have we abolished wonder mystery and play The nature of God puzzles me From one perspective God appears transcendental beyond my experience distant up in heaven From another perspective God is intimate personal imminent and to be found within me Is there only one God These questions and others have intrigued me on my spiritual journey My Catholic education helped me to identify and clarify them Three master's degrees and a doctorate in physiology helped me to appreciate research methods and to explore secrets of living systems Travels on three continents brought me into contact with people and traditions of other cultures I became a teacher of the Transcendental Meditation program founded by Maharishi Mahesh Yogi I lived under his direct guidance and taught Maharishi Vedic Science Surviving acute sicknesses chronic illness and a car accident helped me to develop a dearer appreciation for human kindnesses and the

to describe the use of consciousness based practices like meditation and prayer to support collective transformation such as global meditation directed toward peaceful resolution of a conflict Subtle activism represents a bridge between the consciousness movement and the movements for peace environmental sustainability and social justice It is not a substitute for physical action but rather a potentially crucial component of a more integrated approach to social change Although ancient lore is rife with tales of shamans and adepts intervening on spiritual levels for the benefit of humanity this book is the first comprehensive treatment of this topic Nicol grounds his consideration in the available scientific research and in dialogue with a broad range of thinkers in the fields of consciousness studies transpersonal theory and New Paradigm thought Many good books are published each year but important books are harder to come by One of the marks of a truly important book is that it challenges our deeply held convictions about what is real and what is possible in the world It opens new intellectual horizons by showing us previously hidden connections David Nicol s Subtle Activism is an important book a very important book from the Foreword by Christopher M Bache *Prescribing Health* David F.
