Princeton William R. "Bill" Archer,2006-05-24 Throughout its existence Princeton has been a community at a unique three way intersection connecting the heart of the Allegheny Mountain range with the fertile Valley of the Virginias to the east and the Cumberland Gap to the west In 1837 the Virginia General Assembly formed Mercer County named in memory of Revolutionary War general Hugh Mercer at the same time the countys seat was named in honor of the Battle of Princeton New Jersey the 1777 battle in which General Mercer died Twenty five years after the countys formation retreating Confederate soldiers burned the homes of the town of Princeton to the ground The coming of the Virginian Railroad in the first decade of the 20th century and the construction of the West Virginia Turnpike 40 years later transformed Princeton from a remote rural outpost into a vibrant center of commerce and ultimately led to the evolution of Princeton into a true crossroads for the region

West Virginia Turnpike, The William R. Archer,2023 The beautiful mountains of south central West Virginia can be simultaneously challenging and rewarding to travelers Pre Columbian First Nations people traversed the Allegheny Mountain Range for thousands of years before European settlers arrived The natural mountain barrier stood as a formidable challenge to the newcomers Union and Confederate forces traversed West Virginia but artillery trails and oxen paths were ill suited for trucks and automobiles During World War II Allied forces witnessed the significance of Germany s autobahn in terms of troop movement Still planning for a US interstate highway system evolved slowly In 1947

leaders in the West Virginia State Legislature approved funds to build a turnpike from Wheeling to Princeton Cost concerns prompted legislative leaders to modify the plan and select a route from Charleston to Princeton The southern part of the two lane version of the turnpike opened to nationwide acclaim in 1955 The unrivaled beauty of the 88 mile superhighway the incredible travel time savings and attractions including Tamarack a marketplace for West Virginia artists and artisans and a conference center have transformed the West Virginia Turnpike into an attractive destination excellent for visiting travelers as well as West Virginians **West Virginia History** ,2010 **Mercer County** William R. "Bill" Archer,2001-06-20

Originating almost a quarter of a century prior to the Civil War Mercer County West Virginia was named for General Hugh Mercer a Revolutionary War hero The county has been a crossroads for many events including the Civil War and the establishment of an industrial economy after the war ended When two mighty railroads the Norfolk Western and The Virginian began shipping coal and timber to the once agrarian area Mercer County blossomed into one of the five most highly populated counties of the Mountain State In 1671 colonial explorer Robert Fallam described what would become Mercer County in his journal as a pleasing tho dreadful sight to see the mountains and hills as if piled one upon another Despite extreme challenges residents of Mercer County developed a spirit of pride independence strength and genuine fellowship that today makes the region a warm and friendly place to call home As legend holds even the notorious outlaw Frank James was so overwhelmed by the hospitality he received in Mercer County in 1882 that he decided to pass on robbing the Bank of Princeton and instead robbed a bank in a neighboring county **A Field Guide to American Houses** Virginia Savage McAlester,2015-07-29 The fully expanded updated and freshly designed second edition of the most comprehensive and widely acclaimed guide to domestic architecture in print since its original publication in 1984 and acknowledged everywhere as the unmatched essential guide to American houses This revised edition includes a section on neighborhoods expanded and completely new categories of house styles with photos and descriptions of each an appendix on Approaches to Construction in the 20th and 21st Centuries an expanded bibliography and 600 new photographs and line drawings **West Virginia Wild Life** ,1929 **On This Day in West Virginia Civil War History** Michael B. horseback It took more than a century to break the mountain barrier and open the west to settlement In 1751 a private Virginia company pioneered a road from Maryland to Ohio challenging the French and Indians for the Ohio country Several wars stalled the road which did not start in earnest until after Ohio became a state in 1803 The stone paved Cumberland Road from Cumberland Maryland to Wheeling Virginia was complete by 1818 and over the next 30 years was traversed by Conestoga wagons and stagecoaches The Baltimore and Ohio Railroad the first general purpose railroad in the world started in Baltimore in the 1820s and reached Wheeling by 1852 uniting east and west
