*Ministers and Masters* Charity R. Carney, 2011-11-21 In *Ministers and Masters* Charity R Carney presents a thorough account of the way in which Methodist preachers constructed their own concept of masculinity within and at times in defiance of the constraints of southern honor culture of the early nineteenth century By focusing on this unique subgroup of southern men the book explores often debated concepts like southern honor and patriarchy in a new way Carney analyzes Methodist preachers both involved with and separate from mainstream southern society and notes whether they served as itinerants venturing into rural towns or remained in city churches to witness to an urban population Either way they looked spoke and acted like outsiders refusing to drink swear dance duel or even dress like other white southern men Creating a separate space in which to minister to southern men women and children oftentimes converting a dancehall floor into a pulpit they raised the ire of non Methodists around them Carney shows how understanding these distinct and often defiant stances provides an invaluable window into antebellum society and also the variety of masculinity standards within that culture In *Ministers and Masters* Carney uses ministers stories to elucidate notions of secular sinfulness and heroic Methodist leadership explores contradictory ideas of spiritual equality and racial hierarchy and builds a complex narrative that shows how numerous ministers both rejected and adopted concepts of southern mastery Torn between convention and conviction Methodist preachers created one of the many Souths that existed in the nineteenth century and added another dimension to the well documented culture of antebellum society

**Pastors in the Classics** Leland Ryken, Philip Ryken, Todd Wilson, 2012-01-01 Throughout the history of English literature church ministers have figured prominently in novels plays morality tales and even poetry *Pastors in the Classics* is a unique unprecedented collection of relevant literary masterpieces in which the pastor's experience is a major part of the story Part 1 is a reader's guide to twelve important classics written over four centuries and covering seven different nationalities Each chapter not only describes and interprets the work in question it also highlights a specific feature of pastoral ministry explored in the work Part 2 is a handbook that defines the canon of literary masterpieces that deal with the pastor's experience offering reading suggestions for both ministers and lovers of literature From the familiar *The Canterbury Tales* *Cry the Beloved Country* and *The Scarlet Letter* to the lesser known *Silence* *Witch Wood* to the surprising *A Portrait of the Artist as a Young Man* this collection uncovers the good the bad and the ugly ways in which pastors have been presented to the reading public for the past half millennium *Minister's*

*Prayer Book* Mary Jane Haemig, Chris Halverson, Robb Harrell, 2020-02-04 Since it first appeared in print in 1959 John Doberstein's Minister's Prayer Book has been a devotional classic among Lutheran pastors. Written by a pastor for other pastors, Doberstein's work recognizes the need for the pastor to drink from a well of rich resources to sustain the spiritual vitality needed to serve faithfully in parish ministry. The fact that this manual of devotion is still available more than fifty years later is a testament to the timelessness of the collection. Doberstein gathered as well as to his own pastoral acumen. Other than a minor revision made in 1986 by Philip Pfatteicher to update the prayers, there has been no attempt to bring fresh material to Doberstein's work, no attempt to update it for a new generation. Until now. This revised edition recognizes the increasingly diverse face of clergy. New resources, prayers and readings written by women, people of color, and Christians from around the world give the collection a broader appeal. The beauty of the Minister's Prayer Book is its intentional re-centering of the pastor's calling on word and sacrament on pastoral care and on being fully present and engaged in the lives of God's people.

The pastor in print Amy G. Tan, 2022-06-21 *The pastor in print* explores the phenomenon of early modern pastors who chose to become print authors, addressing ways authorship could enhance, limit, or change clerical ministry and ways pastor authors conceived of

their work in parish and print It identifies strategies through which pastor authors established authorial identities targeted different sorts of audiences and strategically selected genre and content as intentional parts of their clerical vocation The first study to provide a book length analysis of the phenomenon of early modern pastors writing for print it uses a case study of prolific pastor author Richard Bernard to offer a new lens through which to view religious change in this pivotal period By bringing together questions of print genre religio politics and theology the book will interest scholars and postgraduate students in history literature and theological studies and its readability will appeal to undergraduates and non specialists
