Ministry In Three Dimensions Ordination And Leadership In The Local Church:

Ministry in Three Dimensions Steven Croft, 2008 In *Ministry in Three Dimensions* Steven Croft outlines the challenges greater geographical and social mobility and older smaller congregations for example that today's society presents to the churches explaining that models of mission and ministry which were once perfectly adequate no longer work in this new situation. The author identifies some of the potentially harmful ways in which attempts have been made to meet these new challenges suggesting the use of secular management models as one such false trail. Far better and more fruitful is to recover a biblically based understanding of ministry. In scripture and through Church history he explores the dimensions of ministry indicated by three different Greek words found in the New Testament: *diakonia*, *presbyteros* and *episcopos*, uncovering the rich tradition surrounding what it means to be an ordained leader in the Church. Steven Croft draws out insights from which a new relevant understanding of ordained ministry can be built across the denominations and explores how to put these insights into practice suggesting ways in which each minister can balance the three dimensions in their own setting.

Apostles Today Benji G. McNair Scott, 2014-06-02 Are apostles amongst us today? According to a growing section of the church the answer is yes. This book investigates and appraises that idea seeking answers to the following questions in the context of the church in the USA and particularly Britain: Is there a robust scriptural justification for the charismatic apostolate? Can that most charismatic groups are proclaiming? How widespread is this belief and why has it become more commonplace? What kind of apostles are being advocated by influential popular teachers? What does church history and tradition have to offer to this idea? Is there a way to endorse and embrace ecumenically the CA? Does the CA have a future in the universal church? These are important questions to answer for the sake of the church's mission and health. **Faithful**

Improvisation? Loveday Alexander, 2016-10-21 *Faithful Improvisation* is both a contribution to a current vigorous debate about how the Church trains its leaders and a practical and theological resource for discerning what the Spirit is saying and then acting upon it in local church contexts. *Emmaus Bible Resources Missionary Journeys, Missionary Church* Steven Croft, 2001 The book of Acts is the most exciting and dramatic book in the New Testament. Throughout Christian history men and women have returned to the book of Acts to find their faith and ministry renewed and rekindled. *Missionary Journeys Missionary Church* offers the reader an opportunity to take a detailed look at the book of Acts chapters 13-20. Written in a clear and engaging style the series combines sound and orthodox Christian theology with good educational practice on the one hand and a commitment to equip the whole church for mission on the other. The Emmaus Bible Resources series offers readers the opportunity to dig deeper into the Bible and grow in Christian life, faith and service. Finding a middle ground between daily Bible notes and weighty commentaries the series contains versatile material designed for use by individuals, small groups or as part of a sermon series. **Virtue Ecclesiology** John Fitzmaurice, 2017-05-15 Critiquing a paradigm of growth within the church this book contends that the church's growth ethic should be replaced by one based on virtue.

Drawing on the work of Sennett Fromm and Hauerwas John Fitzmaurice argues that an approach taking growth to be the overriding task of the church is found to be shallow and risks infantilising the faith it purports to proclaim MacIntyre's proposal for a recovery of a virtue based ethic is examined and interpreted theologically through the concepts of narrative theology community sacraments and sanctification the role of practices in developing virtuous character is central The nature of a virtuous organisation is explored through a lens of organisational psychodynamics this understanding informs a model of church as a community of interpretation Fitzmaurice suggests that it is in and through sacramental practices that the transitional space for these virtues to be formed is created Tracing a similar corrosion of character within secular institutions that have opted for an overriding focus on growth this book offers an alternative based on the formation of corporate as well as individual virtuous character and considers the implications of a virtue based growth ethic on theological education and ministerial formation as well as in terms of public theology and the manner of the church's engagement with society

Women and Ordination in the Christian Churches Ian Jones, Kirsty Thorpe, Janet Wootton, 2011-11-03 The growth of women's ordained ministry is one of the most remarkable and significant developments in the recent history of Christianity This collection of essays brings together leading contributors from both academic and church contexts to explore Christian experiences of ordaining women in theological sociological historical and anthropological perspective Key questions include How have national denominational and ecclesial cultures shaped the different ways in which women's ordination is debated and/or enacted What differences have women's ordained ministry and debates on women's ordination made in various church contexts What unfinished business remains in both congregational and wider ministry How have Christians variously conceived ordained ministry which includes both women and men How do ordained women and men work together in practice What have been the particular implications for female clergy And for male clergy What distinctive issues are raised by women's entry into senior ordained leadership positions How do episcopal and non episcopal traditions differ in this

An Introduction to Christian Ministry Gordon W. Kuhrt, 2000 This handbook

investigates the Christian ministry providing an introduction to what the Bible says as well as addressing developments from the history of the Church. It considers crucial issues for the contemporary Christian including the ministry of the whole church, women in leadership, working together and handling failure. The book also provides insight into the workings of the Church of England and how one becomes an ordained minister. **Church, Community and Power** Roy

Kearsley, 2016-05-23 In the era of post Christendom, how can church as a sociological reality be switched on to the destructive dangers yet constructive possibilities of power flowing in and around its community? Attuned to the current distrust of church power, this book creatively works out responses that could turn painful censure into a re-visioning of church power relations helped by neglected critical studies. The approach exposes a complexity to power and filters that insight into a theology of church. The book shows how lessons are available for a religious community from post-modern philosopher Michel Foucault and from recent feminism. The topic of power has universal importance in the study of religion, though the response to analysis and critique in this book is drawn specifically from Christian sources. Kearsley concludes with an exploration for a future renovated self-critical, authentic and growing community sensitive to power while remaining in line with classic Christianity. *Emmaus* Stephen Cottrell, Felicity Lawson, Steven Croft, Robert Warren, John Finney, 2004

Group leadership is a skill that we never entirely master. This short guide offers practical, well-researched advice on how to set up and lead effective Emmaus Nurture and Growth courses. Laying a biblical framework for group leadership, it includes information and advice on the following issues: the role of the leader in the group; making newcomers to the group feel welcome; how to prepare for each session; leading Nurture and Growth groups; how to use shared meals and retreats to help a group grow. This second edition of *Leading an Emmaus Group* builds upon the experience of those who have used the Emmaus material since it was first published. *Emmaus: The Way of Faith* is a course designed to welcome people into the Christian faith and the life of the Church. It aims to involve the whole Church in evangelism, the nurture of new believers and ongoing Christian discipleship. *Ecclesianarchy* John Williams, 2020-09-30 Arguing that what is needed is a provisional approach to ministry which recognises that all forms of ministry are and always have been a response to social and cultural context, *Ecclesianarchy* brings theological and practical insight to bear on the question of ministry's provisionality.

Emmaus Stage 1 Contact 2nd Ed Stephen Cottrell, 2003 *Contact* is a practical, hands-on booklet that helps churches make the most of their connections with those outside the church. Most churches find that setting up a course for non-churchgoers to explore Christianity is not the most difficult task; getting them to come is the real test. Here's where *Contact* steps in. *Contact* builds on insights from recent research and case studies and provides helpful advice for churches on making contact with those outside the church, making the most of existing contacts such as occasional attendees, toddler groups, connecting with people's spirituality, how to set up a nurture group, encouraging your church to be involved in evangelism and outreach. This second edition builds upon the experience of those who have used the Emmaus material since it was first published and

also the considerable amount of statistical research which has been done in recent years **Inside Alpha** James Heard, 2012-06-01 UK church attendance hemorrhaging and one course is hailed as the most effective tool for turning back the tide From small beginnings in the early 1970s Alpha has grown to become a global success Churches from across the denominational spectrum have enthusiastically seized upon the course seeing it as the remedy for declining church attendance Inside Alpha explores such claims through richly grounded qualitative research on six Alpha courses It assesses Alpha's primary aim of converting non churchgoers and its longer term goal of spiritual maturity Colossians 1:28-29 It questions whether the Alpha program is as successful as it claims at uniting evangelism and discipleship mission and spiritual formation This is an invaluable study for those in the academy and the church who have an interest in ecclesiology and mission How exactly is one to understand conversion What is it to be Christian How does ambiguity and doubt fit within one's journey of faith The importance of this work is in discovering through an engagement with Alpha how people might appropriately be initiated into and discipled within the Christian faith in contemporary culture *Raising the Wounded* John D. Doughlin, 2014-10-06 Everyone has carried emotional or spiritual wounds This can be as a result of family problems love life religious uncertainty or many other things When we have open wounds it can be hard for us to know where to turn for help but the answers are all around us The family in this story undergoes severe emotional and spiritual turmoil but soon goes on a journey together that will lead Sandra and her children to gain support from their community and have the confidence to trust in God to heal them *Called to Love* Raymond Tomkinson, 2013-01-02 Life comprises a series of transitions from childhood to adolescence adulthood senescence death and life beyond death Christian life is graced by transition into Christlikeness which requires us to make choices continually to remain faithful to Christ At times of transition we seek the will of God as we journey through life making decisions about what to do and where to go next in the service of God and our neighbour This experience is common to all Christians but in *Called to Love* the focus is on those in ordained ministry and those aspiring to ordination and explores how we discern God's will and how we make decisions about the direction of our ministry At the heart of our ministry is love but how is Love best served Does the freedom which Love bestows allow us as individuals and the Church of God to employ such decision making methods as seem best to us What can organisational practices in decision making can offer us Raymond Tomkinson considers how we articulate the stirrings of the heart to others *Things Fall Apart?* Michael Paget-Wilkes, 2020-05-29 This book calls for a major paradigm shift in the church's thinking and practice if the church is to engage with the upcoming generations of the third decade of this fast changing twenty first century Just as the church has had to adapt to a changing context in the past it now needs to engage seriously with this post enlightenment post human techno centric age of artificial intelligence However the church also needs to recall its counter cultural prophetic role following Elijah Jeremiah Amos Jesus and Paul challenging society as it faces complex dilemmas raised by technology driven development in these unprecedented times The church will have to

acknowledge unaddressed weaknesses in the past of identifying with established power rather than vulnerability and the marginalized of depending on a hierarchical ministerial order at the expense of the ministry of every believer of acquiescing to materialist anthropocentric and consumerist growth as an undisputable norm This book develops the vision of a church engaged in the mission of God of welcoming technological development but with an eye on kingdom values of promoting innovation so long as it does not result in a growth of inequality or at the expense of the environment of pointing towards a humanity that deepens its relationships with its Creator its fellow humans and its environment The author calls on grassroots believers to reflect and act within their local communities as inspired and empowered daughters and sons of God in the knowledge that following Jesus Christ provides a radical new paradigm for living learning and leading in and through these times of epochal change

Personhood and Christianity Oliver Forshaw, 2010-12-31 Making clear the Christian position that God's self revelation is through human nature the author gives an account of the way a person is formed as an individual in community from the moment of conception onward The research and teaching of Dr Frank Lake are explained drawing out the distinction between Lake's kind of psychodynamic therapy and psychoanalytical practices whether Freudian or Jungian The book is aimed at showing that Christian living and spirituality are properly focused on the non religious activity of God in the world and that the Church's mission requires the formation of worshipping congregations that are increasingly free of the defensive behaviours commonly encouraged by religion In Personhood and Christianity Forshaw makes a three fold approach Arguing that many of the practices and attitudes of the divided churches still make it difficult for people to understand Christianity Taking up proposals of leading theologians and therapists he discusses the kind of holiness in the midst of ordinary life that can lead to practical reform in parishes and contribute towards radical change in community life more widely The discussion focuses on emotional healing as a primary element in the Church's work and on the New Testament theology of the corporate Christ as key to the recovery of faith in the 21st century Stress is laid on the world directed purpose of the Eucharist through the ascended Jesus who is present everywhere Personhood and Christianity will be of great interest to all involved in Christian

leadership and in the caring services of Church and society generally to those training for ministry and to everyone engaged in pastoral counselling and therapy **Colossians** Anthony C. Thiselton, 2020-06-15 In this clear practical and brief commentary Anthony Thiselton brings to bear his intimate knowledge of Paul's theology the ancient city of Colossae and Paul's epistle to the church of that city The commentary offers a new translation from the Greek and explorations of an exegetical as well as a pastoral and practical nature on all passages of the book Each section concludes with questions for further reflection
