Ministry In Community:

Making Neighborhoods Whole Wayne Gordon, John M. Perkins, 2013-08-26 Civil rights leader John Perkins and CCDA president Wayne Gordon revisit the founding principles of the Christian Community Development Association seeking to provide the terms for a new discussion around the emerging priorities of Christian community development today Includes profiles of thriving urban ministries

Community That Is Christian Julie A. Gorman, 2002-06-01 Over the past thirty years there has been a boom in small groups both in society at large and within the church From Bible studies to MOPS to Alcoholics Anonymous it is estimated that four out of ten Americans belong to a small group that meets regularly for the care and support of its members But are these groups creating true biblical community or do they settle for self focus and personal gain Julie Gorman has studied small groups for decades and presents her analysis insights and suggestions in Community That Is Christian an essential resource for building community in church based small groups This comprehensive book serves both as a text for those who equip leaders or lead small groups and as an interactive manual for small group members helping them transform their relationships into Christ centered community The book begins with biblical support for coming together contrasting it with our often individualistic mind set that undermines community Gorman then sets forth the goals of community and describes the process of transformation She draws from extensive research to address the why and the how of small group ministry giving special attention to gender and cultural distinctions Community That Is Christian provides readers with charts discussion questions and inventories to further help them establish community within their small groups

Loving Your Community Stephen Viars, 2020-01-21 Are you and your church making a difference in your community Are you meeting needs in a positive proactive and loving way Too often when churches are presented with a need outside their walls they operate on the principle of Say no unless you have to say yes Don t want that to be your church s legacy in your community Drawing on more than 30 years of service to the community surrounding Faith Church in Indiana pastor Stephen Viars shows you how to develop a dynamic giving relationship with your community one in which your natural response to needs is Yes How can we help No matter the size location demographics or issues in your community the approach found in this practical book will help you improve people s lives draw them into productive conversation about the hope you have in Christ and glorify God

The Influence of the Church on the Local Community Abraham G. Ndung'u, 2021-01-05 The church is called to be the agency through which God is not only known but through which his kingdom is also advanced This book therefore is an attempt to examine the church s influence on communities through social justice practices as part of advancing the gospel of the kingdom of God The book brings out results of a study about a congregation s significant impact on a local community through varied social justice programs The book also provides relevant recommendations on how such initiatives can be improved for a more effective kingdom driven ministry to local communities It is hoped that the example of J Jireh Ministry Church provides a case worthy of emulation by other churches

congregations and similar faith based community organizations for ministering to social justice needs at the local level **A Heart for the Community** John Fuder, Noel Castellanos, 2009-05-01 Islam gentrification AIDS and multiculturalism Where do we face these realities A few years ago it was in the city But today many city dwellers are moving to the suburbs either by choice or because of circumstances beyond their control And this shift is changing both the urban and suburban landscape With this shift in mind editors John Fuder and Noel Castellanos have gathered together a team of experts to help you minister effectively in both the urban and suburban context Divided into four sections Critical Issues Church Planting Models Ministering to Suburban Needs and Para Church Ministries A Heart for the Community is a rich resource designed to help you do ministry today *Community as Church, Church as Community* Michael Plekon, 2021-07-22 Parishes of all denominations are in decline shrinking closing dying We know that there are increasing numbers young and older who are religious nones and dones This book explores why the decline is taking place why the distancing is going on But it goes on to examine parishes from all over the country and from various church bodies that are resurrecting The central theme of death and resurrection shapes the analysis of parishes covered Parishes are resurrecting by reinventing their ministries by repurposing their building to better serve their neighborhoods thus replanting and reconnecting with them All of this is the Spirit s doing but through the community of sisters and brothers who make up each congregation of faith Community as the core of church is the other reality shaping the book s reflection And community a parish being with those around living for more than its own survival are visions for going forward Other aspects of congregational life are also examined most importantly the pastors how they serve when budgets shrink how they are trained how pastors act with the community not above it No recipes are suggested for parish resurrection but the stories of the parishes that have revived bear within numerous lessons for us in the future **Community Is Messy** Heather Zempel, 2012-04-25 Drawing on her background in environmental engineering and her current pastoral role Heather Zempel assesses the perils and possibilities inherent in small groups and other environments for Christian community The book helps leaders begin to see the inherent mess of such gatherings as raw material for arriving at something beautiful **You Can Help Make a Difference in Your Community** Ontario. Ministry of Community and Social Services, 1986 *Community* Brad House, 2011-09-07 Community within the church today is hemorrhaging Attention spans are dwindling noise levels are increasing and we can t seem to find time for real relationships The answer to such social fragmentation can be found in small groups and yet the majority of small groups at least in the traditional sense are often not the intentional transformational community we really want and need Somehow we need to get our groups off life support and into authentic community Pastor Brad House helps us to re imagine what gospel centered community looks like and shares from his experience leading and reproducing healthy small groups With wisdom and candor House challenges us to think carefully about our own groups and to take steps toward cultivating communities that are able to glorify Jesus bless one another and participate in the mission of God *Fijians in Transnational*

Pentecostal Networks Karen J. Brison, 2023-04-20 In *Fijians in Transnational Pentecostal Networks* Karen J Brison examines the Harvest Ministry an independent Fijian Pentecostal church that sends Fijian and Papua New Guinean missionaries to East Africa Southeast Asia Europe and elsewhere After studying the ministry's main church in Suva for several years Brison visited its missionaries and their local partners in East Africa and Papua New Guinea The result of those visits this book provides an unusual insight into Pentecostal churches in the global south arguing that they seldom produce novel visions of Christianity and world inequality It also offers new perspectives by situating Pacific island churches within a global community and by examining social class formation which is increasingly important in the Pacific Pentecostalism has a consistent culture all over the world but shared themes take on different meanings in the face of local concerns In Fiji Pentecostal churches are part of middle class projects constructing leadership roles and highlighting transnational ties for a growing group of indigenous urban professionals In Papua New Guinea church leaders promote the idea that youths with blocked aspirations are tough and humble and therefore make invaluable missionaries In East Africa Pentecostal churches are part of a networking strategy that entrepreneurial individuals see as essential to survival As these local groups each use Pentecostalism to advance their own agenda they endorse Euro American racial stereotypes and ideologies about social evolution and progress

Making Neighborhoods Whole Wayne Gordon, John M. Perkins, 2013-11-22 Already with decades of experience speaking prophetically into the charged racial climate of the American south John Perkins began to see a need for organized thinking and collaborative imagination about how the church engages urban ministry And so the Christian Community Development Association CCDA was born with Wayne Gordon an immediate and enthusiastic participant Nearly thirty years later CCDA's eight key components of community development still set the bar for how churches parachurches and nonprofits engage cities with the whole gospel Relocation Reconciliation Redistribution Leadership Development Listening to the Community Church Based Development A Wholistic Approach to Ministry Empowerment In *Making Neighborhoods Whole* Perkins and Gordon revisit these eight commitments and how they've played out in real communities even as they scan the horizon of urban ministry to set a new tone With profiles of longstanding and emerging community development ministries they guide a new conversation and empower disciples of Jesus to seek the welfare of their cities to the glory of God

Interpersonal Relationship Skills for Ministers, 2004-10-31 This book addresses a major need Christian Standard Reports from churches indicate that poor interpersonal relationships are the primary reasons for minister failure Though they are taught the important skills of how to interpret the Bible how to discern and articulate doctrine how to direct worship services and more ministers are eventually faced with a congregation While they may frequently call on some skills and others not at all interpersonal relationship skills are vital to any ministry This book is designed to aid ministers seminary students denominational leaders and church members nurture their relationships with one another and with God and to help the understanding of oneself and of others that is part of the minister's task These essays from the faculty of the New

Orleans Baptist Theological Seminary focus on four areas of concern relationship with oneself with family in the church and in the community Above all these lessons are devised to aid in nurturing a secure setting for effectiveness in the ministry and in service to God

Community Ministry Carl S. Dudley,2002 In this era of faith based initiatives congregations increasingly find themselves in the business of establishing and supporting community ministries daycare for infants and toddlers respite care for elders and programs for housing rehab and home repair tutoring and social justice advocacy In this volume Carl S Dudley revises and updates his earlier book Basic Steps toward Community Ministry which Loren Mead called the most valuable book on parish ministry I ve seen in a decade

Women-Church Rosemary Radford Ruether,2001-03-01

Next Steps in Community Ministry Carl S. Dudley,1996-12-31 Dudley and a research team go back to 24 ministries still in existence five years after the Church and Community Project s completion They discovered how the myths and expectations of funding lay clergy leadership and church society partnerships were shattered by what is doable how the often Herculean efforts frustrated and tired participants who were then uplifted and sustained by making a difference and how faith was the foundation for action and how through action the poor the homeless and others in need became real people and not statistics

From Couch to Community Austin Maxheimer,Zach Below,2014-04-01 What if you had invented church small groups Would anything be different We do small groups the way we ve always done em That seems to be the rule but Austin Maxheimer and Zach Below ask the question Why What if they wondered church small groups had been invented today instead of in the megachurch heyday of the 1980s Would any sacred cows disappear or at least be prodded toward fresh vision and action They decided to find out From Couch to Community helps pastors small group leaders and group members Face the sacred cows in today s small group ministries and uncover how to create real life change instead Shift church groups away from paradigms of complacency and move people toward relevant compassionate relationships Discover how to help people far from God experience Jesus through small groups So are you ready to activate anew the potential of your church community Find out how inside
