Hampton, 2005-06 What is love In Love is Never Easy A Love Story three people Ivy Martin Erin McCormick and Thaddeus Brown desperately search for an answer to that question Ivy Martin has dedicated her life to her career However at the age of 36 she finds her career and her life has come to a crossroad Poised to become her law firm's next partner Ivy realizes a successful career has left her facing a harsh reality She has no one to share her success with and that finding love at thirty six is a lot harder than when she was twenty On the other hand Erin McCormick has been in a relationship with her boyfriend Brian on and off for several years Although she loves Brian Erin knows their relationship has become a relationship of convenience for her She secretly seeks to find a man that will make her feel alive yet she is afraid to end her relationship with Brian and end up alone Thaddeus Brown is a recent divorcee that realizes being single has changed since his previous bachelor days His failed marriage and the women he has met since his divorce has Thaddeus ready to give up on love Of course that is until fate brings these three individuals together and forces them to confront the emotional and psychological obstacles love can sometimes throw in people's way In a never ending roller coaster ride filled with drama Ivy Erin and Thaddeus must learn to once again believe in love **Great Lakes and Midwest Catalog** Partners Book Distributing, 1999 [Jump Shooting to a Higher Degree](#) Sheldon Anderson, 2021-09 Jump Shooting to a Higher Degree chronicles Sheldon Anderson's basketball career from grade school in small town Moorhead Minnesota in the 1960s to inner city high school and college ball in Minneapolis to a professional career in West Germany and finally to communist Poland where he did PhD research while on a basketball junket behind the Iron Curtain in the late 1980s Because he was the only American player in the league at the time and with help from a Polish scholar Anderson was one of the first Western scholars to gain access to Communist Party documents He's also likely the only American scholar to have funded his research by playing semi pro basketball in a communist country Jump Shooting to a Higher Degree is much more than a basketball story Anderson provides insights into the everyday lives of people on either side of the Iron Curtain such as the English coach he played for in West Germany an elderly woman he visited many times in

East Germany and a sailmaker's family he lived with in Warsaw. He reflects on German, Polish, and Cold War history, providing a commentary on the times and the places where he lived and played, and the importance of basketball along the way.

Fathers, Monsters and Sons Paul Hamilton, 2017-10-16 Paul Hamilton's narrative on family dysfunction is in the tradition of Jeanette Wall's *The Glass Castle*. Hamilton uncovers secrets about his family's past after he places his father in a dementia care facility. Hamilton sorts through his father's belongings and discovers documents revealing his father's immorality. *FATHERS MONSTERS AND SONS* explores the perplexities of the father-son relationship. Hamilton reviews the relationship by looking at this theme in movies like *Star Wars* and classic novels such as *Frankenstein*. Hamilton shares his journey towards recovery with straightforward poetry about his father and family. Hamilton concludes his narrative by issuing a call to reclaim the power of storytelling.

Twin Cities Sports Sheldon Anderson, 2020-02-03 The histories in *Twin Cities Sports* are rooted in the class, ethnic, and regional identity of this unique upper midwestern metropolitan area. The compilation includes a wide range of important studies on the hub of interwar speedskating, the success of Gopher football in the Jim Crow era, the integration of municipal golf courses, the building of a world-renowned park system, the Minneapolis Lakers basketball dynasty, the Minnesota Twins' connections to Cuba, and more.

Editorial Cartooning and Caricature Paul Somers, 1998-02-18 This reference traces the historical background of editorial cartooning and presents works that chronicle the history and criticize the aesthetics of the art. It also describes anthologies and exhibition catalogs that reprint editorial cartoons and provides a list of libraries, museums, and historical societies which house originals and photocopies or clippings of editorial cartoons. This expansive volume examines the American editorial cartoon from its beginnings in 1747 into the second Clinton administration. It fills a gap in the literature, providing comprehensive information on a field of growing interest to scholars and collectors. This reference guide studies the evolution of editorial cartooning and places it in its historical context and provides appreciation and criticism of the cartoons presented. In addition to political cartoons, underground, radical, and propaganda cartoons are also discussed in this volume. The appendixes offer important cross-reference tools such as a chronology and include listings of selected historical periodicals, theses, and dissertations covering political cartoons. This work will be of value to a broad spectrum of readers, from collectors to scholars, and is suitable for many fields of study.

Fragments from the History of Loss Louise Green, 2020-04-02 The Anthropocene's urgent message about imminent disaster invites us to forget about history and to focus on the present as it careens into an unthinkable future. To counter this, Louise Green engages with the theoretical framing of nature in concepts such as the Anthropocene, the great acceleration, and rewilding in order to explore what the philosophy of nature in the era of climate change might look like from postcolonial Africa. Utilizing a practice of reading developed in the Frankfurt school, Green rearranges narrative fragments from the global nature industry, which subjugates all aspects of nature to the logic of capitalist production in order to disrupt preconceived notions and habitual ways of thinking about how we inhabit the Anthropocene. Examining climate change

through the details of everyday life particularly the history of conspicuous consumption and the exploitation of Africa she surfaces the myths and fantasies that have brought the world to its current ecological crisis and that continue to shape the narratives through which it is understood Beginning with African rainforest exhibits in New York and Cornwall Green discusses how these representations of the climate catastrophe fail to acknowledge the unequal pace at which humans consume and continue to replicate imperial narratives about Africa Examining this history and climate change through the lens of South Africa's entry into capitalist modernity Green argues that the Anthropocene redirects attention away from the real problem which is not human's relation with nature but people's relations with each other A sophisticated carefully argued call to rethink how we approach relationships between and among humans and the world in which we live Fragments from the History of Loss is a challenge to both the current era and the scholarly conversation about the Anthropocene

The Lie Jerry Leppart, 2019-07-29 On his deathbed an old man has summoned his youngest daughter to relate the story of his life and the love shared with his wife her mother And at the end he will reveal the lie that he has kept hidden from her the lie that will be shattering and yet rewardingly beautiful Thus begins the memoir of a man who finds and falls in love with the only woman that could change him He relates his life's story of when he met her mother and their life together He can still remember vividly how they first met on a chance encounter their first date even their first kiss the courting marriage and child rearing And through all of their triumphs and tragedies the one constant was his love for his wife and her a love that lasted all of their lives together And beyond At the end there is a shocking twist As the man pulls from his arms the needles and the tubes that bring the fluids to his failing body he reveals to his daughter the truth a revelation that will keep readers thinking long after they discover the secret to THE LIE
