*Samuel Johnson's Lives of the Poets* Samuel Johnson, 2006-02-16 Samuel Johnson's last literary work the *Lives of the Poets* offers a detailed survey of English poetry from the early seventeenth century down to Johnson's own time Always recognized as a major contribution to English biography and criticism it is also one of Johnson's most readable and eloquent achievements This is the first scholarly edition since 1905 and includes a full introduction and critical apparatus This is volume two of four

**The Critical Review or Annals of Literature, 1756-1763 Vol 1** James G Basker, 2024-10-28 The *Critical Review* reflects the political scientific and literary debate of the times The journal was edited for its first seven years by Tobias Smollett and reflected the slashing combative style and intellectual range of its editor This 16 volume set reproduces this journal

**Lady Mary Wortley Montagu** Isobel Grundy, 1999 This book is the first to look at Lady Mary Wortley Montagu's achievement as a vital figure in the women's literary tradition Robert Halsband's book on her life the sixth this century and published in 1956 was the first to apply scholarly techniques to establishing the facts The inaccurate accounts given before Halsband testify to Lady Mary's compelling interest as a woman who wrote travelled campaigned publicly for medical advance gossiped and was involved in high profile literary quarrels Knowledge of her life has made considerable gains since Halsband as understanding of the issues involved in trying to move between the roles of proper lady and woman writer has increased enormously This life fruitfully exploits the tension between literary history and feminist reading Isobel Grundy highlights Montagu's adolescent longing for literary fame her growing understanding of the implications of this for gender and class imperatives the frustrations and concessions involved in her collaborations with male writers the punitive responses of society the gaps at every stage of her life between her ascertainable circumstances and her construction of herself in letters and other writings The book situates those writings in relation to her own theorizing and her very wide reading in women's texts as well as men's Finally it looks at a range of contemporary and near contemporary responses

**The Correspondence of Dr William Hunter Vol 1** Helen Brock, 2024-08-01 Born in Scotland Dr William Hunter 1718-83 pursued an extensive medical education in Glasgow Edinburgh London and Paris He settled in London where he made his name as an anatomist and obstetrician before being elected to the Royal Society in 1767 This book presents all of his known correspondence drawing upon archives around the world

**Prose in the Age of Poets** Annette Wheeler Cafarelli, 2015-09-30 In *Prose in the Age of Poets* Annette Wheeler Cafarelli demonstrates that nonfictional narrative of the time was a central expression of British Romanticism The rise of interest in the individual traditionally associated with Romantic autobiography was actually part of a wider cultural interest in biography especially literary biography Following Johnson's lead in the *Lives of the Poets* virtually every major writer of the period experimented with sequences of short anecdotal lives that became a characteristic Romantic vehicle for discussing theories of creativity canon and the place of the poet in society The Romantics took in new directions the examination of the relation of artists' lives and

works biographers and their subjects and texts and their readers Romantic biography Cafarelli contends offers a perspective from which to reconsider conventional boundaries of genre periodization and the movement from Neoclassicism to Romanticism In examining the Romantics as prose writers and biographers Cafarelli explores the affiliations between Romantic theories of reading and writing and twentieth century critical methodologies She situates the biographical writings of the major poets including Wordsworth Coleridge and Byron in the context of detailed analyses of biographies by Johnson Hazlitt De Quincey Scott Southey and other lesser known contemporaries Prose in the Age of Poets will interest scholars and students of Romanticism Johnson biography and autobiography and narrative theory Eighteenth-century Modernizations from The Canterbury Tales Betsy Bowden, 1991 This collection of 32 modernised versions of The Canterbury Tales which appeared in the 18th century offers basic material for studying the history of attitudes to Chaucer and Chaucer scholarship during the period Reception data so precise and extensive is available only for Chaucer among English authors At least seventeen known and anonymous writers produced thirty two modernised Canterbury tales during the century plus tale links and adaptations of each other's work The present collection contains only modernisations that have not seen print since 1796 thus excluding those by Pope and Dryden Although most works in this collection may be examined further in several British and American libraries others cannot Apparently only one copy has survived of an anonymous Miller's Tale 1791 with a thoughtful preface justifying the tale's overt sexuality published just as William Lipscomb was completing his 1795 edition that in its preface justifies exclusion from the pilgrimage of the notorious tales of Miller and Reeve Such contrasting attitudes illustrate the dangers of generalisation about the usual reception or interpretation of Chaucer during this or any other socio historic period instead the collection provides an untapped reservoir of material with which to investigate anew the rich complexity of his poetry and its enduring appeal BETSY BOWDEN is Professor of English at Rutgers University New Jersey

**Paragons of the Ordinary** Marvin Marcus, 1992-12-01 Paragons of the Ordinary is about a quite extraordinary literary achievement a series of biographies of obscure scholar literati written by Mori Ogai one of Japan's most prominent writers and intellectuals Deeply concerned about the cultural toll taken by Japan's headlong modernization early in this century Ogai employed the format of newspaper serialization in presenting meticulously researched accounts of individuals who had come to embody exemplary traits and traditional virtues His unique project undertaken over the period 1916-1921 resulted in nine interconnected works the centerpiece of which is based on the life of Shibusaba Chusai an all but unknown individual toward whom Ogai developed a deep bond of kinship and reverence much like the sense of discipleship that Marvin Marcus holds toward Ogai In exploring Ogai's biographical project Marcus aims to convey a sense of its unique power and authority and to show how this power derives from Ogai's deft use of anecdotal episodes to highlight the exemplary character of his subject Marcus places Ogai's work in the context of a long tradition of biographical narrative in Japan at the same time he calls attention to the author's relationship to the contemporary literary scene and its journalistic orientation Ogai's biographical

works stand on their own as the unique artistic achievement of a giant of modern Japanese literature and culture. They also constitute a brilliant critique of a society that had lost touch with its traditional values. Marcus reading of a literature often considered inaccessible or elitist will be relevant to the study of Japanese literature and history as well as to the craft of biographical research and of journalistic conventions that influence writers in Japan as elsewhere.

The Writing Life of Hugh Kelly Robert R. Bataille, 2000 Bataille English Iowa State U credits Kelly 1739-77 with being one of the most important and prolific journalists of his time. He finds that during the period of his peak production about 1760 to 1776 he reflected self-consciously on the new profession, contributed to the discussion on manner, morals, and the theater, and as a major propagandist for George III and his ministers participated in the public discourse of important political issues. The work examined here much of it previously unknown deals with his handling of affairs of the British Empire. Annotation copyrighted by Book News Inc. Portland, OR.

*Selling Ancestry* Stéphane Jettot, 2023 Often cited but rarely studied in their own right, family directories help us reconsider how ancestry and genealogy became objects of widespread commercialization in the 18th century. Employed by contemporaries as reference tools to navigate society, they can be used by historians to explore attitudes towards social status and political events.

**Dinner with Joseph Johnson** Daisy Hay, 2022-11-15 A fascinating portrait of a radical age through the writers associated with a London publisher and bookseller from William Wordsworth and Mary Wollstonecraft to Benjamin Franklin. Once a week in late eighteenth-century London, writers of contrasting politics and personalities gathered around a dining table. The veal and boiled vegetables may have been unappetizing, but the company was convivial and the conversation brilliant and unpredictable. The host was Joseph Johnson, publisher and bookseller, a man at the heart of literary life. In this book, Daisy Hay paints a remarkable portrait of a revolutionary age through the connected stories of the men and women who wrote it into being and whose ideas still influence us today. Johnson's years as a publisher, 1760 to 1809, witnessed profound political, social, cultural, and religious changes from the American and French revolutions to the birth of the Romantic age, and many of his dinner guests and authors were at the center of events. The shifting constellation of extraordinary people at Johnson's table included William Blake, William Wordsworth, Samuel Taylor Coleridge, Benjamin Franklin, the scientist Joseph Priestley, and the Swiss artist Henry Fuseli, as well as a group of extraordinary women: Mary Wollstonecraft, the novelist Maria Edgeworth, and the poet Anna Barbauld. These figures pioneered revolutions in science and medicine, proclaimed the rights of women and children, and charted the evolution of Britain's relationship with America and Europe. As external forces conspired to silence their voices, Johnson made them heard by continuing to publish them, just as his table gave them refuge. A rich work of biography and cultural history, *Dinner with Joseph Johnson* is an entertaining and enlightening story of a group of people who left an indelible mark on the modern age.

**The Poetry of Westminster Abbey** Charles W. Spurgeon, 2008-03-17 For centuries Westminster Abbey has inspired and challenged poets to try to capture and contain the spirit of its haunting beauty and

worship full reverence This anthology includes poems written between 1413 to the present day poems which contribute to the greatest epic imaginable in English Westminster Abbey      **The Enlightenment and the Book** Richard B.

Sher,2008-09-15 The late eighteenth century witnessed an explosion of intellectual activity in Scotland by such luminaries as David Hume Adam Smith Hugh Blair William Robertson Adam Ferguson James Boswell and Robert Burns And the books written by these seminal thinkers made a significant mark during their time in almost every field of polite literature and higher learning throughout Britain Europe and the Americas In this magisterial history Richard B Sher breaks new ground for our understanding of the Enlightenment and the forgotten role of publishing during that period The Enlightenment and the Book seeks to remedy the common misperception that such classics as The Wealth of Nations and The Life of Samuel Johnson were written by authors who eyed their publishers as minor functionaries in their profession To the contrary Sher shows how the process of bookmaking during the late eighteenth century involved a deeply complex partnership between authors and their publishers one in which writers saw the book industry not only as pivotal in the dissemination of their ideas but also as crucial to their dreams of fame and monetary gain Similarly Sher demonstrates that publishers were involved in the project of bookmaking in order to advance human knowledge as well as to accumulate profits The Enlightenment and the Book explores this tension between creativity and commerce that still exists in scholarly publishing today Lavishly illustrated and elegantly conceived it will be must reading for anyone interested in the history of the book or the production and diffusion of Enlightenment thought      **David Collins** John Currey,2013-06-05 The life of David Collins judge historian and

governor reflects the story of the European settlement of Australia Born in London in 1756 Collins joined the Marine Corps at fourteen and in 1775 fought against the Americans at the battle of Bunker Hill In 1787 he was appointed deputy judge advocate of the impending expedition to Botany Bay In a remarkable trio of events Collins was one of the founders of Sydney in 1788 began the first European settlement in Victoria in 1803 and founded Hobart Town the following year The journal he began on the First Fleet grew into the first substantial history of New South Wales and his private letters extensively quoted for the first time in John Currey s fine biography give a rare insight into the early colonial world The letters also tell the story of a life that went wrong Born into a family long connected to the royal court and the military Collins was expected to have a brilliant career But the loss of influential patrons left him unemployed and in debt and he was forced to accept the post of lieutenant governor in Van Diemen s Land Here he found himself neglected and under supplied and was castigated by his political masters for waste and extravagance A bitter confrontation with Governor William Bligh brought the settlement to the brink of civil war and Bligh accused Collins of mutiny and neglect of duty Within the colony contemporary judgements were contradictory Collins was a father figure to his admirers a tyrant to his detractors His interest in the Aboriginal people was strongly humanitarian On the other side of the world from his Nova Scotian novelist wife he had a series of liaisons with female convicts which caused his enemies to brand him a bigamist and debauchee Nevertheless the whole of Hobart Town

turned out for his funeral This substantial and comprehensive biography is the first and only full length account of David Collins s life One of the main sources for the book is the major collection of Collins family papers purchased by the Mitchell Library in the early 1960s New material on the early colonial period of Australia is rare and the previously unpublished documents in David Collins including letters written from the First Fleet will create great interest *Catalog of Printed Books of the Folger Shakespeare Library, Washington, D.
