Joyce Johnson, 2014-06-17 From the award winning author of *Minor Characters* comes a haunting novel about the persistence of love and the sustaining and destabilizing power of memories In the vibrant downtown Manhattan art world of the 1960s where men and women collide in lucky and unlucky convergences a series of love affairs has left Joanna Gold a young photographer feeling numbed Then at yet another party a painter named Tom Murphy walks up to her Why do you hang back he asks Rather than another brief collision their relationship is the profound and ecstatic love each had longed to find But it's undermined by Tom's harrowing past his fatherless childhood his wartime experiences and most of all the loss of the two children he left behind in Florida along with the powerful red white and black paintings he will never set eyes on again Tom both tender and volatile draws Joanna into the unwinnable struggle against the forces that drive him toward death Once again Joyce Johnson brings to life a mythic bohemian world where art is everything and life is as full of intensity and risk as the bold sweep of a painter's brush across a canvas A New York Times Notable Book Excerpted in the New Yorker and Harper's Magazine Missing Men

Merely Being There Is Not Enough Heike Mlakar, 2008 Despite the advent of second wave feminism in the late 1960s it took more than twenty years before feminist literary criticism started to pay attention to the complex role of women Beat writers Merely Being There Is Not Enough theorizes the memoirs of Diane di Prima Joyce Johnson Hettie Jones and Brenda Frazer and analyzes their contributions to the Beat movement Among the writings of female Beat authors the memoir has become the most commonly used literary genre At the height of the Beat movement Frazer published Troia Mexican Memoirs in 1969 the same year that saw the publication of di Prima s Memoirs of a Beatnik Most female Beat voices however remained astonishingly silent until 1983 when Johnson published Minor Characters A Young Woman s Coming of Age in the Beat Generation Johnson s long time friend Jones followed with How I Became Hettie Jones in 1990 The memoirs of Beat women chronicle the Beat 1950s and the intimate relationships with icons of the time Jack Kerouac Allen Ginsberg

LeRoi Jones Amiri Baraka and Ray Bremser Being there at a crucial moment in history validates female Beats stories as indispensable social documents of the 1950s To make women Beat writers visible and to categorize their memoirs this work immerses in the almost paradoxical project of defining a category of female Beat writing when it is the nature of Beat literature and its rebellious aesthetics to dismiss any kind of labeling Women Beats unsettle the categories of Beat writing and culture Therefore a revision and re examination of Beat history is inevitable to understand the movement s literary expression

From Goodwill to Grunge Jennifer Le Zotte,2017-02-02 In this surprising new look at how clothing style and commerce came together to change American culture Jennifer Le Zotte examines how secondhand goods sold at thrift stores flea markets and garage sales came to be both profitable and culturally influential Initially selling used goods in the United States was seen as a questionable enterprise focused largely on the poor But as the twentieth century progressed multimillion dollar businesses like Goodwill Industries developed catering not only to the needy but increasingly to well off customers looking to make a statement Le Zotte traces the origins and meanings of secondhand style and explores how buying pre owned goods went from a signifier of poverty to a declaration of rebellion Considering buyers and sellers from across the political and economic spectrum Le Zotte shows how conservative and progressive social activists from religious and business leaders to anti Vietnam protesters and drag queens shrewdly used the exchange of secondhand goods for economic and political ends At the same time artists and performers from Marcel Duchamp and Fanny Brice to Janis Joplin and Kurt Cobain all helped make secondhand style a visual marker for youth in revolt

Can't Find My Way Home Martin Torgoff,2004-05-13 Can t Find My Way Home is a history of illicit drug use in America in the second half of the twentieth century and a personal journey through the drug experience It s the remarkable story of how America got high the epic tale of how the American Century transformed into the Great Stoned Age Martin Torgoff begins with the avant garde worlds of bebop jazz and the

emerging Beat writers who embraced the consciousness altering properties of marijuana and other underground drugs These musicians and writers midwived the age of marijuana in the 1960s even as Timothy Leary and Richard Alpert later Ram Dass discovered the power of LSD ushering in the psychedelic era While President John Kennedy proclaimed a New Frontier and NASA journeyed to the moon millions of young Americans began discovering their own new frontiers on a voyage to inner space What had been the province of a fringe avant garde only a decade earlier became a mass movement that affected and altered mainstream America And so America sped through the century dropping acid and eating magic mushrooms at home shooting heroin and ingesting amphetamines in Vietnam snorting cocaine in the disco era smoking crack cocaine in the devastated inner cities of the 1980s discovering MDMA Ecstasy in the rave culture of the 1990s Can t Find My Way Home tells this extraordinary story by weaving together first person accounts and historical background into a narrative vast in scope yet rich in intimate detail Among those who describe their experiments with consciousness are Allen Ginsberg Timothy Leary Robert Stone Wavy Gravy Grace Slick Oliver Stone Peter Coyote David Crosby and many others from Haight Ashbury to Studio 54 to housing projects and rave warehouses But Can t Find My Way Home does not neglect the recovery movement the war on drugs and the ongoing debate over drug policy And even as Martin Torgoff tells the story of his own addiction and recovery he neither romanticizes nor demonizes drugs If he finds them less dangerous than the moral crusaders say they are he also finds them less benign than advocates insist Illegal drugs changed the cultural landscape of America and they continue to shape our country with enormous consequences This ambitious fascinating book is the story of how that happened

The Other Shore Michael Jackson,2013 In this book ethnographer and poet Michael Jackson addresses the interplay between modes of writing modes of understanding and modes of being in the world Drawing on literary anthropological and autobiographical sources he explores writing as a technics akin to ritual oral storytelling magic and meditation that enables us to reach beyond the limits of everyday life and forge virtual relationships and imagined communities Although Maurice Blanchot wrote of the impossibility of writing the passion and paradox of literature lies in its attempt to achieve the impossible a leap of faith that calls to mind the mystic s dark night of the soul unrequited love nostalgic or utopian longing and the ethnographer s attempt to know the world from the standpoint of others to put himself or herself in their place Every writer whether of ethnography poetry or fiction imagines that his or her own experiences echo the experiences of others and that despite the need for isolation and silence his or her work consummates a relationship with them

Site Reading David J. Alworth,2018-11-20 Site Reading offers a new method of literary and cultural interpretation and a new theory of narrative setting by examining five sites supermarkets dumps roads ruins and asylums that have been crucial to American literature and visual art since the mid twentieth century Against the traditional understanding of setting as a static background for narrative action and character development David Alworth argues that sites figure in novels as social agents Engaging a wide range of social and cultural theorists especially Bruno Latour and Erving Goffman Site

Reading examines how the literary figuration of real material environments reorients our sense of social relations To read the sites of fiction Alworth demonstrates is to reveal literature as a profound sociological resource one that simultaneously models and theorizes collective life Each chapter identifies a particular site as a point of contact for writers and artists the supermarket for Don DeLillo and Andy Warhol the dump for William Burroughs and Mierle Laderman Ukeles the road for Jack Kerouac Joan Didion and John Chamberlain the ruin for Thomas Pynchon and Robert Smithson and the asylum for Ralph Ellison Gordon Parks and Jeff Wall and shows how this site mediates complex interactions among humans and nonhumans The result is an interdisciplinary study of American culture that brings together literature visual art and social theory to develop a new sociology of literature that emphasizes the sociology in literature **America and the Pill** Elaine Tyler May,2010-04-27 In 1960 the FDA approved the oral contraceptive that would come to be known as the pill Within a few years millions of women were using it At a time when the population was surging many believed that the drug would help eradicate poverty around the globe ensure happy and stable marriages and liberate women In America and the Pill preeminent social historian Elaine Tyler May reveals the ways in which the pill did and did not fulfill these utopian dreams while also chronicling the stories of the creators testers and users who ultimately made the pill their own
