Minorities Claims From Autonomy To Se:

Minorities' Claims: From Autonomy to Secession Gnanapala Welhengama, 2017-11-30 This title was first published in 2000 An investigation of how the claims of minority groups for greater political power through autonomy and secession clash with the concerns of the nation State and how States refusals to respond positively to such claims contribute to the escalation of ethnic conflicts in contemporary multi ethnic polities In addition this book examines the extent to which the international community is prepared to accommodate the concerns of minority groups beyond traditionally identified minority rights The validity of claims for autonomy with shared sovereignty autonomy as an inherent part of self determination autonomy as a solution to current ethnic conflicts secessionist and irredentist movements and their impact on peace and security are analyzed in detail Most importantly whether minorities as such can secede from the State in which they live by virtue of self determination is critically analyzed The discussion of peoples in the context of self determination is the first detailed research on this subject to appear in international and human rights literature Self-determination and Minority Rights in China

Linzhu Wang, 2018-12-10 In *Self determination and Minority Rights in China* Linzhu Wang examines the rights of China s minorities from the perspective of self determination The book offers an insight into the ethnic issues in contemporary China by examining the principle of self determination in shaping China s ethnic grouping and appraising the rights of the minorities and their limits Based on a comprehensive survey of the practice of self determination in the Chinese context and the Regional Ethnic Autonomy regime the author seeks to answer the questions of how the ethnic policies and laws have come to be why they are problematic and what can be done to promote minority rights in China *Minority Rights and*

Liberal Democratic Insecurities Anna-Mária Bíró, Dwight Newman, 2022-11-11 This book addresses the impact of a range of destabilising issues on minority rights in Europe and North America This collection stems from the fact that liberal democracy did not bring about the end of history but rather that the transatlantic region of Europe and North America has encountered a new era of instability particularly since the global financial crisis The transatlantic region may have appeared to be entering a period of stability but terrorist attacks on the soil of Euro Atlantic states the financial crisis itself and other changes including mass migration the rise of populism changes in fundamental political conceptions technological change and most recently the Covid pandemic have brought increasing uncertainties and instabilities in existing orders In these contexts the book investigates the resulting difficulties and opportunities for minority rights Bringing together scholars from a range of disciplines who are engaged in work on various unstable orders the book provides a unique and largely neglected perspective on present developments as well as addressing the pressing issue of the future of the minority rights regime at global regional and national levels This book will appeal to those with interests in minority rights human rights nationalism law and politics **The Public Legitimacy of Minority Claims** Plamen Makariev, 2016-10-04 Problems involving

minorities still constitute a significant challenge for public policies in countries such as the ones on the territories of the

former Soviet Union and Yugoslavia Unassimilated facing the cultural non transparency of their lifeworlds and usually without autonomy their problems are quite different from those in Western Europe and North America This book presents a study of public policies concerning the national ethnic and religious minorities in the countries of Central and Eastern Europe It explores the opportunities available for applying the model of deliberative democracy to the domain of designing and realizing minority policies It examines the possibility that minority groups can influence and ideally even pre decide minority policies by legitimizing claims concerning their needs and rights in a way that leaves democratic public opinion no choice but to support them Adopting a novel approach to the public legitimization of minority claims it proposes that the general public s evaluation of the credibility of minority claims should focus on the procedural qualities of the intra group ethical political discourses through which these claims are articulated and substantiated This text will be of key interest to students and scholars of public policy minority politics the politics of Eastern Europe political theory and comparative politics

Protection of Minorities Borhan Uddin Khan, Muhammad Mahbubur Rahman, 2013-01-16 We live in a world that not only sets standards for but also professes its commitment to promoting and protecting rights Since ours is an age of heightened public interest in auditing the actual realisation of such standards and commitment the first major focus of this book is a critical account of international standards aimed at the protection of minorities To that end it concentrates on four key dimensions Firstly it addresses the issue of the identification of minorities as understood by international law Secondly it outlines a brief history on the development of international law towards improving the protection of minorities Thirdly it gives an overview of international instruments and mechanisms on minorities Finally it analyses the rights of minorities under international standards All these dimensions point to the fact that international minority rights lag behind the development of other branches of rights The second major focus of this book is to relate international standards on minority protection to South Asian regimes Concentrating on India Pakistan Bangladesh Nepal Sri Lanka Bhutan the Maldives and Afghanistan an endeavor is made to examine the state of minorities and their protection under the domestic regimes It emerges that the normative commitments of these states are more or less compatible with international standards Nevertheless majority minority syndrome persistently remains as one of the causes behind multidimensional deprivation and victimization of South Asian minorities The present book also assesses the extent to which regional cooperation in South Asia has so far contributed to extending protection to minorities This ends with an argument that SAARC South Asian Association for Regional Cooperation has the potential to play a far greater role in this regard

Conceiving Cosmopolitanism Steven Vertovec, Robin Cohen, 2003 Understanding the ancient and long sidelined concept of cosmopolitanism has suddenly found a fresh impetus and urgency Globalization international migration multiculturalism and global social movements as well as atrocities committed by those with narrow religious and ethnic identities have led to reposing of two basic cosmopolitan questions Can we ever live peacefully with one another What do we share collectively as human beings The term

cosmopolitanism has attracted many understandings and uses over the years Covering the global national social and personal levels of analysis the authors consider the multiple meanings of the term in the past and in the present and develop new ways of conceiving cosmopolitanism Through challenging old assumptions and advancing new analytical frameworks the collection provides a full and representative set of views on the nature definition and prospects of cosmopolitanism Written by eminent scholars and publicly recognised intellectuals from a variety of cultural backgrounds this book is the most comprehensive account of the theory and practice of cosmopolitanism yet attempted *Finnish Yearbook of International Law, Volume 25, 2015* Tuomas Tiittala, 2019-10-03 The Finnish Yearbook of International Law aspires to honour and strengthen the Finnish tradition in international legal scholarship Open to contributions from all over the world and from all persuasions the Finnish Yearbook stands out as a forum for theoretically informed high quality publications on all aspects of public international law including the international relations law of the European Union The Finnish Yearbook publishes in depth articles and shorter notes commentaries on current developments book reviews and relevant overviews of Finland's state practice While firmly grounded in traditional legal scholarship it is open for new approaches to international law and for work of an interdisciplinary nature The Finnish Yearbook is published for the Finnish Society of International Law by Hart Publishing Earlier volumes may be obtained from Martinus Nijhoff an imprint of Brill Publishers *Minority Rights and Social Change* Kyriaki Topidi, Eugenia Relaño Pastor, 2024-09-19 Minority movements tirelessly continue to engage in the process of social change trying to promote and enforce minority protection norms and to have their world views cultural practices and norms recognized by the state Through an examination of selected cases this book problematizes how collective identities are not structurally guaranteed but rather constructed in dialectically interrelated positions and identity layers The authors show the kind of impact that these processes can or fail to have on minority norms actors and strategies Going beyond abstract normative principles this collection reflects both Global North as well as Global South perspectives and examines through a variety of angles the role that race and ethnicity culture or religion play within social mobilization towards social change The volume offers global insight on actor and strategy attempts to foster social change through the instrumental use and interpretation of minority rights as norms This book will be of interest to those researching minority rights broadly understood within the disciplines of law anthropology sociology and political science Self-Determination and Secession in International Law Christian Walter, Antje von Ungern-Sternberg, Kavus Abushov, 2014-06-05 Peoples and minorities in many parts of the world assert a right to self determination autonomy and even secession from a state which naturally conflicts with that state's sovereignty and territorial integrity The right of a people to self determination and secession has existed as a concept within international law since the American Declaration of Independence in 1776 but the exact definition of these concepts and the conditions required for their application remain unclear The Advisory Opinion of the International Court of Justice concerning the Declaration of Independency of Kosovo 2010 which held that the Kosovo declaration of independence

was not in violation of international law has only led to further questions This book takes four conflicts in the post Soviet Commonwealth of Independent States CIS as a starting point for examining the current state of the law of self determination and secession Four entities Transnistria Moldova South Ossetia Abkhazia both Georgia and Nagorno Karabakh Azerbaijan claim to be entitled not only to self determination but also to secession from their mother state For this entitlement they rely on historic affiliations and on charges of discrimination and massive human rights violations committed by their mother state This book sets out its analysis of these critical issue in three parts providing a detailed understanding of the principles of international law on which they rely The first part sets out the contours and meaning of self determination and secession including an overall assessment of secession within the Commonwealth of Independent States The second section provides case studies investigating the events in Transnistria South Ossetia Abkhazia and Nagorno Karabach in greater detail The third and final section extends the scope of the examination providing a comparative analysis of similar conflicts involving questions of self determination and secession in Kosovo Western Sahara and Eritrea

European Integration and the Nationalities Question John McGarry, Michael Keating, 2006-09-27 A highly topical examination of the effect of European integration on relations between states and minority nations This new collection brings together the leading specialists in the field and covers a wide range of cases from Northern Ireland in the West to Estonia and Latvia in the East and Cyprus in the South East The contributors assess how European integration has affected the preparedness of states to accommodate minorities across a range of fundamental criteria including enhanced rights protection autonomy the provision of a voice for minorities in the European and international arena and the promotion of cross border cooperation among communities dissected by state frontiers The comprehensive chapters stress the importance of the nationality question and the fact that contrary to the hopes and beliefs of many on the left and right it is not going to go away Beginning with an introductory essay that summarizes the impact of European integration on the nationalities question this accessible book will be of strong interest to scholars and researchers of politics nationalism ethnic conflict and European studies

Kurds in Turkey Lucie Drechselová, Adnan Çelik, 2019-06-27 Kurds in Turkey Ethnographies of Heterogeneous Experiences is the newest contribution to the burgeoning Kurdish Studies literature The edited volume unites eight junior scholars who offer ethnographic studies based on their latest research The chapters are clustered around four main headings women s participation paramilitary space and infrapolitics of resistance Each heading assembles two chapters which are in dialog with each other and offer complementary and at times competing perspectives All four headings correspond to the emerging domains of research in Kurdish studies Authors share a micro level focus and take extensive field work as the basis of their argument In the wake of massive urban destructions and renewed warfare in the Kurdish region in Turkey this volume also stakes a stance against the memoricide of the Kurdish municipal experience and cultural production

The Symbolic State Karlo Basta, 2021-11-15 The nation state is a double sleight of hand naturalizing both the nation and the state encompassing

it No such naturalization is possible in multinational states To explain why these countries experience political crises that bring their very existence into question standard accounts point to conflicts over resources security and power This book turns the spotlight on institutional symbolism When minority nations in multinational states press for more self government they are not only looking to protect their interests They are asking to be recognized as political communities in their own right Yet satisfying their demands for recognition threatens to provoke a reaction from members of majority nations who see such changes as a symbolic repudiation of their own vision of politics Secessionist crises flare up when majority backlash reverses symbolic concessions to minority nations Through a synoptic historical sweep of Canada Spain Yugoslavia and Czechoslovakia *The Symbolic State* shows us that institutions may be more important for what they mean than for what they do A major contribution to the study of comparative nationalism and secession comparative politics and social theory *The Symbolic State* is particularly timely in an era when the power of symbols exemplified by Brexit the Donald Trump presidency and the rise of the Black Lives Matter movement is reshaping politics

The Protection of Minorities in the Wider Europe M. Weller, D. Blacklock, K. Nobbs, 2008-09-30 This book examines whether we are moving towards an integrated regional system of legal provision for minorities It illustrates the tension between newer member states many of which have an interest in seeing minority issues addressed and established members which remain hesitant in committing themselves fully to a minority rights regime

Negotiating Self-determination Hurst Hannum, Eileen Babbitt, 2006-01-01 *Negotiating Self Determination* takes an in depth look at what an understanding of conflict analysis can bring to the field of international law and the impact that international legal norms could potentially have on the work of conflict resolvers in self determination conflicts

Europeanization and Minority Political Agency Zsuzsa Csergő, Ada-Charlotte Regelman, 2018-09-11 Zsuzsa Csergő is Associate Professor and Head of the Political Studies Department at Queen's University in Canada She is also the President of the Association for the Study of Nationalities ASN Her research addresses questions of nationalism democratization and the influence of EU integration on state minority relations in post Cold War Europe Ada Charlotte Regelman is a Project Manager at Rosa Luxemburg Stiftung focusing on the social inclusion of marginalised groups in European societies Previously she was a lecturer at Queen's University Belfast UK and Maynooth University Ireland Her research explores the impact of Europeanisation on nation state building and social integration in post communist Europe

Unsettled Legitimacy Steven Bernstein, William D. Coleman, 2010-07-01 Under what conditions do individuals and communities accept globalized decision making as legitimate And what political practices do individuals and collectivities under globalization use to exercise autonomy To answer these questions the contributors explore the disruptions and reconfigurations of political authority that accompany globalization Arguing that we live in an era in which political legitimacy at multiple scales of authority is under strain they show that globalization has also created demands for regulation security and the protection of rights and expressions of individual and collective autonomy

Populism,

Memory and Minority Rights Anna-Mária Bíró, 2018-11-26 Populism Memory and Minority Rights is the flagship publication of the Tom Lantos Institute TLI a highly regarded international human rights institute based in Budapest Hungary The publication provides a forum for discussion on crucial themes of global and regional importance on the accommodation of ethno cultural diversity and related normative developments It introduces TLI s work in terms of its mandated issue areas including Roma rights and citizenship Jewish life and antisemitism and Hungarian and other national minorities The theoretical and empirical studies commentaries interviews reports and other documents offer a unique source of information for libraries research institutes civil society actors governments intergovernmental organizations and all those interested in contemporary normative trends and debates in international minority protection *Devising an Adequate System of Minority Protection* Kristin Henrard, 2000-07-19 2 Article 16 ECHR **Migrants and Minorities in the**

Community European Network of Training Organisations for Local and Regional Authorities. Seminar, Standing Conference of Local and Regional Authorities of Europe, 1997-01-01 Se estudian principalmente dos temas el papel del gobierno local y regional en la planificación y la política dirigida a las comunidades con inmigrantes y minorías étnicas Los gobiernos locales y regionales deben prestar todo su apoyo para facilitar la integración en la vida cotidiana de estos grupos en la comunidad 08

Southeast Asian Tribes, Minorities, and Nations, Volume 2 Peter Kunstadter, 2017-03-14 A major source of political instability in Southeast Asia has been ethnic diversity and the lack of congruence between ethnic distributions and national boundaries Here twenty specialists base their papers largely on original field work in Burma China India Laos Malaysia Thailand and Vietnam Contrary to the usual picture of tribal people as isolated homogeneous stable and conservative the papers show tribesmen are often a dynamic force in the modern history of Southeast Asian states Descriptions of tribal life and government programs together with charts tables maps and photographs give a wealth of data Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Whispering the Techniques of Language: An Mental Quest through **Minorities Claims From Autonomy To Se**

In a digitally-driven earth where screens reign great and quick transmission drowns out the subtleties of language, the profound strategies and mental nuances concealed within phrases often get unheard. However, located within the pages of **Minorities Claims From Autonomy To Se** a fascinating literary prize blinking with natural feelings, lies an extraordinary quest waiting to be undertaken. Composed by a talented wordsmith, that enchanting opus encourages readers on an introspective trip, lightly unraveling the veiled truths and profound influence resonating within the fabric of each and every word. Within the emotional depths of this emotional evaluation, we can embark upon a genuine exploration of the book is core subjects, dissect their captivating publishing style, and yield to the strong resonance it evokes serious within the recesses of readers hearts.
