

MINUTES OF THE 43RD ANNUAL GENERAL MEETING

Held on Friday, 23rd September, 1949, at The University, Reading.

The President, Sir John Lennard-Jones, F.R.S., was in the Chair.

1. The Minutes of the 42nd Annual General Meeting were taken as read and were confirmed.

2. ANNUAL REPORT AND STATEMENT OF ACCOUNTS.

In presenting the Annual Report for the year 1948 (Session 1948-49), the President referred to the great increase in the volume of publications. This showed the increasing importance of the Society, but with the additional cost of printing it had had serious repercussions on the financial side. Members were now receiving the monthly issues of the *Transactions* and two Discussion numbers a year at a cost to the Society of approximately 50s., apart from administration expenses, although their subscription had been maintained at 40s. Council had therefore, after long consideration, very reluctantly been compelled to recommend an increase in the annual subscription as from January 1950.

MEMBERSHIP. Fortunately there had been a substantial increase in membership. At the end of 1948 the total membership was 1783, and one could confidently anticipate that the 2000 mark would be reached at the end of 1949. There had also been a gratifying increase in the number of Junior Members, and the Society might justifiably feel that it was taking a great part in bringing to the attention of young scientists recent advances in physical chemistry.

The Hon. Treasurer was then asked to present his accounts for 1948.

FINANCE. In proposing the adoption of the Accounts, Dr. Slade drew the attention of Members to the fact that during the war it had not been possible to print all the papers received, and money had been saved. At the beginning of 1948 about £4500 was available for the cost of printing the back lag of accumulated papers. During 1948 this sum, together with an additional £75, had been spent for this purpose. Expenditure had been particularly heavy because the 1948 Accounts included the cost of printing the Reports of two General Discussions which had been held in 1947.

He was glad that it had been possible to delay increasing the Society's subscriptions for so long, but it was now inevitable. Some help in meeting the increased costs of publication had been received from the Chemical Council's fund for scientific societies, and he hoped that more would be forthcoming.

The Annual Report and Statement of Accounts were then unanimously adopted.

3. ELECTION OF COUNCIL.

The Officers and Members of Council were elected to take office on the 1st of October as follows :—
