The Miracle Play of Hasan and Husain Sir Lewis Pelly,Arthur Naylor Wollaston,1879 **Raining over Havana** Julio Travieso Serrano,2016-09-29 Without any doubt Raining over Havana by Julio Travieso Serrano is a faithful portrait of Cuban life in the 1990 s Here we may find characters who move on the margins of Havana society prostitutes pimps procurers all of them marked by pain and despair but at the same time full of love passion humor and irony and always fighting to subsist Their existential conflicts and psychology have been carefully delineated by the author Havana dirty chaotic but always beautiful impregnated by magic and mystery could well be the main character of this novel that will definitely entrap readers because from its initial pages they will want to know whether pain or love life or death triumphs **Madness, Medicine and Miracle in Twelfth-Century England** Claire Trenery,2019-02-12 This book explores how madness was defined and diagnosed as a condition of the mind in the Middle Ages and what effects it was thought to have on the bodies minds and souls of sufferers Madness is examined through narratives of miraculous punishment and healing that were recorded at the shrines of saints This study focuses on the twelfth century which has been identified as a Medieval Renaissance a time of cultural and intellectual change that saw among other things the circulation of new medical treatises that brought with them a wealth of new ideas about illness and health With the expanding authority of the Roman Church and the tightening of papal

control over canonisation procedures in this period historians have claimed that there was a rationalisation of the miraculous. In miracle records illnesses were explained using newly accessible humoral theories rather than attributed to divine and demonic forces as they had been previously. The first book length study of madness in medieval religion and medicine to be published since 1992 this book challenges these claims and reveals something of the limitations of the so called medicalisation of the miraculous. Throughout the twelfth century demons continue to lurk in miracle records relating to one condition in particular madness. Five case studies of miracle collections compiled between 1070 and 1220 reveal that hagiographical representations of madness were heavily influenced by the individual circumstances of their recording and yet were shaped as much by hagiographical patterns that had been developing throughout the twelfth century as they were by new medical and theological standards.

Considering Alan Ball Thomas Fahy, 2014-11-01 Academy Award winning screenwriter of the film *American Beauty* and creator of the HBO series *Six Feet Under* Alan Ball has consistently probed the cultural forces shaping gender sexuality and death in the United States. Through gritty dialogue and edgy humor Ball centers much of his social critique on the illusory promises of the American Dream. For many of his characters a belief in the American Dream including idealized notions of the family heterosexual norms and the acceptance of prescribed gender roles proves stifling and self destructive. This is the first book to explore Ball's writings for theater television and film with an emphasis on his best known work. These essays offer insight into both the captivating and problematic dimensions of Ball's work while drawing connections among his diverse writings. An interview with Ball is included.
