THE TRUTH OF THE ORIGIN OF THE UNIVERSE Sabrie Soloman, 2024-06-12 In a world filled with scientific explanations and theories it can be easy to lose sight of the ultimate truth of our existence The truth is that the universe with all its intricate complexities did not come into being by mere chance or a random explosion It was carefully designed and orchestrated by a higher power a Creator who holds everything together When we look up at the night sky and see the countless stars and galaxies stretching out into infinity we cannot help but be in awe of the sheer magnitude and beauty of it all The heavens declare the glory of God as it says in the Bible and remind us of the greatness of the one who made it all The theory of the Big Bang which posits that the universe began as a singular point and expanded over billions of years is a flawed explanation for the origin of the universe It fails to account for the intricate design and order that we see in the cosmos as well as the existence of life on earth The marvel of our planet Earth with its perfect conditions for sustaining life points to a Creator who had a purpose and a plan in mind when he made it The countless galaxies and stars that we observe in the universe are a testament to the power and creativity of God They show us that we are part of a vast and wondrous creation one that was made by an intelligent designer who had a vision for it all The theory of evolution put forth by Charles Darwin is another flawed explanation for the diversity of life on earth It fails to explain the intricate complexities of living organisms and their unique design as well as the existence of the human soul It is clear that we are not the product of blind chance or random mutations but rather the handiwork of a loving and powerful Creator The truth of the origin of the universe points to a Creator who holds everything together and has a purpose and a plan for it all God stretches out the heavens and allows light to reach us here on earth showing us his care and provision for his creation We are not the product of random chance or blind evolution but rather the cherished creation of a loving God who made us in his image Let us never forget the marvel and wonder of the universe and the greatness of the one who made it all

He tries anything to the body but he can't touch the soul. That's why I keep my body under subjection. I learned his tactics over the years. We have to watch those spirits and rebuke them as Jesus did. When he taught the disciples it was a spiritual teaching in the flesh that's how they understood spiritual things. With Paul the teaching from the beginning was spiritual in the Spirit. He understood spiritual things spiritually. He understood the spiritual connotations of life and godliness. Jesus taught the disciples. Christ taught Paul. He learned spiritual things spiritually where he applied everything natural to God and the Word. Jesus taught the disciples how to apply spiritual things to the natural understanding. With Paul he lost sight of the world that he saw only Jesus. No one with him at the time of his conversion saw Jesus Christ but they heard

someone speaking Paul saw and heard in Christ we see him and hear him In the church without the Holy Ghost we only hear the Word but is never able to see or understand what he is saying until we receive all of him He is the Word lived We are living souls that also live in the body that need the Word spoken that the Holy Ghost hears and make us alive again We become lively stones we hear and obey the Word because the Spirit makes it alive to us Better get a deeper perspective
