The Nature Miracles of Jesus Graham H. Twelftree,2017-09-06 The nature miracle stories of Jesus walking on the water or feeding thousands with a small amount of food for example are so spectacular that many find them a problem whether historical philosophical or even theological This is the first book to tackle this problem head on Do the stories reflect events in the life of the historical Jesus or are they myths or legends Or perhaps they grew out of parables or from more ordinary events into the incredible stories we now have Or again perhaps this the wrong approach A group of high ranking biblical historians philosophers and theologians with very diverse views set out to provide possible answers Contributors include James Crossley Eric Eve Craig S Keener Michael Levine Timothy J McGrew Scot McKnight Graham H Twelftree Ruben Zimmermann Unseen Wonders J. K. Hutchison,2016-09-12 My intention for this book is to take the reader with me on a journey to see the beauty surrounding us that we never take the time to see If I can take your mind off your troubles for an hour or two and maybe even make you chuckle then the book and I have both served our purpose The best times of my life have been spent standing on a mountaintop marveling at a field of wildflowers or sitting by a stream while listening to the bugle of a bull elk I have been blessed to live in one of the most beautiful places I have ever known Colorado As a photographer in Colorado I have the opportunity to take my best picture ever around every corner I can t help but look at this picture and wonder where my journey will lead me What s on the other side of that hill All I know when I start out is that there s a wonderful story around every turn that I can t wait to experience I love to let my imagination run wild and go wherever it will Please come with me now on a journey into my world The Miracles of Nature Religious Pamphlets ,1915
