MIROIR AUX ANDROGYNES

Miroir Aux Androgynes

Sandra L. Beckett

Miroir Aux Androgynes:

Nonbinary Gender Identities Charlie McNabb, 2017-12-08 Nonbinary gender identities are those that fall outside the traditional binary of man and woman. These include genderfluid, androgynous, genderqueer, and a multitude of other identity terms, some of which overlap. Although there have always been people who identify outside the gender binary, only recently have they gained popular media attention. Despite some visibility, however, nonbinary gender identities are poorly understood by the general public. It is critically important for gender minorities to find themselves in the media that they consume. Just as important is the need for those outside the minority community to understand and appreciate them. Nonbinary gender identities are represented in books and other media, but these resources prove difficult to locate as classification vocabulary doesn't evolve as quickly as community language. Reference sources identified include archives and special collections, theses and dissertations, key journals, and related organizations and associations. This timely resource, the first reference on nonbinary gender identities, offers an accessible entry into researching this topic. Written by a nonbinary scholar and librarian, this guide includes valuable appendixes that will aid every researcher and writer: a glossary of the rich vocabulary emerging from nonbinary communities, a guide to pronoun usage, a primer on sex, sexuality, and gender, and Library of Congress Classification information.

The Androgyne in Early Modern France Marian Rothstein, 2015-09-16 Based on sources in Genesis and Plato's Symposium, the androgyne during Early Modern France was a means of expressing the full potential of humans made in the image of God. This book documents and comments on the range of references to the androgyne in the writings of poets, philosophers, courtiers, and women in positions of political power.

Towards a Dialogic Anglistics Werner Delanoy, Jörg Helbig, Allan James, 2007 When one looks at the history of English Studies, there has been a noticeable proliferation of research interests since the 1970s. As a result of such development, attempts have been made to create a new basis for communication and cooperation inside Anglistics and across disciplines. Making a case for a Dialogic Anglistics is such an attempt. A Dialogic Anglistics is based on a normative concept of dialogue aiming for egalitarian forms of cooperation both inside between and across disciplines, leading to the redefinition of old and creation of manifold new directions for English Studies. In the nineteen articles presented in this volume, dialogic encounters are encouraged both within and between different fields within Anglistics. Furthermore, dialogic links are created with colleagues from other academic disciplines.

Les voies de Narcisse, ou, Le problème du miroir chez Michel Tournier Eeva Lehtovuori, 1995 English abstract. Reflections of Narcissus.

La Plume Androgyne D'Angeline Solange Bonono Raymond Mbassi Ateba, 2009 Essai Scientifique de l'année 2009 dans le domaine Français. Littérature. Oeuvres. Note: keine Universitäre.
