And one of the founders of Hallomas a back to the land community that has survived in northern California since the late 1970s reflects on that unique community's birth and life with 13 photographs and illustrations. The book also bears witness to a life-changing encounter and dialogue between second wave feminists from the woman's land collective of Arcadia and third wave feminists. You'll also learn about the birth joys and tribulations of an online community that becomes physical each year at the Michigan Womyn's Music Festival, the accidental birth of a lesbian community in isolated and fundamentalist dominated West Texas, the international online lesbian parenting community called MOMS affectionately known as Dykes and Tykes, how it began, what belonging to this community provides for its members, and a look toward the future, the debate on inclusiveness versus exclusiveness of bisexual women, transgender people, and the male children of lesbians in lesbian communities, the current decline of availability and dilution of the purity of lesbian-only space, and the rise of segregation by social class and financial status and oppression within the lesbian community, the current plight of lesbian bookstores which since the 1970s have served not only as gateways to a multitude of lesbian communities but as the centers of lesbian communities themselves, the online experience of lesbians searching for community in Japan, the issues facing Jewish lesbians, and the formation of Nice Jewish Girls, a Montreal group for anyone who identifies as a lesbian, bisexual, or queer woman and their non-Jewish partners and friends, the power of myth and mythmaking to help women regain lost strength and reclaim lost history. From the efforts of back to the land groups creating wimmin's space to life in modern residential retirement settings, this book explores the places created by and for lesbians. Photos and illustrations bring these women and their communities to life. Lesbian Communities, Festivals, RVs, and the Internet with *Congo's Dancers* Lesley Nicole Braun, 2023-01-24. Dance music plays a central role in the cultural, social, religious, and family lives of the people of the Democratic Republic of the Congo. Among the various genres popular in the capital city of Kinshasa, Congolese rumba occupies a special place and can be counted as one of the DRC's most well-known cultural exports. The public image of rumba was historically dominated by male bandleaders, singers, and musicians. However, with the introduction of the danseuse, professional concert dancer, in the late 1970s, the role of women as cultural, moral, and economic actors came into public prominence and helped further raise Congolese rumba's international profile. In *Congo's Dancers*, Lesley Nicole Braun uses the prism of the Congolese danseuse to examine the politics of control and the ways in which notions of visibility, virtue, and socio-economic opportunity are interlinked in this urban African context. The work of the danseuse highlights the fact that public visibility is necessary to build the social networks required for economic independence, even as this visibility invites social opprobrium for women. The concert dancer therefore exemplifies many of the challenges that women face in Kinshasa as they navigate the public sphere, and she illustrates the gendered differences of local patronage politics that shape public morality. As an ethnographer, Braun had unusual access to the world she documents, having been invited to participate as a

analysis that sheds new light on the fields of psychoanalysis and dance and looks to what this can tell us about and the possibilities for both practices concluding that psychoanalysis and dance both offer processes that open possibilities that might otherwise seem impossible This original analysis will be of particular interest to those working in the fields of psychoanalysis aesthetics psychoanalytic theory critical theory art therapy and dance studies **The Family Silver** Susan Krieger,1996-10-21 A magnificent read a profoundly personal narrative The Family Silver is on the cutting edge of feminist scholarship Verta Taylor coeditor of Feminist Frontiers Just as Krieger's The Mirror Dance was the first to describe the lesbian community The Family Silver is the first book to blend the personal familial relational professional and political roles of lesbians in today's society I loved reading it Esther Rothblum editor of Journal of Lesbian Studies **Come, Let Me Guide You** Susan Krieger,2015-07-15 Come Let Me Guide You explores the intimate communication between author Susan Krieger and her guide dog Teela over the 10 year span of their working life together This is a book about being led by a dog to new places in the world and new places in the self a book about facing life's challenges outwardly and within and about reading those clues those deeply felt signals that can help guide the way It is also more broadly about the importance of intimate connection in human animal relationships academic work and personal life In her previous book Traveling Blind Adventures in Vision with a Guide Dog by My Side Krieger focused on her first two years with Teela her lively Golden Retriever Yellow Labrador Come Let Me Guide You continues the narrative beginning at the moment the author must confront Teela's retirement and then reflecting on the span of their relationship These emotionally moving stories offer the reader personal entrance into a life of increasing pleasure and insight as Krieger describes how her relationship with her guide dog has had far reaching effects not only on her abilities to navigate the world while blind but also on her writing and teaching her ability to face loss and her sense of self Come Let Me Guide You is an invaluable contribution to the literature on human animal communication and on the guide dog human experience as well as to disability and feminist ethnographic studies It shows how a relationship with a guide dog is unique among bonds for it rests upon highly regulated connections yet touches deep emotional chords For Krieger those chords have resulted in these memorable stories often humorous and playful always instructive and generative of broader insight **Journeys Through Ethnography** Annette Lareau,Jeffrey Shultz,2018-10-08 Learning how to carry out research projects using participant observation and in depth interviews has become a priority for scholars in a wide range of fields including anthropology sociology education social work nursing and psychology This book a collection of well known fieldwork accounts covering the qualitative research process aims to help undergraduate students graduate students and scholars in the social sciences understand common problems in the research process and learn strategies for resolving them Unlike methods books that treat research issues in a superficial or prescriptive fashion this book realistically portrays through researchers own accounts the process of discovery and resolution of conflicts involved in fieldwork It also shows the costs involved in the choice of solutions Students and seasoned scholars

Cultural Politics and Political Culture in Postmodern Europe J. Peter Burgess, 1997 The present volume assembles essays from a broad cultural and professional spectrum around the question of European cultural identity The heterogeneity of the contributors their differing points of departure and methods attests to a

tension in intellectual communities which today is more intense than ever Europe's identity crisis is not merely an empirical matter. It reflects a far deeper and far older discursive crisis. The mandate of Europe's traditional intellectual institutions to preserve and police their own cultural heritage has proved incapable of evolving in a manner sufficient to account for the mutation in its object: European culture. It is not merely that Europe's identity like any identity in the flux of history has changed. Rather, the notion of identity, the very basis of any questions of who we are, where we are going, and the appropriate political forms and social institutions for further existence, all rely on a logic of identity which has at best become extremely problematic. It is this problematization which provides the common thread unifying the following essays. Each contributor in his/her own way and with respect to his/her own research object confronts the adequacy of the concept of cultural identity. The hidden presuppositions of this concept are indeed remarkable, and the logic of cultural identity prescribes that they remain undisclosed.

Blackening Europe Heike Raphael-Hernandez, 2012-11-12 Traditional scholars have often looked at African American studies through the lens of European theories, resulting in the secondarization of the

African American presence in Europe and its contributions to European culture Blackening Europe reverses this pattern by using African American culture as the starting point for a discussion of its influences over traditional European structures Evidence of Europe's blackening abound from French ministers of Hip hop and British incarnations of Shaft to slavery memorial in the Netherlands and German youth sporting dreadlocks Collecting essays by scholars from both sides of the Atlantic and fields as diverse as history literature politics social studies art film and music Blackening Europe explores the implications of these cultural hybrids and extends the growing dialogues about Europe's fascination with African America
