A Dictionary of Hymnology, Setting Forth the Origin and History of Christian Hymns of All Ages and Nations John Julian, 1907      Christ--The Original Matrix Timothy D. Carroll, 2020-10-02 In this book Timothy D Carroll unveils God as the source of being and integrating all the components of life demonstrating the essential connection points within humanity's relationship to the divine as portrayed within a matrix Presenting God as the universal Father of humanity he explains the significance of both the divine logos where God is seen face to face with himself and the humanity of the divine Timothy does this all while keeping the reader mindful of his own origin identity and destiny The unique blending of the spiritual and the theological makes this book profoundly accessible to both the young in faith and those who are mature from the idea of a spiritual matrix to insights into the doctrine of hell while closing the book with his own ninety five theses on universal reconciliation and love      A Dictionary of Hymnology, Setting Forth the Origin and History of Christian Hymns of All Ages and Nations. **The Christian Mirror, and Other Sermons** James Martin (Baptist Minister.), 1878      *Theo-Logic, Vol. 1* Hans Urs von Balthasar, 2000-01-01 Theo Logic is the third and crowning part of the great trilogy of the masterwork of theologian Hans Urs von Balthasar following his first two parts The Glory of the Lord and Theo Drama This is the third volume of Theo Logic Theo Logic is a variation of theology it being about not so much what man says about God but what God speaks about himself Balthasar does not address the truth about God until he first reflects on the beauty of God The Glory of the Lord Then he follows with his reflections on the great drama of our salvation and the goodness and mercy of the God who saves us Theo Drama Now in this work he is ready to reflect on the truth that God reveals about himself which is not something abstract or theoretical but rather the concrete and mysterious richness of God's being as a personal and loving God      *The Mirror* Sabine Melchoir-Bonnet, 2014-06-03 This engaging and witty cultural history traces the evolution of the mirror from antiquity to the present day illustrating its journey from wondrous object to ordinary trinket With its earliest invention the mirror allowed us to gaze upon ourselves bestowing a power both fascinating and terrifying      **Inward Purity and Outward Splendour** Judith Middleton-Stewart, 2001 A record of material and spiritual gifts to churches compiled from 3000 wills made over 180 years Reads like a medieval detective story A splendid book should be treated as a companion volume to The Stripping of the Altars JULIAN LITTEN CHURCH TIMES In the late medieval churches of the former deanery of Dunwich there are many features which were provided by testamentary gifts this study of three thousand wills from fifty two Suffolk parishes written between 1370 and 1547 records such material and spiritual bequests Many purchased prayer the prayers of the poor being particularly sought vital for the swift passage of the soul through Purgatory other testators left instructions for the acquisition of liturgical books church plate and embroidered vestments Gifts and outright donations also provided stained glass seven sacrament fonts and rood screens which have survived The wills give no hint of the destruction that was

to come a medieval chancel with vacant niches and whitewashed walls says more than the wills are prepared to tell but the pennies and shillings which had helped towards building expenses in this coastal district of East Anglia produced at least two of the finest parish churches in the country within a few decades of the Reformation The late JUDITH MIDDLETON STEWART was a tutor for the Board of Continuing Education for the universities of Cambridge and East Anglia **A Dictionary of Hymnology** John Julian,1892 **Lectures on New Testament Theology** Ferdinand Christian Baur,2016 A translation of F C Baur s Vorlesungen uber neutestamentliche Theologie 1864 This work which has never before been published in English discusses key concepts in the study of the New Testament written by the author to accompany his lectures as Professor of Theology at the University of Tübingen *The Bible for Home and School: 1. **Encyclopedia of Comparative Iconography** Helene E. Roberts,2013-09-05 First published in 1998 Routledge is an imprint of Taylor Francis an informa company *The Theological Intentions of Mark's Literary Devices* Dean B. Deppe,2015-10-22 What sets *The Theological Intentions of Mark's Literary Devices* apart from other books What niche does it fill that makes its publication important This volume will interest all those who value a literary approach to the Gospel of Mark Dean Deppe introduces some new literary devices in the research of the Gospel of Mark as well as demonstrates the theological intentions of Mark when he employs these literary devices Deppe argues that Mark employs the literary devices of intercalation framework allusionary repetitions narrative surprises and three types of mirroring to indicate where he speaks symbolically and metaphorically at two levels Mark employs these literary devices not just for dramatic tension and irony but also for theological reasons to apply the Jesus tradition to specific problems in his own day *The Splendour of Doctrine* Aidan Nichols OP,2011-12-22 The new Catechism of the Catholic Church the first since the Council of Trent four centuries ago will play a major part in shaping the consciousness of Roman Catholic Christians of the foreseeable future Not only will it remain the foundational text for teaching Catholic doctrine for years to come but it successfully consolidates the achievements of the Second Vatican Council and presents the definitive modern synthesis of the Church s ever living Tradition Aidan Nichol s study introduces the reader to the doctrinal teaching of this massive text of almost three thousand clauses Commenting on the vital first part of the Catechism section by section he succeeds in highlighting its principal themes while drawing attention to the significance of the way they have been handled More sympathetic to the intentions of the Catechism s authors than some other recent commentators Nichols is sensitive to the nuances of this magisterial text and its immense theological import **Meaning and Truth in Second Corinthians** Frances M. Young,David F. Ford,2008-02-01 This new and refreshing approach to 2 Corinthians shows how exegesis of the New Testament writing can issue in theology that is relevant to today Beginning with an account of the essential thrust of the text the authors argue for the unity of the letter setting it against both its Jewish and Hellenistic backgrounds and examining questions of meaning and reference in the interpretation of particular passages They then consider how the text can be illuminated by the modern

study of hermeneutics as well as by new sociological approaches The whole study reaches its climax with an assessment of Paul's authority then and now and the importance of what he says about God To conclude the authors provide their own vivid and compelling translation of Paul's words inviting a complete rereading of the letter in the light of all that has gone before

Humanity in God's Image Claudia Welz, 2016-08-18 How can we in our times understand the biblical concept that human beings have been created in the image of an invisible God This is a perennial but increasingly pressing question that lies at the heart of theological anthropology Humanity in God's Image An Interdisciplinary Exploration clarifies the meaning of this concept traces different Jewish and Christian interpretations of being created in God's image and reconsiders the significance of the imago Dei in a post-Holocaust context As normative counterfactual notions human dignity and the imago Dei challenge us to see more Claudia Welz offers an interdisciplinary exploration of theological and ethical visions of the invisible By analysing poetry and art Welz exemplifies human self-understanding in the interface between the visual and the linguistic The content of the imago Dei cannot be defined apart from the image carrier an embodied creature Compared to verbal visual and mental images how does this creature as a living image refer to God like a metaphor a mimetic mirror or an elusive trace Combining hermeneutical and phenomenological perspectives with philosophy of religion and philosophy of language semiotics art history and literary studies Welz regards the imago Dei as a complex sign that is at once iconic indexical and symbolical pointing beyond itself
