Mirrors In The Cliffs The Games Climbers Play Volume Ii:

Mountaineering and British Romanticism Simon Bainbridge, 2020 This volume argues that mountaineering developed as a pursuit in Britain during the Romantic era earlier than is generally recognised and shows how writers including William and Dorothy Wordsworth Ann Radcliffe Samuel Taylor Coleridge John Keats and Walter Scott were central to the activity's evolution

NOLS Wilderness Mountaineering Phil Powers, 2008-12-18 This updated edition of the popular NOLS Wilderness Mountaineering reflects the most current practices equipment and risk management in mountain climbing

Mirrors in the Cliffs Jim Perrin, 1999 The editor has drawn from a wide range of subject matter covering an international spectrum of climbing activity While representing a modern outlook on the sport the best of the older writers is included

Reconnecting with John Muir Terry Gifford, 2010-01-25 Advancing for the first time the concept of post pastoral practice *Reconnecting with John Muir* springs from Terry Gifford's understanding of the great naturalist as an exemplar of integrated environmentally conscious knowing and writing Just as the discourses of science and the arts were closer in Muir's day in part arguably because of Muir it is time we learned from ecology to recognize how integrated our own lives are as readers students scholars teachers and writers When we defy the institutional separations purposely straying from narrow career tracks the activities of reading scholarship teaching and writing can inform each other in a holistic post pastoral professional practice Healing the separations of culture and nature represents the next way forward from the current crossroads in the now established field of ecocriticism The mountain environment provides a common ground for the diverse modes of engagement and mediation Gifford discusses By attempting to understand the meaning of Muir's assertion that going to the mountains is going home Gifford points us toward a practice of integrated reading scholarship teaching and writing that is adequate to our environmental crisis

Granite and Grace Michael P. Cohen, 2019-05-08 In *Granite and Grace* Michael Cohen reflects on a lifetime of climbing walking and pondering the granite in Yosemite National Park at Tuolumne Meadows This high country region of Yosemite is dominated by a young beautifully glaciated geological formation known as the Tuolumne Intrusive Suite It does not include familiar Yosemite icons like Half Dome yet geologists describe this granitic realm at over 8 000 feet as an iconic American landscape Drawing together the humanistic and scientific significance of the wild landscapes he traverses Michael uncovers relationships between people and places and meaning and substance rendering this text part memoir but also considerably more On the rock encounters by hand and foot open up a dialogue between the heart of a philosopher and the mind of a geologist Michael adds a literary softness to this hard landscape blending excursions with exposition and literature with science It is through his graceful representations that the geological becomes metaphorical while the science turns mythological This high country where in 1889 John Muir and Robert Underwood Johnson planned what would become Yosemite National Park is significant for cultural as well as natural reasons Discoursing on everything from Camus's *Myths of Sisyphus* to the poems of Gary

Snyder Michael adds depth to an already splendid landscape Premier early geologists such as François Matthes shaped the language of Yosemite's landscape Even though Yosemite has changed over half a century the rock has not As Michael explores the beauty and grace of his familiar towering vistas he demonstrates why of the many aspects of the world to which one might get attached the most secure is granite

Mountain, 1985 **The Canadian Alpine Journal**, 1980 **The Publishers Weekly**, 1999 **A Dream of White Horses** Edwin Drummond, 2014-12-12 The best climbing book I've ever read Lito Tejada Flores High Ed Drummond is one of the great characters of the British climbing scene An inspired climber and writer he made first ascents across the UK and wrote some of the most unusual articles in the mountaineering world In doing so he won two Keats prizes a National Poetry prize and created some of the country's most prized routes A climbing book like no other A Dream of White Horses mixes climbing tales with an intense personal story The first ascent of the Long Hope Route on St John's Head and a solo ascent of El Capitan's Nose sit alongside Drummond's eventful childhood and a string of failed relationships that took him to the edge of despair Political and social concerns appear as Drummond scales Nelson's Column in Trafalgar Square in an anti-apartheid protest and the Statue of Liberty in support of civil rights activists Told through essays poems and stories it is at times exciting frequently surreal and often deeply personal First published in 1987 A Dream of White Horses received a mixed reception reflecting the author's notoriety as a climber Disregarded by the more conservative publishing and mountaineering establishments it received rave reviews in the climbing press Love it or hate it the book is an undeniably fascinating read The most challenging disturbing and provocative piece of climbing literature I've ever read the consistent brilliance is astounding Stuart Peggall Climbing magazine *Philosophy, Risk and Adventure Sports* Mike J. McNamee, 2007-06-11 This book is a collection of papers examining philosophical perspectives of adventure sports and related concepts of risk danger death elation authenticity and wilderness written by well known academics with personal experience of these fascinating sports

Mountaineering Women David Mazel, 1994 Sixteen of their stories sometimes published under the name of a male relative sometimes under anonymous bylines such as a Lady are here recovered and collected for the first time **The Alpine Journal**, 1985 *Summit Magazine*, 1984 [Forthcoming Books](#) Rose Arny, 1999-04 **One Step in the Clouds** Audrey Salkeld, Rosie Smith, 1991 *High Endeavors* Pat Ament, 1991 Collection of pieces originally published in various sources between 1976 and 1991 events written about go back to the 60's
