Natural Language Generation G.A. Kempen, 2012-12-06 Proceedings of the NATO Advanced Research Workshop Nijmegen The Netherlands August 19-23 1986 **Unraveling Misconceptions** Nirmala Sharma, 2016-03-21 Both India and E.M. Forster have recently been discovered so to speak by the Columbuses of Western popular culture the makers of British films and television serials Mrs Sharma's interest in both these subjects is of much longer standing and is less interested in scenic details than in hard intellectual essences She has written a thoughtful and a thought provoking book about the author

of *A Passage to India* one which gives Forster full credit for his large minded tolerance but is uncompromising in pointing out where that tolerance fails and what are the shortcomings of the background which caused the failure Mrs Sharma's book might well be subtitled *The Limits of Liberalism* and she is especially illuminating when she traces the sources of this movement of nineteenth century thought and demonstrates how E M Forster both through his education and his family background was liberalism's disciple and inheritor. She shows moreover how the rational bias of the nineteenth century political and intellectual mind set kept Forster free of the usual English middle class prejudices regarding the so called inferior races and different cultures and how it armed him to oppose the emotionalism of the barely disguised race hatred displayed by most of the English who were ruling in India. Mrs Sharma agrees that Forster deserves much of his reputation as the man who exposed British hypocrisy regarding India and the Indians especially Muslim Indians. At the same time she demonstrates how Forster's total allegiance to the liberal creed of rationalism blinds him to the whole world of emotionalism and thus renders almost the whole of Hindu India a muddle to him. Forster is himself not entirely unaware of this limitation. He is after all the man who was capable of mustering only *Two Cheers for Democracy*. But he leaves the impression that the failure to understand India and to make a unity of things Indian is due to the gross size and complexity of the object to be studied and the narrow capabilities of the general Western mind. No Westerner Forster implies could ever hope to comprehend all the facets, contradictions, paradoxes and mysteries of the Sub Continent. Mrs Sharma will have none of this. She is well read in English and American literature and can show how what was closed to Forster was perfectly open to such Westerners as John Donne and Walt Whitman. The fault one begins to understand is not with the West but with Western liberalism and its obsessive fear of the irrational. Such a fear may indeed be shown to characterize Forster not only as a social critic but also as an artist. For instance one of the chapters of his own though provoking book *Aspects of the Novel* deals with what Forster calls a conflict between plot and character. Characters he recognizes when fully conceived sometimes have a way of taking on a life of their own so to speak and insist on behaving otherwise than the author had intended in his rationally coherent preconceived plot. Since the plot carries the intellectual substance of a Forster novel he advises novice writers the readers of *Aspects of the Novel* to put down these irrational rebellions of his characters with a firm repressive hand to make them do what they were intended to do. A different sort of writer one who trusted the irrational which Forster so feared might have decided that the rebellious character might be leading the author to a new truth one which the emotionalism of art as opposed to the rationalism of logic was capable of discovering. But not Forster and thus when returning to *A Passage to India* his Mrs Moore begins to understand what Forster with his liberal background has pre-decided it is beyond her capacity as a Westerner to understand. He packs her off to England and kills her. The Forster whom Mrs Sharma has discovered for us is almost as great a paradox as he perceives India to be. He is a consummate artist who does not trust his art. His is a good mind severely limited, a courageous mind when backed by rational thought but a timid soul when faced

by the irrational in others or even by the emotional in himself The Novels and Other Works of Lyof N. Tolstoï ...: The kingdom of God is within you. What is art? graf Leo Tolstoy,1907 *Body Politics in Contemporary Irish Women's Fiction* Ellen Scheible,2024-12-12 Exploring twentieth and twenty first century texts that wrestle with the Irish domestic interior as a sexualized and commodified space this book provides readings of the power and authority of the feminized body in Ireland Scheible dissects the ways that the woman as symbol remains consistent in Irish literary representations of national experience in Irish fiction and shows how this problematizes the role of women in Ireland by underscoring the oppression of sexuality and gender that characterized Irish culture during the twentieth century Examining works by Elizabeth Bowen Pamela Hinkson Emma Donoghue Tana French Sally Rooney and James Joyce this book demonstrates that the definition of Irish nationhood in our contemporary experience of capitalism and biopolitics is dependent on the intertwining and paradoxical tropes of a traditional yet equally sexual feminine identity which has been quelled by violence and reproduction
