study Gwendolyn D Pough explores the complex relationship between black women hip hop and feminism Examining a wide range of genres including rap music novels spoken word poetry hip hop cinema and hip hop soul music she traces the rhetoric of black women bringing wreck Pough demonstrates how influential women rappers such as Queen Latifah Missy Elliot and Lil Kim are building on the legacy of earlier generations of women from Sojourner Truth to sisters of the black power and civil rights movements to disrupt and break into the dominant patriarchal public sphere She discusses the ways in which today's young black women struggle against the stereotypical language of the past castrating black mother mammy sapphire and the present bitch ho chickenhead and shows how rap provides an avenue to tell their own life stories to construct their identities and to dismantle historical and contemporary negative representations of black womanhood Pough also looks at the ongoing public dialogue between male and female rappers about love and relationships explaining how the denigrating rhetoric used by men has been appropriated by black women rappers as a means to empowerment in their own lyrics The author concludes with a discussion of the pedagogical implications of rap music as well as of third wave and black feminism This fresh and thought provoking perspective on the complexities of hip hop urges young black women to harness the energy vitality and activist roots of hip hop culture and rap music to claim a public voice for themselves and to bring wreck on sexism and misogyny in mainstream society

Nonfictional Romantic Prose Steven P. Sondrup, Virgil Nemoianu, Gerald Gillespie, 2004 Nonfictional Romantic Prose Expanding Borders surveys a broad range of expository polemical and analytical literary forms that came into prominence during the last two decades of the eighteenth century and the first half of the nineteenth They stand in contrast to better known romantic fiction in that they endeavor to address the world of daily empirical experience rather than that of more explicitly self-referential fanciful creation Among them are genres that have since the nineteenth century come to characterize many aspects of modern life like the periodical or the psychological case study others flourished and enjoyed wide spread popularity during the nineteenth century but are much less well known today like the almanac and the diary Travel narratives pamphlets religious and theological texts familiar essays autobiographies literary critical and philosophical studies and discussions of the visual arts and music all had deep historical roots when appropriated by romantic writers but prospered in their hands and assumed distinctive contours indicative of the breadth of romantic thought SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison

by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age *Rhetorical Healing* Tamika L.

Carey, 2016-09-30 Since the Black women's literary renaissance ended nearly three decades ago a profitable and expansive market of self help books inspirational literature family friendly plays and films marketed to Black women has emerged Through messages of hope and responsibility the writers of these texts develop templates that tap into legacies of literacy as activism preaching techniques and narrative formulas to teach strategies for overcoming personal traumas or dilemmas and resuming one's quality of life Drawing upon Black vernacular culture as well as scholarship in rhetorical theory literacy studies Black feminism literary theory and cultural studies Tamika L Carey deftly traces discourses on healing within the writings and teachings of such figures as Oprah Winfrey Iyanla Vanzant T D Jakes and Tyler Perry revealing the arguments and curricula they rely on to engage Black women and guide them to an idealized conception of wellness As Carey demonstrates Black women's wellness campaigns indicate how African Americans use rhetorical education to solve social problems within their communities and the complex gender politics that are mass produced when these efforts are commercialized *The Mis-Education of Ruth* Charrisa T, 2017-08-03 Ruth faced a lot of adversity in her life but God's grace is so sufficient Even after adversity she was able to get up from that place and receive all that God had for her The main purpose for this book is to help women understand their true identity We are not our faults We are not our past We are not our flaws We are not the side of the tracks we come from We are not what hurt us We are not what or who left us We are

children of the Most High God We are who God created us to be Fear doubt our past flaws or mistakes can not hinder the blessings that are already assigned to us We are women with every day struggles walking forward to our destiny Since our father is a King we are Queens who wear our crowns with dignity and grace We know that we are because he is We are Ruth Readjusting our crowns after adversity and walking on purpose This is not just a statement This is a movement I am Ruth
